

TWO ORDINANCES TO GUARD LIFE

Mayor Canon introduced two ordinances at the regular session of the city council Tuesday evening as the result of accidents which have occurred in the city during the past few days, and in response to the demands of citizens. Both ordinances were adopted.

The first ordinance regulates the speed of locomotives and trains through the city making the maximum speed eight miles an hour. Heretofore trains have been running as high as 25 and 30 miles an hour.

The second ordinance was one making it unlawful to distribute patent medicine samples throughout the city. This ordinance followed the poisoning of two children last week who found samples of medicine left on the steps of their homes and ate it thinking it candy.

ELK YANNIGANS TO MEET REGULARS			
One of the feature athletic events of the Fourth of July will be the baseball game between the Elk Yannigans and the Regulars at 10 o'clock in the morning. Aside from the game itself, the proceeds will be used to further the interests of the Rogue River valley during the Elk convention in Portland. The money received will be used in furnishing the headquarters of the Medford lodge at Portland, and will be visited by thousands of people from all parts of the world. Every loyal citizen of Medford should step up and buy his ticket.			
The following well-known Elks and ball players will take part: Elk Yannigans—Butler, J. Shorty Miles, ss; Wilkinson, 1b; Doc Horton, 2b; Jack Gill, c; George Mager, lf; Art Burgess, cf; Mose Barkdull, rf; Bob Dow, p; Walt Dudley.			
Regulars—Ralph Burgess, 2b; Renstrum, c; Tumpy, p; Isaacs, cf; Antle, lf; Schultz, ss; Patton, 3b; Marshall, 1b; Broecker, rf.			
Umpire, Reames and Brous. Score, Withington.			
Grace La Rue and her husband, Byron Chandler, are in Paris looking for a new musical play.

DEBENGER GAP

Something doing at Antioch. A great interest is being manifested in the study of music, especially the young people. One of the young men of the Antioch community succeeded in organizing a class of over forty pupils, which is taught by Professor H. Isaac, recently from Chicago, now of Ashland. The course includes theory, ear training, sight reading, conducting, definition, voice and harmony. The very latest methods are being employed as taught in the leading musical institutions of Europe and America, under which students advance very rapidly. The class is conducted at the Antioch school house every Wednesday evening at 8 o'clock. A junior class is also being conducted. In teaching theory, the Pestalozzian method is used; in giving voice culture, the psycho-vowel method is used, and in teaching breathing the Shakespearean method is used as taught by William Shakespeare of London (the voice teacher, not the poet). Not only do we expect to understand the method now in use, but the Foutle-Sok-Fak method will be explained and taught. In order that the music students of the valley be fully informed in the two great methods in use all over the world, strangers and visitors interested in music are invited to visit the class and see the work or ask any question regarding music or the professor's ability in teaching. There is also a class at Sams Valley every Tuesday evening at 7:30 p. m. Both classes will compose a choir of 75 voices or more and will give its first concert which will demonstrate to the people the practical value of the work. Our teacher is a graduate of European and American music schools and has taught in some of the classical schools of the east and also directed the music in large assemblies throughout the country and will direct the chorus work at the Southern Oregon Chautauqua at Ashland this season. If you want to see us grow, Come and see. We are not so very slow. Come and see.

Come and see the corn and hay And the boys and girls so gay. Say, it's really the only way Just—come and see.

This place is lately full of music, Come and see. The boys and girls are frolic. Come and see.

If you want to be at a jolly place Where there's a smile on every face Come and join the musical race Anyway—come and see—the music school at Antioch.

Prof. H. Isaac spent Tuesday evening and Wednesday at the Debenzer Gap ranch visiting friends and reports having a very nice time.

Dr. Kirchgessner of the Riverdale ranch was a professional visitor at Gold Hill last Friday afternoon and again Monday.

Rex H. Lampman of Gold Hill is visiting in the Riverdale and Debenzer Gap country this week.

Mr. and Mrs. J. B. Hanna of Beagle were visitors at Central Point, Medford and Eagle Point last Thursday, Friday and Saturday.

EAGLE POINT EAGLETS

By A. C. Howlett

Last Saturday after I got through writing for the Mail Tribune I took a stroll around town for the same reason that dogs go to church, to see and to be seen, and while on my stroll, although it was rather a dull day and there seemed to be but few people in town, I noticed that there were six teams tied at the rack back of Geo. Brown & Son's store, so I went in there and found Mrs. Wilfred Jack and Mrs. Gorman, and while there Mr. Wood and wife. They have a homestead on the foothills northwest of Eagle Point and in a short time there were four lassies (that is a class of children between the girls and young ladies), so I decided that they were doing a fair business. I then went to Heath & Diamond's and there both were busy waiting on customers as fast as they could and there I found Mr. Gorman and Mrs. Quackenbush, and shortly Mrs. Jack and Mrs. Walter Henderson came in and I concluded that if I wanted to do any business with them I would have to come early in the morning or late at night.

Wilbur Jack came in later in the evening and while he was away from his team for a few moments they took fright and started to run. A man by the name of Fisher, I understand, was in the covered hack and when the horses started to run threw him out but did not hurt him seriously but turned the hack over and the top caused it to upright itself again. They did considerable damage to the hack and harness. Mr. Jack was bringing some hens to the Sunny Side to use on the fourth.

Miss M. A. Kaiser of Ashland, a sister of Ed Kaiser, formerly editor and publisher of the Valley Record, accompanied by Mrs. Van Vector were callers on Mrs. Howlett and the girls Saturday afternoon.

John McDonough who is working up above Lake creek, came down on business last Friday remaining at the Sunny Side until Sunday morning.

Sunday morning S. S. Aikin of Prospect came in to the Sunny Side and in the evening was joined by his daughter, Miss Frances and she was accompanied by Miss Mae Nealon of Table Rock. The next morning Mr. and Miss Aikin took the Prospect stage for their home near Prospect. Mr. Aikin has been engaged assessing the Sams Valley country and after he got through took a trip to California to visit relatives. His daughter Miss Frances has been attending the Oregon Agricultural college and is on her way to her old home.

While Miss Nealon was here she gave me some points with regard to the basket social at Table Rock which I mentioned in the Eaglelets last week. There was a fine turnout and they had a fine program. They always did attractive things was the singing—they had quartets, solos and miscellaneous singing and recitations, and they have some of the best talent there is to be found outside of Eagle Point. There were thirty boxes sold and there was a surplus of girls and young ladies. The boys are a little bashful but there were enough boys and men to buy the boxes and they brought the nice little sum of \$54.50, lacking only about two dollars of having enough to pay for the chairs they had bought for the school house. I tell you whenever the ladies of Table Rock take a notion to do something for the general good of the community they just go ahead and do it. That is the kind of folk that planned and built that fine school house they have to hold school in and for their social meetings. When they were building a school house they made it large enough for all purposes.

The Eagle Point ball team went to Gold Hill Sunday and played against the Woodville team as they could not get rigs to come up here. Result, Eagle Point 7, Woodville 5.

The next time will tell who and what was here Sunday.

taining their relatives, Miss Cunningham and her brother of Oakland, Cal.

Mrs. Manning, Miss Ruth Manning, Miss May Hoke, Miss Davidson, Mrs. H. T. Pankey and daughter, Mrs. W. C. Alexander, Mrs. K. Beebe, Mrs. J. J. Kellerman, R. C. Reine, William Martin were among the Central Point people that spent Monday in Medford.

GROWERS

The prospects are good for a bumper fruit crop in the Pacific northwest. We would advise all growers of Peaches, Apricots, Canteloupes, Tomatoes, Potatoes, etc., to get in touch with us. It is a part of our business to find a market for the fruits and produce grown in the valley. We have our arrangements completed to handle the crops that will bring good returns to the grower. It will pay you to investigate.
