

GREAT SUCCESS RAISING HOGS

E. T. McKinstry of Grants Pass does not do all of his boasting for a richer and a better Rogue River valley by word of mouth. He has shown his confidence in the country by getting title to various parcels of real estate and then by demonstrating what the soil can be made to do. One of his late experiments has been in the line of pork. He is a breeder of fancy swine himself, but it was the common scorned porker of the timber that was the basis of this particular demonstration.

Two months ago Mr. McKinstry bought eight pigs, acorn-fed, for which he paid \$40, or \$5 per head. These pigs were at once put on a diet of skim-milk and alfalfa, and later on whole wheat soured in the skim-milk. The smallest pig of the lot has just been killed and marketed, and the returns to the McKinstry exchequer were \$20.80.

All the feed for the pig was raised on the ranch. The milk was a by-product from the dairy herd, and the wheat was of this season's crop. Mr. McKinstry has no record of the wheat eaten by this particular pig, but he says that two bushels is a more than liberal statement. All of which demonstrates anew that all the gold mines of the Rogue valley are not developed through the sluice box. The pig trough finds some of the nuggets.

AMBASSADOR WHOM REPORT SAYS WILL RETIRE

BARON VON HENGMUELLER
AMBASSADOR FROM AUSTRIA-HUNGARY TO THE UNITED STATES

Baron Hengelmueller, Ambassador from Austria-Hungary to the United States, will, according to report, shortly retire from that post and return home. He has represented his country at Washington for eighteen years and is the dean of the Diplomatic Corps at the capital. It is believed that he is relinquishing his post because he has attained the age of retirement in the Austrian diplomatic service.

VOTERS PAMPHLETS ARE MAILED OUT

SALEM, Ore., Aug. 31.—The first batch of pamphlets containing the initiative and referendum measures to be voted on by the people at the general election in November were mailed in the Portland postoffice yesterday. All the pamphlets will be mailed from Portland, where they are being printed, bound, wrapped and addressed.

The batch mailed yesterday consisted of 10 mail sacks full for Grant county, 7 for Lake, 20 for Polk and 10 for Benton. One hundred wrapped copies of the pamphlet weigh 47 pounds, and it will take 1200 large size mail sacks to hold all of them.

Beginning today the pamphlets will be mailed out at the rate of 10,000 a day by the James, Kern & Abbott company, which is handling the work for the secretary of state and is also doing the printing of the pamphlets on a sub-contract from State Printer Dunway.

Secretary of State Olcott yesterday sent to the assistant postmaster at Portland warrants for \$5000 to cover, in part, the postage on the pamphlets.

BOXERS TAKE EYE OF THE LOCAL FANS

Next Monday night when Jim Horner meets Frankie Smith in a ten round boxing bout before the Medford Athletic club local fans will see new faces and a change in the different styles of boxing.

In signing up Horner and Smith Manager Edwards presents a couple of new ones—new to Medford only, but around San Francisco from where they hail they are mighty well thought of and are rated as being very shifty lads.

In their workouts at the training quarters they have shown class and there were quite a number of fans who remarked after watching the boys box, that they would like to see either Horner or Smith in a match with Bud Anderson. Both boys are eager for a chance to meet Anderson as each thinks they can put the steam roller on Buddy if

MISS ADDAMS TO STUMP FOR TEDDY

CHICAGO, Aug. 31.—Jane Addams of Hull House, now preparing her material at Bar Harbor, Maine, will return here shortly to start a stumping tour in the interests of Theodore Roosevelt and Hiram Johnson, according to announcement here today.

Miss Addams plans to make a special appeal to woman voters in the states where equal suffrage exists and in non-voting states she will urge the women to use their influence upon the voting members of their families.

The suffrage plank in the progressive party platform will be her chief asset. She will also speak on child labor and limited working hours for women.

BOY FALLS 2000 FEET FROM BALLOON

FLINT, Mich., Aug. 31.—With every bone in his body shattered by a fall from a balloon at an altitude of 2,000 feet, Chester Betts, aged 14, is dead here today, a victim of boyish curiosity. Chester crowded close to a balloon in which Abner Amabil was started upward, 5,000 spectators at the state fair grounds were horrified preparing to ascend. As the craft to see the boy trailing along, his foot entangled in a guy rope.

Despite warning from Amabil to keep still, young Betts struggled desperately to free himself. Working his foot free, the lad hurtled through the air, his body finally crashing through the roof of a barn.

MAY PROSECUTE CHINESE WHO TREATED SCULPTOR

SEATTLE, Aug. 31.—Action by the prosecuting attorney leading to the prosecution of the Chinese physician who was giving Louis Potter, the noted sculptor, treatment for a dermal ailment when he died, rests with the coroner, it was announced tonight.

Prosecutor Murphy said he believed criminal charges of malpractice or practicing without a license could be brought but no action will be taken by him until he received definite word from the coroner. Coroner Snyder said he was waiting the outcome of a chemical analysis of the stomach contents and blood before proceeding, though he believed the treatment given by the Chinese was responsible for Potter's death.

Potter's woman companion remains a mystery. Neither the prosecutor nor the coroner have seen her and acquaintances of Potter say they know nothing of her whereabouts.

BANKER BY DERELICT'S SIDE; ARREST ON FELONY CHARGE

SAN FRANCISCO, Aug. 31.—Standing beside a drunken, disheveled water-front prisoner, Secretary William Corbin of the Continental Building & Loan association, the dissolution of which is now sought in the courts, answered the questions of the clerk calmly when he was booked at the city prison on charges of having falsified the accounts of the association. Corbin drove to the Hall of Justice in his automobile when he was informed a warrant had been issued, and was released on \$500 cash bail.

The warrant was secured by State building and Loan Commissioner Walker after an investigation which led him to believe the total liabilities of approximately \$318,000 were not offset by assets sufficient to protect the hundreds of shareholders, many of whom were clerks and laborers.

AMERICANS FLEE FROM REBELS IN SONORA

TUCSON, Ariz., Aug. 31.—F. M. Curtis and Bert Cunningham, after a harrowing series of incidents in making their escape from the rebel infested zone of northern Sonora following the killing of three insurgents at the El Oro mine, arrived here today in rags, still carrying their guns.

According to Cunningham, he killed a rebel after one shot at him. As the larger force of rebels was approaching the Americans fled to join thirty federal soldiers. Early in the morning they were attacked by ninety insurgents. The battle lasted from 5 a. m. to 3 p. m.

Thirty rebels were killed, while the federals lost two killed and two wounded. Later the rebels were reinforced and the Americans took to the brush, eventually landing at Nacoari, half starved.

and tomorrow at 2:30 p. m. where they will go through their routine of training for the benefit of the invited public.

There will be a four round preliminary to precede the main event. General admission will be \$1.00. Reserved seats on sale at Nash hotel.

Closing Out Sale of Acreage

I am now offering five-acre tracts at the very lowest prices and am going to close out this acreage in less than sixty days. I mean just what I say—you will not be able to buy five acres of me after Nov. 1, 1912. I know I am making a cut-throat price but it is a pleasure to me to be able to make prices so the purchaser will have a good margin as soon as he closes a deal with me. I bought this land a good while ago and can make lower prices than others who invested on the advanced prices.

This is by far the most desirable district in which to make a suburban home near our beautiful and prosperous city. There are a number of permanent settlers now improving homes and I am planning my permanent home in this same Pierce Subdivision. I have some sixty acres that are not on the market at any price. If Hillcrest is worth \$2,000.00 per acre, the Pierce Subdivision—being closer to the city, free soil and a special water right—can and will be just as valuable with less expense in development and in much shorter time. Don't lose the opportunity of securing one of these five-acre tracts, when you can buy it at a way down figure and on easy terms.

DON'T YOU FORGET IT—all the land I have for sale in this locality will be **CLOSED OUT IN A VERY FEW DAYS.**
