

WANT HANFORD'S FRIENDS PUNISHED FOR CONSPIRACIES

SEATTLE, Wash., July 23.—That Attorney General Wickersham should take up the Hanford investigation where it was dropped by the congressional committee, is the opinion of many Seattle attorneys today.

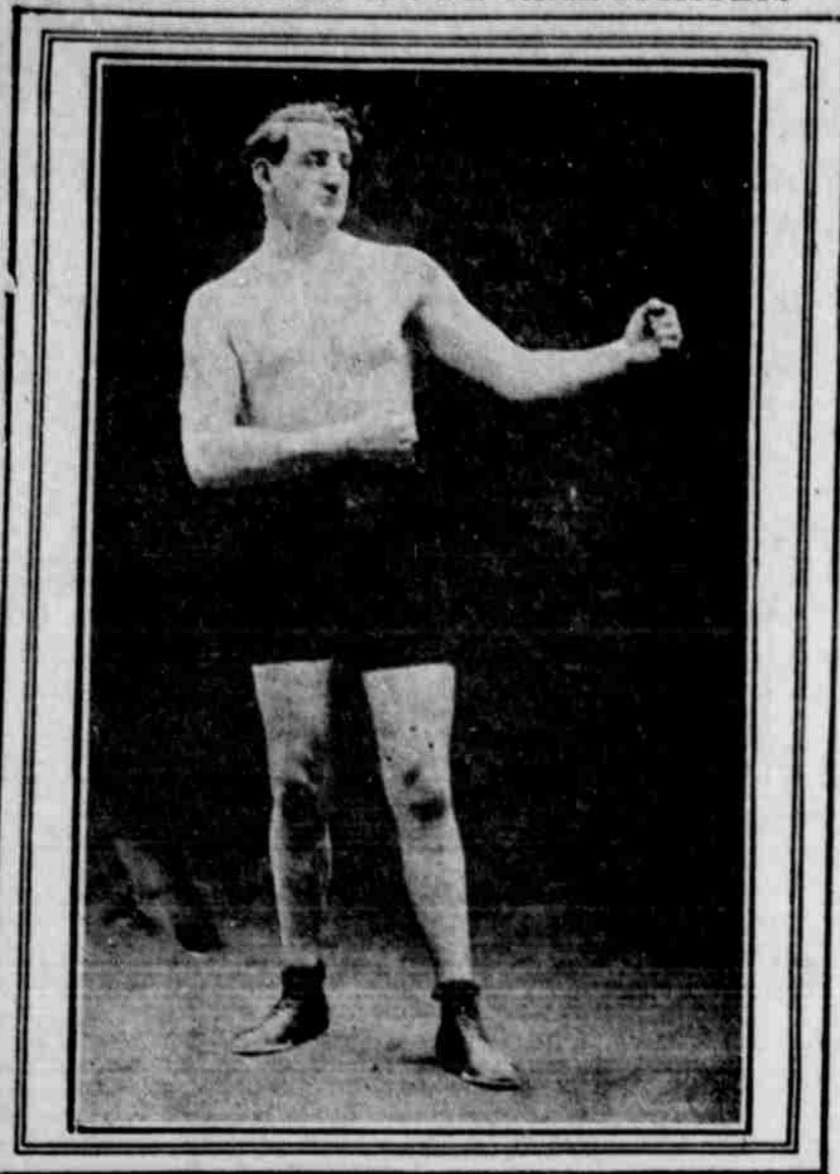

Attorney John H. Perry, who worked with the congressional committee here declares that men involved with Hanford should not be allowed to escape under the cover of Hanford's resignation.

"The resignation of Hanford," said Perry, "naturally closes the case so far as he is concerned, but it is most certainly the duty of the department of justice to follow up the work of the committee with criminal prosecutions if they are justified by the facts which are now obtainable."

Hanford at first issued a statement saying "ill health" was the cause of his resignation. In later statements, however, nothing was said about this, but various other reasons were assigned. He declared that he was satisfied with the outcome of the investigation, proud of his record on the bench and of the enemies he had made.

Chairman J. M. Graham, of Illinois, and Representative W. I. McCoy, of New Jersey, left at 11 o'clock this morning for Tacoma where they will spend the day. They will leave Tacoma tonight for the east. Representative E. W. Higgins of Connecticut, left on the Canadian Pacific for the east.

TOM KENNEDY IS ONE GAME FIGHTER.

TOM KENNEDY PHOTO BY HALL'S STUDIO

"Tom" Kennedy, one of the many white hopes kicking about nowadays, is anxious to forge ahead in the pugilistic profession. He has suffered some defeats, but is a game fellow and ever willing to mix with any of the heavyweights. Kennedy is a scientific man, but seems to lack the necessary aggressiveness.

EAGLE POINT EAGLETS.

(By A. C. Howlett.)

Gus Peterson, a recent arrival from New York, has taken a position with Fred Palouse on his farm.

Fred Edsall returned to the Sunnyside Tuesday evening and Chas. Thomas and family returned at the same time to their home in Eagle Point. They have been enjoying themselves at Scott's Bar, California.

Mrs. Wm. Knighton has been visiting her granddaughter, Mrs. Jones of Talent.

Henry French, Robert R. Minter and W. E. Hammel were among us Wednesday. I noticed quite a number of rigs, wagons, etc. hitched to the public rack Wednesday evening as I was strolling around town.

O. J. Tarbel of Talent was among the guests Wednesday night.

Wednesday afternoon about the members of the Eagle Point Aid Society began to come in to the Sunnyside and station themselves along the shady side of the large screened porch, but too late to get into the last Eaglets, so will mention it today. As they began to file in they took seats and began to work as though the fate of Eagle Point depended on their effort. They were Mrs. A. J. Florey, Mrs. Bryant, Mrs. Owings, Mrs. Lottie McQuaid, Mrs. Demmy, Mrs. Warmstorff, Mrs. R. G. Brown, Mrs. Frank Nichols, Mrs. McNicholl, Mrs. F. M. Stewart, Mrs. James Jordan, Mrs. L. L. Simmons, Mrs. J. W. Grover, Mrs. Amy Brown and Mrs. Lottie Vansey. And to see these ladies work one would think that everything depended on their individual effort. They are making things to sell for the benefit of the town and when they get a lot ready they pick a time when they know there is likely to be a large crowd in town and then they sell them to the highest bidder and one-half to goes toward fixing up the church and the other half toward improving the town. I tell you they mean business.

Charley Howard, one of our railroad men, was made happy on the 16th by the arrival of a fine son. The child was born in Medford but this is his home. A man by the name of C. H. Martin, recently from California, has gone to work in Fisher & Mathews blacksmith shop, and W. L. Childreth is helping his brother, Henry O. Childreth in his shop. Thursday afternoon the following

CENTRAL POINT ITEMS.

Mr. and Mrs. George March left for Yoncalla Monday morning and intend to reside there.

Fred Wheeler left for Willows, Cal., the first of this week where he has secured employment there.

George Merriman, D. C. McAlpin, E. W. Kemlock, H. W. Pruce and P. F. Cooper of Medford spent Monday here.

W. C. Owen and family are camping at "Dead Indian" for the balance of this month.

Mrs. Dubell, who has been here visiting her parents, Mr. and Mrs. A. P. Gillett and other relatives, left for her home at Canyonville Monday morning.

Ward Hopkins and Sam Marshall have returned from their baseball tour of northern California.

named ladies, Mrs. J. F. Reddy, Mrs. Charles Schieffelin, Mrs. J. D. Heard, Miss Gladys Heard and Mrs. Jane Smyth called at the Sunnyside and inquired for me and Mrs. Howlett called me and said that there were some ladies in the parlor who wanted to talk with me on the subject of woman's suffrage. As I entered the parlor Mrs. Heard introduced herself and the other ladies and they remarked that they had been reading the Eaglets for some time and had a curiosity to see the man who wrote them, and one of them remarked that she had drawn an idea that the writer of the Eaglets was a tall slim young looking fellow and here she was confronted with a short, stout old man. I didn't get mad because she added "old man," although I am still among the boys—well the business they had with me was to try to make arrangements here to hold a meeting Monday night in the church for the purpose of organizing a woman suffrage club in our town. Results in my next.

The company has a paving plant on wheels for use on small jobs and this will be shipped to Medford to complete small jobs in this city and contracts now under way.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal of suffering and danger. Women who use Mother's Friend are saved much discomfort and their systems are in a healthy condition to meet the time with the least possible danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers, and its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. MEDFORD WON TWO; LOST ONE, YREKA

With two victories and one defeat as their record the Medford ball team returned Monday evening from their invasion of Northern California well pleased with the result of their trip. The local team threw away the game Sunday with Weed but expect to regain their laurels on August 4 when Weed will play them on the local grounds. This game will be on the nature of all Southern Oregon against all Northern California. The Yreka fans will visit Medford in large numbers to pull for Medford against Weed, their natural enemies in the baseball world. Medford won two games straight from Yreka and on Sunday took on Weed. They had the game won in the ninth when a bone-headed play allowed Weed to tie the score. In the tenth inning the game was lost. The game was a close one throughout and the next one should attract much attention here.

TONY HARDING DIES ALONE IN CABIN

Tony Harding, an old-time and well known prospector of this district, died Sunday alone at his cabin in the Evans creek section. Illness following a protracted "sprue" on the Fourth of July is supposed to have caused his death.

Harding has no known relatives and will be buried by the county under the direction of Coroner Kellogg.

RITCHIE ON TRAIL OF JOE RIVERS

LOS ANGELES, July 23.—While Ritchie, San Francisco's lightweight championship contender, arrived here today hot on the trail of Mexican Joe Rivers, and immediately went into conference with Promoter Tom McCarey with a view to closing a match for Labor Day with the Los Angeles boxer.

Ritchie said: "I came to Angeles for the purpose of inducing Manager Joe Levy, for Rivers and Promoter McCarey to fulfill their promise that they would give me the next match with Rivers in case the Wolgast Labor day contest fell through. McCarey promised me a bout with Rivers if the latter beat Jack White some time ago and I am here to make him keep his promise. I will take Rivers on under any conditions he names, at the lightweight limit. I will make 133 pounds at 10 o'clock on the day of the contest, but won't make the weight at ringale unless given another crack at the title. By whipping Joe Mandot I eliminated him from the race for the championship and, in fact, this was part of my program. Next comes Rivers; then the champion." McCarey promised he would communicate with Rivers, who is in San Diego.

FORGING HIGHER PRICE FOR LIGHT

PASADENA, Cal., July 23.—Unique in the history of corporation litigation is the action which was authorized by the city council of Pasadena today, in which the state railroad commission will be asked to force the Edison Electric company to increase its rates for current. This action is taken on the ground that the Edison company's rates are for competitive purposes only. Pasadena has a municipal lighting plant, and has reduced the rate from eight cents which it stood four years ago to five cents. Meanwhile, whatever rates the city charges, the Edison company cuts under it a little, now selling current for 4 cents, and it is alleged that the corporation in this way is endeavoring to force the city to lose so much money on its enterprise that the taxpayers will become dissatisfied and go out of business, leaving the field clear for the light trust.

BARTLETTS RANGE FROM \$3.15 TO \$3.50

Shipments of California Bartlett pears to the east is now on in earnest and according to reports from the pear districts the largest daily shipment will be made Wednesday. Last week 250 carloads went forward. The crop will practically be off the market by the time the local fruit crop comes on. Saturday's quotations from New York received today by the Rogue River Fruit & Produce association show that the following prices were paid: New York, Bartletts, \$3.15 to \$3.50; Chicago, \$2.35; Philadelphia, \$2.95 to \$3.10.

SUBMERGED CRUISER PUT DREADNAUGHT TO SHAME

DETROIT, Mich., July 23.—Planning a semi submerged cruiser which will put all dreadnaughts into the discard, Hudson Maxim, the inventor, is satisfied here today that he has a design which will materially change the aspect of naval warfare. Maxim's vessel will be lightly armored but of high speed. It will float like any other ship in ordinary use but when it goes into action will be submerged until its decks are almost awash. The inventor believes it will be practically unsinkable.

OBITUARY

Mabel Carrie Boussum, 3 months old daughter of Mr. and Mrs. S. J. Boussum of Rogue River died Monday. Services will be held at Weeks and McGowan's chapel at 2 p. m. this afternoon. Interment will be at Jacksonville. Rev. E. E. Eldridge will have charge of the service.

CROOKED BANK OFFICER SURRENDERS TO POLICE

GREENWICH, Conn., July 23.—"I am tired of a crooked life and want to make amends. Officer, I'm a good catch; please put me in a cell." This was the statement of a man who surrendered to the Greenwich police, giving the name of Stanley A. Beardsie, secretary of the Western Sales Company of Los Angeles. He told the police that he was wanted by the Day and Night Bank and the Savings Bank, both of Los Angeles.

BILLY HITT LATEST TO WED KATHERINE ELKINS

WASHINGTON, July 23.—Because "Billy" Hitt recently purchased a country estate at Leesburg, Va., adjoining that left to Miss Katherine Elkins by her father, the late Senator Elkins, it was freely reported here that Hitt soon is to wed the West Virginia heiress, whom the Duke of Abruzzi lost. Hitt is on his new estate, and Miss Elkins is within walking distance in a bungalow on her own land, where she is spending the summer.

REPUBLICANS VICTORS IN PORTUGUESE RIOTS

LISBON, July 23.—Although republican troops continue to patrol those districts in which royalist outbreaks have occurred, it is generally believed today that all trouble is over. The temper of the people is shown by the fact that peasants fraternize everywhere with the republican soldiers.

FEDERAL CONTROL OF GIGANTIC STEEL TRUST

WASHINGTON, July 23.—Representative Littleton of New York, submitted today to Chairman Stanley on the steel trust investigating committee the minority report which he will submit to the house. Littleton agrees on some portions of the Stanley report, but disagrees on Stanley's proposal for trust legislation. Democrats and republican members will meet tomorrow and review the two democratic reports. Later the republicans will file the minority report. Littleton's recommendations will include a joint commission of the house and senate to undertake a revision of the trust laws. It will recommend federal supervision of corporations.

JACK JOHNSON FIRES CROOKED BARTENDER

CHICAGO, July 23.—"Crooked negroes don't make any hit with me. My place has got to be run on the square." This was the declaration here today of Jack Johnson, champion heavyweight pugilist, who wandered into his new cafe in time to see a thirsty customer pay out a \$20 bill for a gin rickey. A moment later a waiter tendered the patron change for a \$10 bill. Johnson forced his employe to hand over another \$10 and discharged the man on the spot.
