

COMMERCIAL CLUB TO TAKE SCIENTISTS TO CRATER LAKE

A meeting of the directors of the Commercial Club was held Wednesday afternoon. On account of the hot weather, and the absence of a great many members of the club, who are away on vacations, it was the consensus of opinion that formal meetings of the club may be dispensed with until September 1st, and that the directors and other officers of the club will meet regularly at the Exhibit Building on the afternoon of the day fixed for any regular meeting and then and there look into the condition of the club, and propose and outline any work deemed necessary.

It appearing that at a regular meeting of the club on the 4th day of April, 1912, it was resolved that the Commercial Club furnish autos sufficient to take the party of foremost European and American scientists, who are to visit this locality on the 16th day of September, 1912, around through our nearby orchards, and on to Crater Lake upon that day, and it was then resolved that at some meeting in July a committee of arrangement be appointed. So on motion the following committee of entertainment was appointed: George Putnam, chairman; P. J. O'Gara, Ben Sheldon, Edgar Hafer, Wm. M. Colvig.

And it was further considered in relation thereto, that on account of the falling off in membership during the summer months, and the heavy indebtedness of the club at this time for literature and other expenses, that this committee do not involve the club in anything greater than nominal expenses, and that it is to proceed at once and make a thorough canvass of the situation among our public spirited citizens, and report whether or not from 20 to 25 autos can be secured for the purpose. It was suggested that the club might undertake the expense of procuring gasoline and the ordinary repair of any autos used on this occasion, but no definite action was had on this last proposition, as some of the members expressed fear that it might thus become too expensive an undertaking. The committee is directed to report on the subject at the next regular meeting, which will be the 7th day of August.

The Board listened to some remarks from Mr. Charles Lebo in relation to the appointment of a committee to be known as the Home Product Committee, and whose duty it will be to give publicity to all things manufactured in Jackson County, and particularly in Medford; and to have a booth at the coming District Fair in which will be exhibited "Articles Made in Medford." On motion the Chair appointed the following as the Home Product Committee: Charles Lebo, Chairman; H. C. Garnett, C. J. Semon, J. A. Perry, Paul Hansen.

It also was the unanimous opinion of the officers and members present that the admission fee of \$5.00 may be omitted at this time, and pending a change in the constitution covering the subject, and admitting members by payment of dues only.

CAN DRIVE CAR TO CRATER'S RIM

B. W. Wilson of Klamath Falls arrived in Medford Wednesday evening by way of Crater Lake and announces that it is now possible to get nearly to the rim in an automobile. He drove his car to the foot of the last steep climb to the rim, walking up from there a distance of less than a half mile.

"I believe it is possible to drive a car to the rim now," states Mr. Wilson, "but the road was still slippery so I did not attempt it. The road is nearly clear of snow. A large number of people are planning to visit the lake from the Klamath side this year."

ARGUE BRIDGE CASE THIS AFTERNOON

The injunction suit brought by Benton Bowers and S. A. Carleton of Ashland to stop the erection of a new bridge over Bear Creek in this city is being argued today by the attorneys before Judge Calkins. Within a few days a decree is expected.

A few days ago the case was tried and evidence submitted. Today was set for argument. E. D. Briggs appeared for the plaintiff and Porter J. Noff for the county and contractor.

EAGLE POINT EAGLETS

By A. C. Howlett

Mrs. Joseph Moomaw, Mrs. Fred Findley and Miss Carrie Owings were passengers on the P. & E. last Friday. They had been to Medford on business.

Neal Willets of Persist came out from Medford last Friday evening and Sunday he and his brother, Roy, took a trip to Ashland.

The following incident will illustrate the advantage of advertising in a live paper. Some time ago Mrs. Moomaw lost her watch and her husband suggested to put an ad in the Mail Tribune, but she thought that that would be a useless expense, so two weeks after the aforesaid Mrs. Moomaw was talking to one of the young ladies of our town, and in the run of conversation remarked that she had lost her watch, whereupon the young lady asked what kind of a watch it was, and on describing it discovered that the young lady had found the watch soon after it was lost and had been watching the papers for an ad for the watch. See?

W. E. Hammel's father and brother came out Friday and were met at the depot by their son and brother.

Mr. Natick has a force of men and teams making a road for A. Corbin, the man who bought the old Bradshaw place from the creek up to the house. Mr. Corbin is one of the newcomers in this section and shows his good judgment in fixing up his place in modern style. He is making a good road across the sticky land between the house and creek.

Thomas Lewis and Wes Childreth have each of them had severe cases of blood poisoning in the hand.

C. K. Carey and wife of Talent have been visiting Mr. and Mrs. W. Knighton of this place.

A. P. Harren of Medford called for dinner Saturday. He has several hundred cords of wood along the P. & E. railway and was here trying to dispose of a carload.

Misses Anna and Gertrude Ulrich of Medford came out Saturday to visit friends, and among them were Mrs. John Ashpole, Mrs. William Von der Hellen and our two daughters, Hattie and Agnes.

J. B. Edsall and John Foster came in last Saturday with a part of Jud Edsall's teams from the quartz mines near Scott's Bar, Cal.

I herewith send an account of the ball game that was played here last Sunday between the Eagle Point team and one of the Medford teams, the score standing 1 to 11 in favor of Eagle Point.

Saturday evening Mr. Nicholson of Medford phoned over to Mrs. Howlett to know if she could have breakfast ready by 6 o'clock a. m., Sunday for a company of nine or ten, and of course she answered, yes. So Sunday morning about six a car came up with four persons and they announced that the rest would be along in a few minutes, but she had to wait breakfast and still she waited.

CENTRAL POINT ITEMS

John Davidson and son and daughter Miss May, returned from Logan, Utah Tuesday evening.

Mr. and Mrs. T. B. Higginbotham of Florence Rock and Mrs. A. B. Chartres of Derby were here a few minutes Wednesday morning en route home.

Miss Ora Patrick returned to her home in Ashland Tuesday afternoon.

Mrs. Emma Bebb and family are visiting relatives at Applegate this week.

then finally the second car arrived. They had tire trouble on the road and had the wheel wrapped with rope. The company consisted of S. T. and H. D. Howard, J. H. Butler, W. C. Courtright, H. G. Helwig, C. F. May, M. A. Rader and C. W. Conklin. The man who wrote the notices forgot to write his. They were on their way up Rogue River to fish. These all took breakfast and the following persons went on without stopping. H. Butler, George Dow, F. W. Hollis, L. F. Kirkpatrick, H. G. Dick, F. W. Payne, H. Starr, E. E. Wilson, W. H. Brown, Charles Brown and Sailor Wright. They were a jolly crowd and started out to have a good time.

Among the guests at the Sunny Side last Sunday were Rev. and Mrs. L. L. Simmons, their three children, Miss Bernice, Miss Melva and Master Reford, that constitutes our new Baptist minister and his family. After dinner your correspondent hitched up a team and took the minister and family to Brownsboro where he preached to a small sized congregation. He will preach next Sunday morning and evening in Eagle Point and at three p. m. in the Antelope school house.

In addition to our usual company for Sunday dinner we had G. H. Wamsley, Miss Mable Wamsley, Carl Von der Hellen, Thomas Abbott, Thomas Rily, Jr., Thomas and Herbert Carlton besides a few strangers whose names I failed to learn.

WHITE HOUSE BOMB STORY MERELY HOAX ON GREEN REPORTER

WASHINGTON, July 18.—Hazing of a green reporter by a veteran white house newspaperman was today given as the solution of a story sent broadcast over the country by special despatches, and a certain news agency, and printed in many morning papers, to the effect that an infernal machine had been sent to President Taft, and that Assistant Secretary Sherman Allen, in opening it, had narrowly escaped death.

When the new reporter entered the executive offices last night he was asked: "Did you get the infernal machine story?" He said had not, and then, with great detail, he was told the yarn.

When the young man became excited the hoaxers told him the whole thing was a joke, but the report already had spread throughout the country through his agency. All attempts by the secret service to "kill" the report then only aroused further suspicion, and the story was widely credited; the white house was deluged with telegrams from far and near and the wildest rumors developed.

The original report was that Allen's hands had been badly burned when he grasped the sputtering fuse of the infernal machine, but the hands of the assistant secretary exhibited no scars today. And the white house newspapermen, including the hoaxed reporter, were asked to circulate a declaration that the white house did not wish to dignify such an absurd report by an official denial.

"Got My Sore Foot in It Right!--TIZ"

"A TIZ Bath, My Boy, a TIZ Bath: You Can't Beat It for Sore Feet, Corns and Bunions!"

Is this man a tenderfoot? No. He is a joy walker—one who uses TIZ and gets from the feet a happiness one never felt before.

When your feet are so tired they feel like stumps, when they ache so that they hurt you up to your heart, when you shamble your feet along and it seems as though all the misery you ever had has settled in your feet, look at the happy TIZ man in the picture.

You can be happy footed just the same. If you have corns and bunions that everybody seems to step on, just think of this happy TIZ man. He had corns and bunions, too. This man used TIZ, and now he has no more tender, raw, chafed, blistered, swollen, tired, smelly feet, corns, callouses or bunions.

As soon as you put your feet in a TIZ bath you feel the happiness soaking in. It's like mountain ozone to lungs.

Nothing else but TIZ can give you this happy foot feeling. Don't accept any substitutes.

TIZ, 25 cents a box, sold everywhere, or sent direct on receipt of price, by Walter Luther Dodge & Co., Chicago, Ill. Recommended by all drug stores, department and general stores.

Abraham Lincoln said the home builders are the backbone of a community, or in other words the people who own their own homes. There is much satisfaction in moving into a brand new home—no old dirt to clean up—no livestock to kill. Handsome maple floors highly polished, fireplace, large sleeping porch, laundry trays and all the home comforts in the new Bungalows on Rose avenue.
