acquaintance with the dead gambler. He said he had been introduced by "Big Tim" Sullivan but that he had never had any business dealings with him. District Attorney Whitman said he was still investigating the Rosenthal charges against Becker and would demonstrate their truth or falsity soon.

Rosenthal was shot by a man who boarded a waiting automobile and drove quickly away. A strange coincidence is that the automobile was stored at the same garage where the "automobile bandits" had housed their car, after they had robbed bank messengers of \$25,000.

T. R. REJECTS OFFER OF COMPROMISE WITH TAFT

OYSTER BAY, July 16.—The formation of a distinct independent party and not the capture of the republican party is the course Colonel Roosevelt laid out tonight. He took the issue flatly with his supporters, who have advanced a proposal for affecting an agreement with the republican organization in some states through which under certain conditions the strength of the Roosevelt following might be thrown behind President Taft. The colonel made it clear he had decided on a thorough-going fight, independent of any alliance with either party, which will put him in a position to appeal to the democrats as well as the republicans.

PLEADS HOOKWORM AS EXCUSE FOR NON-SUPPORT

SAN FRANCISCO, July 16.—The hookworm figured in a court of law for what is believed to be the first time in history today, when Bernardino Diaz, a Porto Rican, charged with failure to provide for his minor child pleaded "hook-wormitis" in defense. The judge was stumped and took the novel plea under consideration for a week.

SOLDIER BOYS ENTER ATHLETICS

A call has just been issued for members of the 7th Company Coast Artillery to report for baseball practice every Tuesday and Wednesday evening at 6 o'clock.

The baseball season is nearly finished but the boys expect a busy time at Fort Stevens the last of August where they play teams from Portland, Salem, Albany, the fort team and others. In preparation for these games the boys have a lot of hard work and will play many of the teams from the neighboring towns. They do not intend that the Medford spirit shall have anything but first honors. After the baseball season the guardsmen will have football, basketball, track and other teams, and will also hold monthly smokers where boxing, wrestling, and other indoor sports will be conducted along purely amateur lines.

SENATE SUPPORTS ENGLAND'S PROTEST AGAINST CANAL TOLLS

WASHINGTON, July 16.—Great Britain's protest that the United States has no right under the Hay-Pauncefote treaty to pass its own coastwise vessels free through the Panama canal, while it collects tolls from the British and other foreign ships, found emphatic support today in the senate in the opening fight over the Panama canal bill sent to the senate by the house, in which the free provision is an important feature.

Burton of Ohio, and Root of New York, outlined the ground upon which the enemies of free American ships will fight their battle. Both senators said Great Britain had surrendered important rights at Panama, held under the former Clayton-Bulwer treaty, for the pledge of "equal treatment" to all ships given by the United States in the existing Hay-Pauncefote treaty.

MERCURY SOARS PAST 100 MARK

July 16 seems to be the hottest day of the year in Medford. One year ago today the mercury stood at 109 1-2. At 2 o'clock this afternoon the mercury stood at 100 and indications are that it will reach 105 by 4 o'clock. The present hot spell will continue until the end of the week at least. This is the hottest day of the year. The mercury Monday afternoon stood at an even 100 for a short time in the afternoon. This will probably be duplicated this afternoon. The humidity however prevents excessive heat.

The present hot spell is bringing on the pears in fine shape. Picking will probably start by August 10 and the crop promises to be one unexcelled in quality.
