EAGLE POINT EAGLES.

(By A. C. Howlett.)

As an illustration of the advantage of advertising in a live paper, will remark that A. J. Daley put an ad. in another paper for a week for a lost auto tire, with no results, and finally he was talking to me about it and in the run of conversation asked me to put it in the Mail Tribune for a week; and the result was that he soon found his tire. The ad. had been read and reported and he was notified to call at one of the garages in Medford and take his property.

Last Friday was rather a warm day and while I was striding around town in search of Eagles for the Mail Tribune I fell in company with Ed Wolfner, our tomato and strawberry man and in speaking about the temperature he remarked that he had been picking tomatoes that day and had been picking them green for shipment and that the sun was so hot that it turned them red before he could get them to the house, but that he has some that are so yellow that they can't turn red. Houser of Portland, an exporter, practically secured a corner on all brewing barley produced in this region, and made a profit of a quarter of a million last year by a similar deal. He sold the barley in the east last year, and this year will sell in Europe on account of a shortage in brewing barley there. The Dayton pool amounting to 129,999 sacks was bought at \$1.25 per hundred. Individual lots aggregating 125,000 bags were also bought later.

GOVERNORS TO OPEN APPLE EXHIBITION

SPOKANE, Wash., August 29.—Chief executive of four northern states and Lieutenant Governor T. W. Paterson of British Columbia have been named to play an important part in the fifth National Apple Show to be held in Spokane in November. R. Ininger, president of the Chamber of Commerce, appointed Governors M. E. Hay of Washington, Oswald West of Oregon, James B. Hawley of Idaho, and Edwin L. Norris of Montana, to the Board of Governors, which also is composed of leading apple experts in every fruit district of the Northwest. W. T. Day of Spokane, newly elected chairman of the board of trustees, said: "The splendid apple crop assures the best national apple show in our history. Fruit men throughout the west will harvest one of the biggest crops in history, and I anticipate an exhibition of millions of apples of surpassing quality and color. The show will give special attention to three problems concerning owners of commercial orchards in the Pacific Northwest, namely, transportation, markets and the profitable utilization of orchard by-products."
