#### Americans Keep Up Record

STOCKHOLM, July 12.—The Americans kept up their winning exhibitions in the Olympic games here today, sweeping the boards in the finals of the 110 meter hurdles, landing first honors in the running broad jump with a new Olympic record, and getting second and third places in the discus throw.

Despite this showing, however, there was great disappointment over the result of the discus throw. Jim Duncan, holder of the world's record, was expected to have an easy time here, but the best he could do was to annex the solitary point that goes with third place. Talpale, the giant Finn, threw the "dish" 148 feet 1 1/2 inches far beyond the best mark of the Americans.

When three American flags appeared on the pole, indicating a clean sweep in the 110 meter hurdles, the Swedes in the grand stadium demonstrated the popularity of the victory by prolonged cheering, which the King, who was in the royal box led.

STOCKHOLM, July 12.—Lieutenant Patton of the United States Army, the only American contestant in the Pentathlon, won the cross country event in the all-around contest, and fell in a faint as he broke the tape at the finish mark. He was revived, but was greatly weakened by his exertions.

America Wins All Three  
The final in the 110 hurdles was won by Fred W. Kelly of the University of Southern California, Los Angeles with James I. Wendell of the Wesleyan University second.

In the 110 meters hurdles finals, Martin W. Hawkins, of the Multnomah A. C., Portland, Ore., was third, giving the Americans, as expected a clean sweep in the event, and adding six points to their total. Kelly's time was 15 1-10 seconds.

The American victory was very popular, and when the three American flags were run up on the poles, indicating the sweep for the overseas athletes, the Swedes cheered, section by section, the king, who had

been an interested spectator, joining in the applause.

There was an impressive scene in the stadium when the flag of Sweden was hoisted on all three of the poles when the result of the modern pentathlon was announced. Lillichook, of Sweden, was first with twenty-seven points; Asbrink, Sweden second with 28 points, and De-Laval of Sweden third with thirty. Lieutenant Patton, of the American army, finished sixth in this event which included shooting, swimming, three hundred meter running, fencing, riding, cross country running and four thousand meters.

3000 Meter Race  
American qualified in the 3,000 meter team race, beating the Finnish entrants in the first heat. The German and English teams also were successful, and the representatives of the three nations will meet in the finals tomorrow. The Americans who will run in the main event are: T. S. Berna, N. S. Tabor, H. Louis Scott, A. R. Kivlat and George V. Bonham.

The first heat of the semi-finals of the 400 meter run was won by Charles D. Reidpath of Syracuse University, his time being 48 7-10.

At the same time Meredith put Mel Sheppard out of the finals. Meredith won by two yards in 48 4-5 seconds, with Patching second and Sheppard third.

The fourth heat of the semi-finals of the 400 meter run was won by Harold B. Haff of the University of Michigan in 49 7-10 second.

The fifth heat was won by Donnell B. Young, of the Boston A. A., but Braun, the German entrant, protested the victory, claiming that Young had pushed him. Young was disqualified, and the heat given to Braun. Time 49 1-5 seconds.

## STATE BOARD WARNS AGAINST RABIES

A warning has been issued by the state board of health to the citizens of the state against rabies now that the hot weather has developed. A few days ago two cases developed at Portland, the first ever known in Oregon west of the mountains. Citizens should be very careful.

Dr. Pickel returned Thursday from attending a session of the state board of health and states that the warning has been sent broadcast by the board. He particularly warns the residents of this section to be on the outlook for such cases and keep one eye on the dog while hot weather continues.

#### VACUUM CLEANERS TO GET RID OF HOPPERS

NEWMAN, Cal., July 12.—An energetic young man who believed that vacuum carpet cleaners could be sold in the country as well as in the city is responsible for the death of millions of grasshoppers in this vicinity, and any farmers whose parlor floors boast no carpets have become his patrons.

The young V. V. C. agent's first day in the country was profitless, but noticing the desperate expedients adopted by the farmers to rid their gardens of grasshoppers, he straightway evolved a scheme which has made his name a household word.

Mounting a vacuum cleaner on a light sled, he pushed it before him through the alfalfa. The hoppers jumped from before it as it reached them and were drawn by the powerful suction into the machine. When the holder was full he dumped the hoppers into a box and killed them with bisulphide of carbon.

The farmers have added to the economic advantages of the system by drying the hoppers and sacking them for chicken feed.

#### TAKES A BRIDE

## FRED COLVIG WEDS MISS NINA WALL

Fred L. Colvig, county recorder and Miss Nina Wall, his deputy, were married Thursday afternoon following the completion of the day's work in the recorder's office. The wedding ceremonies were conducted by Rev. Bandy of the Jacksonville Presbyterian church. None of the friends of the couple knew of the marriage until late in the evening. They will make their home at Jacksonville where Mr. Colvig has provided a very cozy little bungalow.

Mr. Colvig is one of the popular young men of the county and is related to a pioneer family. For a number of years he resided at Gold Hill later making his home in this city being employed at a local pharmacy. He resigned that position to make the race for county recorder two years ago being elected to that office. This spring he was a candidate for renomination on the republican ticket and won easily in the primaries.

Miss Wall resided for many years in this city. She is a graduated pharmacist and was employed in a local drug store for some time, resigning to take a place as Mr. Colvig's chief deputy.

The wedding is not much of a surprise to the many friends of Mr. and Mrs. Colvig who have been expecting the wedding for a number of months.

#### AMERICAN ATHLETES SEE DROWNING MAN RESCUED

STOCKHOLM, July 12.—Just as the American team was leaving the steamer Finland today they were given an opportunity to cheer a gallant rescue of an apparently drowning seaman by Baron Felix Friedheim. The baron was on the upper deck, chatting with some American friends when he saw that one of the Finland crew who was cleaning a lifeboat had fallen overboard and could not swim. Without stopping even to remove his hat, the baron jumped overboard and held the sailor up until a lifeboat could be lowered.

#### STRAPS WIFE TO MULE IN FLIGHT

SAN FRANCISCO, July 12.—When Mrs. Emma Ekvall was placed in a quiet room in a sanitarium here today she ended a 10,000-mile voyage to her native land so fraught with horror that it unseated her reason. Mrs. Ekvall was a passenger with her husband, E. M. Ekvall, a missionary to China, and three children on the liner Persia, which arrived here today from Shanghai.

Ekvall told of having brought his wife and children through 2000 miles of wild and mountainous country in the interior of China after they had been compelled to flee from the village of Manchero, in the province of Kansau. They suffered almost unendurable privations and peril.

Mrs. Ekvall who had been made ill before the start of her journey by the death of her infant son, became delirious and her husband was compelled to strap her to a mule in the climb over the high mountains. Part of the time they traveled by night to avoid bands of brigands and marauders. To secure food was a desperate daily adventure.

When the family reached Shanghai Mrs. Ekvall was in a critical condition and has not yet fully recovered.

## YOUNG BOYS ARE CAUGHT STEALING

Three youthful members of a gang of petty larcenists which has been active in the city for some time past were caught in the act of burglarizing the home of Mrs. Faughts on the east side Thursday afternoon. After a night in the city jail the boys told where they had hidden their loot and were taken to Jacksonville and locked up in the county court pending action by the juvenile court. All of the jewelry they stole Thursday afternoon was recovered.

The three boys are Gilbert Cleveland, aged 16, Charles Reynolds, aged 13, and Roy Braumeister, aged 13. Cleveland seems to be the leader in the gang and after his arrest began to throw the blame on the two younger boys. He was trapped in many lies, however.

According to the police, the boys are members of a gang of youngsters who have stolen a large amount of goods from local residences. Reynolds was out on parole, having been in trouble some months ago.

## RIVER ROAD IS IN POOR CONDITION

The road to Crater Lake between this city and Trail is in very poor condition, according to many automobilists and ranchers who have passed over it during the past few days. The road is particularly bad between the Scott and Hanna places above the Bybee bridge, especially by the Dodge place, where a new fence has been placed down the center of the old road.

The county has not done a single thing with the road this year, no attempt being made to place it in better condition for the auto traffic to Crater Lake, which will be very heavy.

#### TAFT STOOD PAT CALLING TEDDY'S BOBTAIL FLUSH

One William Taft and one Theodore Roosevelt started a skin game with the avowed purpose of fleecing each other. It was an open game with no limit, the best man to win. Nothing known to politics was barred. Theodore did the most bluffing, but William raked in the most chips, whereupon Theodore cried fraud and called for police protection to get his money back and help to beat William out of his hard earned winnings. On investigation it was discovered that Theodore staked his pile on a bobtail flush while William was standing pat on a full house with jacks up—Curtina Times.
