

FIVE ENGLISHMEN ARRESTED AS SPIES

KIEL, Aug. 5.—Suspected of spying on the coast fortifications of Germany here and at Eckernfoerde, five Englishmen who arrived from Copenhagen were arrested yesterday, and are in the fortress at Metz awaiting trial. A German sergeant, a corporal and a private were also arrested today, charged with furnishing military information to England and France.

It is reported that many photographs and notes were found on the arrested Englishmen, who, from the meagre information given out, are believed to have been the men in league with the three German prisoners.

UNDERWOOD TO SEE WILSON TOLD NEWS

SEA GIRT, N. J., Aug. 5.—Governor Wilson announced at a luncheon here today that the democratic notification ceremonies on Wednesday would be attended by Chairman James, the members of the notification committees and the guests they invited, including house leader Oscar Underwood, Speaker Clark and a number of democratic governors.

OAKLAND IN MIDST OF RECALL PRIMARY

OAKLAND, Cal., Aug. 5.—With the administration forces of Mayor Frank K. Mott and Commissioners W. J. Baccus and R. C. Turner relying on a slogan of "patriotism and the protection of the home," and making a desperate fight against the allied forces of the Taxpayers' League and the socialists, who charge the incumbents with subservience to corporate interests, unlawful use of the "police club" and extravagance, Oakland is today in the throes of a bitterly contested recall election primary.

THIRD PARTY AIMS DESCRIBED

(Continued from page 1.)
unjust share. The progressive motto is "pass prosperity around."

Free Trade Wrong
The democratic platform declares for free trade; but free trade is wrong and ruinous. The republican platform permits extortion; but tariff extortion is robbery by law. The progressive party is for honest protection and honest protection is right and a condition of American prosperity.

A tariff high enough to give American producers, the American market when they make honest goods and sell them at honest prices but low enough that when they sell dispose of the goods at dishonest prices, foreign competition can correct both evils; a tariff high enough to enable American producers to pay our workmen American wages and so arranged that the workmen will get such wages; a business tariff whose changes will be so made as to reassure business instead of disturb it—this is the tariff and the method of its making in which the progressive party believes, for which it does battle, and which it proposes to write into the laws of the land.

The Payne-Aldrich tariff laws must be revised immediately in accordance with these principles. At the same time a genuine, permanent, non-partisan tariff commission must be fixed in the law as firmly as the inter-state commerce commission.

CASTRO READY TO STRIKE VENEZUELA

GENERAL CIPRIANO CASTRO

Information received by adherents of Cipriano Castro, deposed President of Venezuela, not only indicate that he is in the Canary Islands, but that he is completing arrangements for another descent upon Venezuela. That this project may prove successful this time because of the open hostility to President Gomez, now dangerously approaching revolution, is considered to be almost certain.

Mortimer Weldon and Show Girls in "Louisiana Lou"

"Louisiana Lou" may be fairly written down as materially contributing to the unity of nations at large, and the Pacific Coast in particular. It is on at the Medford Theatre next Tuesday night and promises much enjoyment to theater-goers vexed with the eternal feminine and the price she paid either for being too good or reprehensibly indiscreet. "Louisiana Lou" is a sense, if not sensuous delight. The tired business man, his domestic problem—troubled wife or the suffragette—does not have to needlessly force his or her brain to keep track of things. They just have on a bewildering array of altogether pleasing song and dance incidents. No one thinks of a plot to the musical comedy, although grave assurances are given of its possession of one.

Barney Bernard and Sophie Tucker furnish most of the fun, and there are many delicious moments of it. Bessie De Voie and Eleanor Henry are beautiful to look upon. Robert O'Connor, Helana Salinger, Harry Hanlon, Lester Crawford, George Sennels and Mortimer Weldon, frivolous most amusingly. And if ever a chorus deserved diamond studded medals for harmonious efficiency, nimble agility, clearness of voice and freshness of beauty, the "Louisiana Lou" girls are honor due. The Medford Theatre is to be congratulated for bringing his splendid company here.

PRECOOLING EXPERTS HERE FOR EXPERIMENT

H. J. Ramsey and B. B. Pratt, government fruit experts from Washington, D. C., are in Medford to spend a month in aiding the growers in the physical side of the fruit business. They are experts in the packing, picking, shipping, precooling and cold storage sides of the business and will give many valuable and needed pointers to the growers of the valley. These men came here from the raspberry ranches at Puyallup and are visiting fruit sections throughout the northwest at the government's expense. They are working with the Rogue River Fruit and Produce association. The association has long had expert growing advice from Prof. O'Gara, and has expert selling opinions from Mr. Guin of Portland and now with the government's co-operation on the physical side it is felt that the results will be immediately apparent. Messrs. Ramsey and Pratt are today touring the valley with Kirby S. Miller.

PEOPLE FLEE FROM QUAKE SHAKEN CITY

GUADALAJARA, Mexico, Aug. 5.—Terror stricken by continued heavy earthquakes, hundreds of residents here fled from the city today and much of the less substantial section is already in ruins as a result of the seismic disturbances.

Every church in the city is jammed with weeping, praying people. It is estimated that 300 tremors have been felt since the disturbance began ten days ago.

SATURDAY'S BUSINESS BEST IN MANY WEEKS

Medford merchants generally report that Saturday's business was the largest of any day since early spring. The crowds came down town early and it was late at night before the shopping ceased. The merchants had not looked for so much money in circulation at this time of the year and take it as a sign that the valley is more on a self-supporting basis than in other years when the fruit crops alone were depended upon.

DEMOCRATS SPURNED COIN FROM GUFFEY

WASHINGTON, Aug. 5.—Why the \$5,000 contribution of Colonel James E. Guffey of Pennsylvania was refused by the democratic national committee in 1908 was told to the senate contributions investigating committee today by Norman Mack, chairman of the national committee that year, who asserted that it was generally believed at the time that Guffey was connected with the Standard Oil Company. Mack said: "After the election I accepted his contribution because the committee's funds were \$10,000 short. If Bryan had been elected, I would not have accepted Guffey's money."

Mack also stated that Charles E. Murphy's \$10,000 contribution was the largest received during the 1908 campaign.

Lionel Walsh will be starred the coming season by Werba & Luescher in a musical play by Paul Rubens, called "Mr. Popple."

GOOD ROADS MEET OPENS IN BAY CITY

SAN FRANCISCO, Cal., Aug. 5.—Lieutenant Governor A. J. Wallace, in behalf of the state and Mayor James Rolph, Jr., for the city of San Francisco, extended hearty welcome to the delegates of the Pacific Highway Association at the third annual convention which opened here today at the St. Francis Hotel.

"The best roads in the world for California," is the slogan of the convention, and the delegates are determined to set in motion the machinery which will not alone attract the automobile tourist to the state by offering scenic highways from the Sierras to the sea and from the Mexican frontier to Shasta, but will also afford the rancher an easy market.

These features were elaborated on by John Brisbane Walker, director of exploitation for the Panama Pacific exposition, in an address on "a trans-continental highway."

REBELS THREATENING TOWN IN TEXAS

EL PASO, Tex., Aug. 5.—Reports received here today state that 2500 rebels are threatening Candelaria, Texas, and frantic appeals for aid have been sent to Marfa, Texas, for troops.

Refugees crossing the border bring news that General San Jines' federal troops met with disastrous defeat at Corralitos, and that another body of federals is moving on Juarez.

Frankie Conley Wins
SACRAMENTO, Aug. 5.—Frankie Conley of Kenosha, Wis., has a decision over Solly Salvatore, the Sacramento bantam, after twenty rounds of fast fighting here. Salvatore's showing was a surprise, and the general consensus of opinion is that he should have been given at least a draw. Referee Harry Krantz was threatened by an angry crowd.

Pair of Stockings for Trousseau
LOS ANGELES, Cal., Aug. 5.—Declaring themselves "sure enough" in love, Robert McNally and Miss Lenore Seawald, "elopers," aged 5 and 7, were returned to their parents today. A big policeman picked them up on Spring street last night. A doll, several articles of doll's clothing and a pair of stockings composed the young lady's trousseau.

Frank Searight Dying
LOS ANGELES, Aug. 5.—Frank Searight, former president of the American Press Humorists association and one of the best known newspapermen in the United States, is dying here. Several months ago he was injured in an automobile accident at San Diego and is now stricken with paralysis as a result.

Wireless operators at Seattle, Wash., are talking organization.

**S.S.S. REMOVES
BLOOD HUMORS**
Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by the cooling, healthy stream of blood. S.S.S. the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.
