STAR DIVERS OF GERMANY AND ENGLAND CAUGHT BY THE CAMERA

THREE GERMAN EXPERTS

Both Germany and England are proud of their amateur divers. There is great rivalry between the countries, and both of them maintain that they have the best divers in the world.

More attention has been paid to diving in the United States within the last three years than in seasons prior. At all of the ocean resorts the constantly increasing number of swimmers has brought about an increased number of divers.

MISS BELL WHITE, LONDON

Some of the American professionals are very capable, but whether the American amateurs are equal to those of England and Germany is a question.

Some snapshots are given above of some of the more expert divers on the other side of the Atlantic. All of them were caught in midair, and Americans may obtain a fair idea of their grace and skill from the photographs of the foreign stars.

It is asserted that the American divers are perfectly fearless and very daring, but lack the grace of the foreigners.

RESULTS TELL

There Can Be No Doubt About the Results in Medford

Results tell the tale. All doubt is removed. The testimony of a Medford citizen.

Can be easily investigated. What better proof can be had? T. J. Williams, 617 Oakdale Ave., Medford, Ore., says: "In 1907 after Doan's Kidney Pills benefited me so greatly, I publicly recommended them. At this time I am again pleased to speak in their praise and give permission for the continued publication of my testimonial. I suffered for years from kidney and bladder trouble, the symptoms being slight at first, but becoming worse as time passed. The pains in my back became so acute that I could hardly endure them, and as the result of restless nights, I arose in the morning all worn out. Often I was so lame and stiff that I could not stoop and headaches and dizzy spells were common. I tried so many remedies without being helped that I became discouraged, but when Doan's Kidney Pills were recommended to me, I decided to take them as a last resort. I procured a supply at Haskin's drug store and after using two boxes, I could see that a great improvement had been made. I grew better from that time on and was soon free from kidney complaint."

POTTER'S DEATH REMAINS MYSTERY

SEATTLE, Wash., Sept. 4.—The body of Louis Potter, the sculptor, who died here last week following a course of treatment by Leo Hung Chow, a Chinese physician, is on its way to New York today. Following a thorough chemical analysis by Dr. E. P. Fick, the immediate cause of Potter's death remains a mystery. No trace of any known poison was found. Mysterious minute crystals were discovered by they yielded no poisonous ingredients. Dr. Fick believes that there may have been a poison in the herbs used by Potter which evaporates spontaneously and leaves no trace. Death may have been caused also, he says, from an over-dose of non-poisonous drugs.

Coroner Snyder will hold no inquest. The Chinese physician has completely effaced himself and no clue to his whereabouts has yet been discovered.

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, hick appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anaemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S.S.S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S.S.S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S.S.S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the overstrained nerves, and makes one feel better in every way.
