1912 GRAIN CROP LARGEST IN HISTORY OF COUNTRY

WASHINGTON, Aug. 10.—This year's grain crop in the United States will be far in excess of last year's yield, it was estimated today by the department of agriculture.

It will be better than the average crop for the last ten years and in case of the number of products will make a new record, if present estimates are not overthrown by conditions now unforeseen.

The corn crop is estimated at 2,811,000,000 bushels, the largest in the nation's history excepting the years 1906 and 1910.

The wheat crop with 680 million bushels it is estimated will rank fifth in size during the last twenty years.

Oats which surpasses last year's crop by 21 million bushels and barley which will yield 292 million bushels are both new records.

To All Members of the Woodmen of the World. You are requested to be present at a meeting to be held Saturday evening at 8 p. m., in our hall on Sixth street, to make arrangements for the funeral of Neighbor L. E. Hoover, to be held at the Baptist church at 2:30 Sunday.

HOW ONE WOMAN WON Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.
