

VON DER HELLEN AN ADVOCATE OF EQUAL SUFFRAGE

Monday evening the organization committee of the Medford Equal Suffrage Association went to Eagle Point to do some preliminary work looking toward the formation of a club there.

Mrs. Charles L. Scheffelin gave an address explaining the need of organization. Senator Von der Hellen made the address of the evening.

The organization meeting will be held in the City Park Wednesday afternoon at three. Senator Von der Hellen spoke as follows: The agitation for Equal Rights and Equal Suffrage for Women has assumed an importance and magnitude which may no longer be ignored.

We read of strenuous efforts made by the women of England, by Suffragists, who are willing to suffer martyrdom and imprisonment for their convictions; whilst though perhaps in a lesser degree, the women of Germany and France, and other European countries, and even of benighted China are clamoring for Votes For Women!

If we will but remember the share of woman in the management of our homes, remember the influence for good which our mothers have exercised in the conduct of their households and families, and remembering also that a state or a nation consists of an aggregation of families and homes, we must marvel why, during all these ages or centuries woman has not taken her place in participating in the conduct of public affairs?

The reason, however, is probably not far to seek. It may be discovered in old time conditions, when household work was nothing but a round of drudgery, and when the claims upon woman for ministering to the wants of the family and household, with such inadequate means as were then at her disposal, left no time for the exercise of her benevolent influence outside of the home.

SUFFRAGE FILM IS SHOWN AT STAR

The local suffrage association has endorsed a suffrage film which will be shown at the Star Theater for three days commencing today. Such prominent equal suffrage workers as Miss Jane Adams of Chicago and Dr. Anna Shaw are shown on the film.

I. W. W.'S THREATEN SPLIT IN RANKS OF WESTERN MINERS

CRIPPLE CREEK, Colo., July 23.—A breach in the Western Federation of Miners between the Industrial Workers of the World faction headed by Thomas Campbell of Butte and President Moyer and his supporters, has become acute. It was learned that charges of treason against Campbell were filed today by Moyer.

Manager Art Riggs has transferred his Huntville Southeastern league team to Talladega, Ala.

DIES FROM WOUND RECEIVED WHILE ON HUNTING TRIP

Charles Serve, a teacher, recently of Redwood, Cal., who has been visiting at the home of W. A. Vangoem, in Evans Valley, for the past two months, accidentally shot himself while hunting in the vicinity of Wilcox Gulch, Saturday and after lingering at death's door, passed away at the Ashland hospital Monday evening.

Serve was in company with Will Williams. The country they were in was rough and precipitous. The rifle that Serve carried was a 30-30 automatic. He neglected to lock the safety, and when he suddenly slipped the rifle was discharged, the bullet entering his right ankle and plunging upward to the knee, completely shattering the limb. Williams was but a short distance from the victim of the accident at the time.

Serve was a highly educated man, having taught in the department of science in some of the best schools of California. He has been in ill health for some time and came here for a vacation.

LIVESTOCK PRICES CONTINUE HIGH

PORTLAND, July 23.—Receipts for the week have been: Cattle 1728, calves 13, hogs 1020, sheep 5926, and horses 37.

It has been the experience of killers of cattle in the west that with the coming of the grass fed supply prices have gone off materially. This year has witnessed a reverse in form, as there has been no appreciable let down in prices.

The hog market ranged strong, with \$8.40 for tops. The sheep market showed no falling off from last week's prices. There was a fairly active demand for everything that was offered and the quality throughout was better than usually seen this early in the season.

SENATOR FROM NEW MEXICO BITTER TOWARD UNCLE SAM

WASHINGTON, July 23.—In a strong arraignment of the United States government for failure to secure redress for injuries to American citizens and property resulting from the Mexican insurrection and revolution Senator Fall of New Mexico declared today in the senate that this country would not regain its prestige in Mexico in fifty years.

He said China, Germany and other nations had forced Mexico to make restitution for damages inflicted on their citizens, but this country had done nothing. He declared the state department had persistently refused to make representations concerning the injuries inflicted but had referred all claimants to the Mexican authorities themselves—"to the men who inflicted the injuries."

JEALOUS IN LOVE, MARRIED MAN SHOTS YOUNG GIRL

DENVER, Colo., July 23.—That he shot Georgianna Liechten Walter, his 19-year old fellow stenographer, because he felt her passion for him growing colder was the statement made today by Eugene Miller. Miller shot the girl four times after luring her to a vacant lot, because she refused to elope with him when she learned he was a married man.

Miss Litcher Walter, it is stated today, probably will recover. One bullet was embedded in her neck and two in her skull, but her brain was not touched. "When a person sees the beautiful passions of love which burned so brightly a few weeks ago, change until it seems like a block of ice, a fellow will do most anything," declared Miller today. "That is why I shot her. I could not stand it any longer. When she discovered that I was married and was unable to secure a divorce, she grew colder daily. I could not get a divorce because my wife is a good woman, like Georgianna, and would not divorce me."

BOURNE MAY BE CANDIDATE FOR U.S. SENATE

PORTLAND, Ore., July 23.—A rumor that has been in circulation for several weeks in political circles, that Senator Jonathan Bourne, Jr., who was defeated for re-nomination by Ben Selling in the republican primaries, will become a candidate for reelection on an independent ticket, took more definite form today when it was learned that the senior senator from Oregon had been communicating with friends in Oregon as to the advisability of such a move.

It is reported that Senator Bourne will make an announcement in this regard following the progressive convention at Chicago August 5. On account of his adherence to Theodore Roosevelt, even when it seemed possible that Senator La Follette would secure the republican delegates from Oregon to the republican national convention, supporters of F. W. Mulkey, who has announced himself as a candidate for the senatorship on the progressive ticket, declare that he is the logical progressive candidate, and that he will remain in the contest to the finish.

PEAR MOVEMENT AT ITS HEIGHT

The California Fruit Distributors issue the following market letter, under date of Sacramento, July 20.

The following gives number of carloads of deciduous fruit shipped from all points in California for the week ending Friday evening, July 19, 1912.

Cherries—2 1/2 cars. The carlot movement of this variety has now ceased. Apricots—3/4 car. In all probability there will be no more shipments of this variety during the season. Plums—217 1/2 cars. This week's movement is about 20 cars less than that of the preceding week and the next seven days will show a still further decrease.

Peaches—65 cars. Early Crawfords, with a few St. Johns, comprise the bulk of the offerings this week and for the coming week.

Pears—310 cars. It has been expected that the Bartlett pear movement from the Sacramento river district would reach its culmination Wednesday. That is still the expectation, but it is possible that the quantity offered will be no larger than one week ago.

Weather—In the early part of the week several days of very hot weather prevailed, which has had the effect of destroying a considerable percentage of the Tokay crop in the Vacaville, Florin and American river districts. Considerable damage is also reported from Lodi and Fresno.

BRYAN IS ENDORSED BY WEST VIRGINIANS

WILLIAMSON, W. Va., July 22.—The fifth district Democratic nominating convention here today endorsed William J. Bryan for the Democratic nomination in 1916.

Medford Real Estate & Employment Agency

M. land to trade for Rogue River property. 160 acres, Oklahoma land to trade for Rogue River property. 16 acres, 2 miles out, 11 acres 2-year-old pears, 4 acres in alfalfa, the rest in apples, new 5-room bungalow, will take some city property.

BANNER BARREL APPLE CROP IN SIGHT FOR NATION

Siegel & Day issue under date of New York, July 16, the following circular:

Before issuing our first circular on the apple crop of the coming campaign, especially as far as barrel apples are concerned, we have waited until we have felt sure of our ground, but now we have to advise you that, generally speaking, the apple harvest in the United States this season bids fair to be one of the largest in many years.

The Southern section (Virginia, etc.) will probably harvest less than last year. Through the Central West from Ohio to Kansas inclusive, there promises to be a crop of apples such as they have not realized there for a long time, if ever before, therefore those who have looked a little more carefully into the matter than we have, place the probable yield of the United States this year at about 50,000,000 barrels against the government report of 20,000,000 barrels last year.

However, we have been receiving for several days, and continue to receive, letters from the growing sections to the effect that the drought is being felt materially in the different orchard sections, and while we cannot say there has been any damage done up to this writing, nor the prospects shortened, we know that a material shortage from present estimates will surely follow, unless the country is blessed with seasonable rains very soon.

As far as the coming yield in the various sections producing box apples, our reports show quite a falling off from the very heavy expected yield in May, but we are very glad to hear from all these sections that the apples promise to be clean, of good size and of fine color, three most desirable things. Again, we urge you to be extremely careful in your selection and packing for shipment, our reports show that it costs just as much for freight and other charges on a box of ordinary apples as on a box of selected apples, and the former stands no chance to make you a profit.

Medford Printing company carry a full line of legal blanks.

Save Your Hair

Don't Use Preparations Containing Poisonous Sugar of Lead or Sulphur Even if you have healthy hair you ought to use a little PARISAN Sage once a week as a hair dressing. It keeps the hair healthy; prevents scalp itch, falling hair and dandruff, and baldness.
