INTERESTING MEETINGS OF WOMEN'S CLUBS.

A large attendance of ladies and children sixty-three in number, were present at the "Home coming" of the Ladies Aid Society of the First M. E. church Wednesday afternoon in the men's tent on the church lawn.

The meeting was presided over by Mrs. Chas. Hoy, the new president, she having been elected in July to succeed the retiring president Mrs. Conklin. A committee was appointed to select and purchase a new carpet for the church, repairs are now being made and when completed, the building will be more comfortable in every way, besides will seat 150 people more than before.

In November, a lecture will be given by Rev. Charles M. Sheldon, author of "In His Steps." On account of this fact and the worldwide popularity of his works, particularly "In His Steps" it is hoped there will be a large audience of members and friends to hear this great man.

Although a large number of the ladies have been absent on camping trips and vacations, a fair amount of Ladies Aid work has been accomplished, one circle report 120 calls made during one month, forty-two being made by one lady. The president urges each circle to make extra efforts to make the incoming year the best in the history of the Aid Society. Visit the sick and needy, the strangers and report to some one of the circles, of which there are six and let themselves be known and the ladies will call on them. After a short program of music and readings all repaired to the basement of the church to partake of the delicious watermelon feast, prepared by the Busy Bee circle. A special time was enjoyed and all disbanded and went home to meet again in September.

The opening of the Country Club in its new home last Saturday with golf and tennis matches as the principal features terminated in a charming evening party including a buffet supper and dancing.

The fifty little clubhouse with its "summers" furnishings, chintz draperies and wide porches was the scene of central interest, the dancing taking place on the verandas.

The music was given by three of the members of the Medford Concert orchestra who also gave an impromptu program during the serving of supper. Japanese lanterns, potted plants and early autumn flowers were decorative accessories to the throng of white trousered club members and their daintily gowned guests. The opening, probably marks the beginning of a series of similar parties to follow throughout the coming season.

The present officers of the club are: president, Mr. R. H. Parsons; Secretary, Mr. Chandler Egan, treasurer, Mr. A. S. Rosenbaum.

Every Child Should be Given This Tonic

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.

For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.

For children, the addition of a little sugar will make it so palatable that they will take it readily. Millions of parents have praised it for more than eighty years. Insist on Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.
