JOLTS AND JINGLES By Ad Brown

Next time you see a Salvation Army box on a store counter shake it and then jar loose.

One merchant says that the only customer he ever knew to drop anything in the box in his store is a waitress who always puts in the small change she receives when making a purchase.

The merchants themselves occasionally drop in a dime for the honor of their establishments.

The third barber from the end persists in talking about "slushing" the streets. No amount of correcting will make him change.

We all have words we slip up on. I know a school teacher who says "vin-e-gular."

When Marshall accepted the vice-presidential nomination the platform broke occasioning varied Bull Moose jokes about the stability of the democratic platform.

But more likely it was weak because one T. R. stole the best planks.

Another idea of nothing to do is to bake a wedding cake six feet high. A Philadelphia baker is the latest.

Portland is excited about the girl with the pink mask. What I want to know is who is the girl with the pink market basket?

She was there Thursday.

COMMUNICATION.

Shields and Single Tax.

To the Editor: I have looked over the "Oregon Awake" screed of one Shields, who pretends to seriously take issue with the patriotism of Feis, and makes most disingenuous special pleading for the dear ignorant people.

I wish to ask in the interest of sense and fair play one question. I will first remind all concerned that what Mr. Feis has done has been done openly.

Dare Mr. Shields as clearly show the dear people, he is so solicitous about, what is the source of the large sums being spent for the crusade being made by his "league" and in mailing to every voter, and a lot more, his diatribes?

The time is past when that old fake "this is not a country of classes" will be heard with patience; it never was true since 1776. We all know what the beneficiaries of feudalism, the "moneyed classes and landed gentry" of that time succeeded in doing to us in the organization of a government intended to be misrepresentative, as it has been ever since.

OPTIMIST.

PORTLAND, Ore., Aug. 22.—An announcement of a reduction in prices that is believed to be a declaration of war on independent salmon packers was made in Portland and other Pacific Coast cities today by the Alaska Packers' Association.

Red \$1.40, as against \$1.65; medium red \$1.15, as against \$1.45; pink 65 cents, compared with \$1; chums 52 1/2 cents compared with 95 cents.

WESTVILLE

"WESTVILLE," as the camp of the convicts established in Jackson county was christened by the prisoners, proved a success and demonstrated the wisdom of the honor system established by Governor West, and the needlessness and inhumanity of much of our prison system.

The "honor men" were prisoners selected on account of good behavior, usually short term men, who were placed upon their honor to work to the best of their ability, and to make no attempt at escape.

November first the camp was established at Florence Rock on the Crater Lake road. Twenty-seven prisoners were sent from Salem by train, some three hundred odd miles, and "hiked" another twenty miles across the mountains, without guard, to the camp, in whose creation they took an active part.

A foreman was in charge of the work, and a commissary agent had charge of the supplies, both paid by the county. There were no others employed, except occasional teamsters to haul supplies or work along the grades.

No guards over the men were employed and no system of espionage necessary. The men proved, with an occasional exception who was returned to the penitentiary, willing workers, averaging as great a percentage of efficiency as any free labor camp of equal size.

Westville proved profitable to the state, which was relieved of the burden of caring for the prisoners, to the county, which secured the labor at a fraction of what it would have otherwise cost, and to the honor men themselves, who secured the freedom of open air employment in exchange for penitentiary employment under guards.

Temporary discontinuance of the camp is due to the shortage of honor men at the penitentiary, and the great demand for them from various sections of the state. It is to be regretted.

Westville has, however, justified its creation and as the pioneer honor camp, will help revolutionize the treatment of prisoners, and prove of untold benefit to humanity. Governor West is to be congratulated for his courage in inaugurating the reform in prison policy, and the county court for furnishing the opportunity and its loyal co-operation in making successful—despite knocks of calamity howlers—an experiment that means so much to futurity.

LEAGUE FORMED TO DISCIPLINE CHILDREN

LONDON, Aug. 22.—Bad children are in for a bad time when a new league, which has just been formed to combat "indiscipline" in the homes and schools, gets into working order.

Among its founders are social reformers with such widely divergent views as Cardinal Bourne, Rev. F. B. Meyer, Arch Deacon Sinclair, headmaster of Eton College; respectively Roman Catholic, Non-Conformist and Church of England; and the Duke of Devonshire, the Earl and Countess of Meath, Viscountess Hudd; Sir George Reed, high commissioner for Australia, and Mrs. Bramwell Booth.

The league finds, to its regret, that too many children are allowed to grow up without guidance or control, and consequently its members have embarked on a vigorous campaign to stir up parents to a proper sense of their responsibilities and duties.

Notice is hereby given that the undersigned will apply to the city council at its meeting to be held September 3, 1912, for a license to sell malt, spirituous and vinous liquors in quantities less than a gallon at its place of business at No. 31 S. Front street, city of Medford for a period of six months.

NAPPING WOULD PROTECT WIDOW

LOS ANGELES, Aug. 22.—"I don't want to carry the case any farther, she has learned her lesson and is sorry."

Napping arrived from San Francisco last night. He had nothing to say when told that he probably will be sent back to the Golden Gate city to aid in the clearing up of his charges. Mrs. Brown is still held in San Francisco, where she was brought from Portland last week.

GEORGE F. ROGERS CANDIDATE FOR CONGRESS

Word has been received in Medford that George F. Rogers of Salem, Oregon, head of the Rogers Paper company, is seriously considering running against Congressman Hawley on the Progressive ticket.

It is also probable that Mr. Rogers will open his campaign in Medford. In a recent letter Mr. Rogers wrote "The prospects are that I will enter the contest under the progressive banner when Mr. Hawley declares himself for Roosevelt and the progressive platform. I do not wish to step in the way, however, of any good man, whom it is thought can win in the race. I do not wish to insist there shall be a progressive ticket but I believe that if our party is to stand for its principles a national legislative ticket should be placed in every district in the United States, for we can accomplish little."

ALICE BROWN HELD FOR NAPPING'S RETURN

SAN FRANCISCO, Cal., Aug. 22.—Although convinced that the charges against her would be dismissed when she appeared in court here today, Mrs. Alice Brown, who was arrested in Portland on the charge of having fleeced David Napping, an aged Illinois farmer, out of \$3,800 on promise of marriage, was ordered held for further hearing by Police Judge Shortall.

The case was continued until Saturday to allow Detective William Boyle to bring David Napping back from Los Angeles, where the complainant fled, intent upon dropping further proceedings.

BURNS POISON STORY IS OFFICIALLY DENIED

DENVER, Col., Aug. 22.—Investigation of a report that Detective William J. Burns had been poisoned here yesterday proved to be untrue. Burns was taken ill yesterday and called a physician, who said the noted detective was suffering from a slight attack of indigestion. Burns left here last night for the east, completely recovered.

WOMEN WITH BEARDS CAN WEAR MALE CLOTHES

PARIS, Aug. 22.—If a French woman wants to wear masculine attire she ought to grow a beard, is dictum of the police department here. France has a law prohibiting women from wearing the clothes of the sterner sex, but the recent granting of permission to Mme. Dieulafoy, wife of a prominent Parisian, to wear male clothes—she is now the only woman in France who is entitled to do so—led to queries being addressed to the prefect. The police officials declared that Mme. Dieulafoy was a special case, but the only ground officially recognized by the department was that the applicant was troubled with a beard.

"How to Start a Rifle Club."

A very interesting 16 page illustrated booklet has just been issued by the J. Stevens Arms & Tool Co., Chicopee Falls, Mass., entitled "How to Start a Rifle Club." This booklet tells in detail what the National Rifle Association has done for the encouragement of rifle practice in this country—incorporates by-law—points on shooting—how to build a rifle range—N. A. R. trophies and medals. It also describes the famous Stevens "Semi-Military" and "Armory Model" rifles, which have such a string of notable victories to their credit the past season.

ROSEBURG SUSPECT TAKEN TO EUGENE

ROSEBURG, Ore., Aug. 22.—The Negro, Harris, arrested here as a suspect in the case of 12-year-old Mildred Green, the girl who was murdered and outraged at Eugene, will be taken to Eugene tonight for examination by Eugene authorities. Roseburg officers expressed the belief today that Harris is not the man wanted. He told the officers a clear story of his actions since the night of the murder and says he can substantiate it.

LAST FREE SPEAKER LET OUT OF JAIL

SAN DIEGO, Cal., Aug. 22.—The last of the street speaking cases to come before the courts here as a result of the recent fight was ended today when Kaspar Bauer, prominent socialist, was set free in the police court, where he had been tried on a charge of disturbing the peace as a result of a street meeting. He was accused of having used vile language to a policeman.

SOCIALISTS PLAN MONSTER DEMONSTRATION IN HOLLAND

THE HAGUE, Aug. 22.—A monster demonstration by the Social Democratic party of Holland in favor of general adult suffrage is being planned in connection with the opening of parliament in September. The coming session will be the most crucial in the history of the Dutch suffrage movement, as the project for the revision of the con-

PEOPLE SHOULD GUARD AGAINST APPENDICITIS

Medford people who have stomach and bowel trouble should guard against appendicitis by taking simple buckthorn bark, glycerine, etc., as compounded in Adler's-I-I, the German appendicitis remedy. A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY because this simple mixture antiseptically cleanses the digestive organs and draws off the impurities. L. B. The highest point of woman's happiness is reached only through motherhood. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. In Mother's Friend is to be found a medicine of great value to every expectant mother. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes.

stitution to provide for woman suffrage is to be taken up by the government. The Women Suffrage Association has issued an urgent appeal to the men of Holland, asking them to give political freedom to women in 1913, as that year marks the centenary of the recovery of national independence.
