

## CONGRESS MAY BE CALLED IN EXTRA SESSION

### President Taft Will Not Permit Invasion of Mexico Without Legislative Sanction—Situation Regarded as Critical

### New Revolt in Southern Mexico—General Wood in Consultation With Members of Staff.

WASHINGTON, Sept. 9.—With the war department showing great activity, a voluminous exchange of telegrams passed between President Taft at his summer home in Beverly, Mass., and officials here today, growing out of the Mexican border situation. It is not believed that the president will permit the invasion of Mexico by United States troops without the consent of congress.

If it is decided to call a special session of congress, an announcement to that effect is looked for today.

It is said that reports of a new revolt in Southern Mexico have been received, but as they are of a confidential nature the dispatches have not been made public. President Taft is receiving a copy of all messages from the frontier.

Lieutenant General Wood, chief of staff of the United States army, was at his office early today after consulting with members of his staff throughout the night.

NOGALES, Sept. 9.—Further raids on American ranches by General Salazar's Mexican rebels, who are encamped across the border near Lang's ranch, Arizona, are imminent, according to reports from the ranch today. Major Rice, with a portion of a cavalry squad, is guarding the border. Cowboys, heavily armed, are acting as scouts.

DOUGLAS, Ariz., Sept. 9.—Arms and ammunition consigned to American residents of Cananea, Sonora and surrounding territory are being held up here today pending assurances that they will not fall into the hands of Mexican rebels when sent across the line. They will be shipped when it is certain that the railroad as far south as Naco, Ariz., is clear of the Mexican government furnishes an adequate guard for their transportation.

EAGLE PASS, Texas, Sept. 9.—Intolerable conditions in Mexico are causing another exodus of both Americans and natives. Refugees arriving here today said that many non-combatants had been hanged across the border.

The rebels are operating along the frontier between Eagle Pass and El Paso, and many ranches are reported to have been raided.

## RUSSIAN MUTINEERS KILLED BY TROOPS

BERLIN, Sept. 9.—One hundred persons met death and two hundred others were wounded in a battle between a mutinous battalion of Russian engineers and a regiment of the Czar's infantry, according to messages received here today from St. Petersburg. The location of the fighting is not given. The mutineers surrendered after a desperate clash.

Beyond declaring a proclamation of martial law, has been issued and the statement that the mutiny has spread to only a few ships, the Russian government is suppressing details of the naval mutiny at Sebastopol.

## KLAUS WINS RING FIGHT FROM FRENCH CHAMPION

VICHY, Sept. 9.—After four rounds, during which he received a terrific beating at the hands of Frank Klaus, the Pittsburg middleweight, Marcel Moreau, French middleweight champion claimant, quit here today. Klaus was awarded the decision.

## EARLY VOTE IN MAINE IS VERY LIGHT

### Governor Plaisted, Democrat, Claims His Re-election by Ten Thousand—Bull Moosers and Regulars Are Working Together at Polls.

### Red-Hot Congressional Fight Being Waged With Test Vote on Roosevelt.

PORTLAND, Me., Sept. 9.—An expected early rush to the polls in Maine's state election today failed to materialize, the early voting being very light.

Governor Frederick W. Plaisted, democrat, declared he would be re-elected by 10,000 majority, which is more than he received last election, while William T. Haines, republican candidate, is also satisfied that he will win, but gives no figures.

What is considered the surprising part of the situation is that the bull moose and the republican leaders, having done all they can for each other, are actually at work today on material with which to swat each other after the election is over.

The names of Roosevelt and Toffi have not been mentioned in the campaign. Plaisted is said to have dared Haines to declare for whom he stands, but Haines closed the campaign without doing so.

The democrats appear to be the most confident of victory.

A red-hot congressional fight is also on today, the most interesting contest, perhaps being that between Michael O'Brien, progressive democrat, and Asher Hinds, former parliamentarian of the house, and out and out Taft man. If O'Brien beats Hinds there will at least be one test vote between a progressive democrat and a reactionary republican, and upon that vote may rest a prophecy of what is to follow in Maine in the national election.

## INNOCENT NEGRO LYNCHED BY MOB

BLUEFIELD, W. Va., Sept. 9.—Arrested on a charge of murder, Gordon White, father of Nita White, the fourteen-year-old girl whose charge that she had been attacked by a negro led to the lynching of Walter Johnson, was released here today on \$10,000 bail.

As a result of the investigation between fifty and seventy-five arrests are expected. Johnson is believed now to have been innocent of the crime.

An outbreak is feared as the negroes here are outspoken in their condemnation of the lynching of Johnson.

## MOTHER JONES DEFIANT OF MARTIAL LAW

CHARLESTON, W. Va., Sept. 9.—Mother Jones, labor's foremost woman leader, entered a miner's cabin in the Paint Creek martial law district here today and voiced defiance when told that the militia were awaiting an opportunity to arrest her on a charge of making inflammatory speeches. She confided that she had just as soon sleep in jail as in a hotel and would give the soldiers a chance to bring about her arrest.

The militia has been ordered to arrest Mother Jones on sight.

## CITIZENSHIP ASSURED TO LEONARD OLSSON

WASHINGTON, Sept. 9.—The rights of citizenship were practically assured Leonard Olsson of Seattle today by a ruling of the department of justice. The case had been appealed to United States court of appeals, but the department of justice agreed to reverse former Judge Cornelius Hanford's decision, thereby avoiding a court contest.

## EXPERT GOLFERS ENGAGED IN NATIONAL CHAMPIONSHIP TOURNEY.

C. W. INSLEE

H. H. HILTON

JEROME D. TRAVERS

## TURKISH PRINCE DISAPPEARS; FOUL PLAY IS HINTED

SYDNEY, Australia, Sept. 9.—Prince Dickram, a young Turk, the ruler of the little principality of Albania in Turkey, has disappeared at Melbourne, and all sorts of rumors are afloat that he has been murdered.

Prince Dickram is a vigorous supporter of the progressive party in Turkey and for several weeks he has been travelling over Victoria, delivering lectures on the subject of his country's mis-government with a view to enlightening the people on the struggle now being waged in his native land.

His mission in Australia is only a part of the journey he is making over the entire civilized world, for it was stated as his purpose to stir interest and feeling against the government installed at Constantinople and enlist universal sympathy for the revolutionary party.

He came to Australia from Vancouver, B. C., following a lecture tour in America and it is considered possible by friends of his here that his political enemies have taken drastic steps to silence the dangerous message he has been spreading.

All during the time he was in America, it is now known, he was watched and followed constantly by spies of the Turkish administration, and when he came to Australia, spreading the gospel of the awakening, they continued to dog his footsteps, following him every place he has gone in New Zealand. He was last seen in Ballarat.

## MEXICO BLAMED FOR DULL STOCK MARKET

NEW YORK, Sept. 9.—The stock market opened irregular today. Union Pacific, United States Steel and some others were weak, while Canadian Pacific, on reports that the way was now clear for an increase in capital stock, and some specialties, were strong. Sears-Roebuck jumped six points and Goodrich Rubber five. The situation in Mexico was held responsible for the dull and heavy tone.

The market closed steady. Bonds were steady.

## SEATTLE TO GIVE TEDDY OVATION

SEATTLE, Wash., Sept. 9.—When Colonel Roosevelt arrives here tomorrow morning he will be greeted by the biggest demonstration ever given any man here. A big parade, in which thousands will participate will be marshalled by former Adjutant General George B. Lamping, and will be formed at the depot, marching up Second avenue. Roosevelt will deliver two addresses here, speaking in the morning at the Dreamland Rink and in the afternoon before the state progressive convention. He will be introduced at the Dreamland meeting by "Bob" Hodge, progressive nominee for governor. The city is decorating today and will put on a holiday appearance tomorrow.

"CHICK" EVANS

Jerome Travers, of Upper Montclair, for the third time is golf champion of the United States. He defeated Charles ("Chick") Evans, Jr., of Edgewater, at Wheaton Saturday, 7 up 6 to play, in the finals of the National amateur championship.

The East, represented by Travers, metropolitan champion, met the West in the person of Western Amateur Champion Evans, and Evans met the fate he has meted out to his successive opponents in this tournament, losing by a long score.

## JOSEPH BROWN OF JACKSONVILLE KILLED AT HILT

YREKA, Cal., Sept. 9.—Declaring with his last breath that a Greek foreman had fired two bullets into his body without provocation, Joseph Brown, aged 27, was found in a lumber yard at Hilt, near here, today and died shortly afterward. No arrests have been made.

Brown came from Jacksonville, Or., yesterday, and was to have started to work today.

The Joseph Brown referred to in the above dispatch is evidently a young man who was recently charged with larceny from a building and committed to the county jail at Jacksonville. The grand jury failed to find a true bill against him and he was released. He was last seen at Jacksonville on Saturday. No other Joseph Brown is known at Jacksonville.

## POST OFFICE CLERKS ON COAST ORGANIZED

SAN FRANCISCO, Cal., Sept. 9.—To carry on organization work on this coast, Oscar F. Nelson, national president of the post office clerk's union, is expected to arrive here tonight from Los Angeles. He will spend a week between the bay cities and his trip will extend as far north as Portland and Seattle.

Tomorrow night Nelson will address a gathering of post office clerks from Oakland and Berkeley at Redmen's Hall, Oakland. He will later be tendered a banquet here.

On his way north Nelson will stop at Sacramento.

## GIRL BEARS STORY OF LIFE TO SAVE HER FROM GALLOWS

PORTLAND, Ore., Sept. 9.—Going on the stand in her own defense, Hazel Irwin, 20 year old girl, charged jointly with Willard Tanner with the murder of Ray Wallace, today bared her life history to a jury here. She did not spare herself, telling frankly of her scarlet life but denying guilt in the killing of Wallace. After telling her story she fainted.

The Irwin girl told of her betrayal in girlhood and after that of her life in a resort in Oakland, Cal., and as a woman of the Barbary Coast, San Francisco.

After meeting Tanner in San Francisco, the two came to Portland, Tanner deserting the army. Neither Tanner nor she could get work so she resumed her immoral life, it being, as she said, "either that or starve."

She admitted luring Wallace to the rooms occupied by herself and Tanner, where he was killed. She said Tanner struck the young man from behind with an iron bolt killing him almost instantly.

Arguments were scheduled to be heard this afternoon.

## LOVE-CRAZED YOUTH SHOOTS UP FAMILY

VANWERT, Ohio, Sept. 9.—Four people are wounded and one dead here today following the murderous assault of Ernest Verrbeke, 22 years old, who emptied a shotgun through the window of Richard Marten's farm house while the family were at supper and then shot himself in the stomach, dying almost instantly.

Verrbeke had been repulsed by Bertha Marten. The wounded are: Mrs. Marten, shot in the back; Bertha Marten, wounded in the face and throat; Clara Marten, shot in foot; and Camille Alleemete, a farmhand, shot in the head.

## GENERAL M'ARTHUR IS BURIED AT MILWAUKEE

MILWAUKEE, Wis., Sept. 9.—With quiet ceremony, according to his last wishes, Lieutenant General MacArthur, U. S. A. retired, who dropped dead while addressing a gathering of his old comrades, was buried in Forest Home cemetery here today.

The services were conducted by Rev. Dr. Paul B. Jenkins of Immanuel Presbyterian church and consisted of only scriptural reading and prayer followed by the reading of Wordsworth's poem, "The Happy Warrior."

BIDDEFORD POOL, Maine, Sept. 9.—After a visit with his brother Charles, President Taft left here by automobile today for his summer home at Beverly, Mass.

The president expects to arrive here this evening, when he immediately consider the communications awaiting him regarding the situation in Mexico.

## ALL SPOKANE TURNS OUT TO GREET TEDDY

### Twenty-five Thousand People Hear Colonel Speak of Theft of Washington Delegation at Chicago Convention.

### "If We Win, We Will Smash Both Old Machine Parties to Flinders," Declares Bull Moose Candidate.

SPOKANE, Wash., Sept. 9.—The inland Empire City today gave Colonel Roosevelt the most enthusiastic reception yet accorded him on his swing around the circle.

Twenty-five thousand people packed the streets in front of Masonic Temple and gave the colonel a good start by yelling for him to "throw his hat in the ring."

### Hat Out of Ring

"Well, the way the sun shines in my face, I guess I'd better take my hat out of the ring and put it on my head," the colonel retorted, the "theft of the Washington delegation at the Chicago convention," was the theme with which Colonel Roosevelt opened. "This was pre-eminently a state where the people were defrauded of their right to say who their nominee should be," the colonel declared. "I believe Washington is for Roosevelt," he resumed. "You bet," the crowd yelled, and the colonel grinned, delightedly. "However," he resumed, "I'm not going to talk about the republican party, I don't discuss dead folks. I'm against those who pay for political services with judgeships and district attorneyships. If we win, we will smash both the old machine parties to flinders."

### Proud of Country Life

"One of the things of which I was most proud when I was president," the colonel declared, "was the country life commission. I want to see the cities grow, but not at the expense of the country. The welfare of the nation depends upon the wealth of the country. Congress was not awake when they considered that commission. They would not appropriate money to print the report, but the business men of Spokane did print it themselves."

Continuing, the colonel reiterated his plans for reducing the high cost of living by bringing the farmer directly in touch with the consumer.

### Recall of Judicial Decisions

Roosevelt explained in detail the workings of his plan for the recall of judicial decisions.

"I don't propose for the people to exercise any control over the purely judicial functions of the judge," he declared, "but I do most emphatically propose that the people and not the judges shall decide what the policy shall be in all matters of social and industrial justice."

"What about the Cronin dam?" an auditor yelled. The colonel turned angrily around.

"I don't know what you want to know," he answered. "Ask me what about the procession of equinoxes."

### AMERICAN PROTESTS AWAKEN MEXICO

WASHINGTON, Sept. 9.—Stirred by the demands of Washington officials the Mexican government today assured the state department here that 500 troops would be sent at once to Cananea, state of Sonora, where American lives are threatened by rebel attacks. The present federal garrison there was deemed insufficient by the United States government to withstand the rebel attacks for any length of time.

## VEDRINES WINNER OF AVIATION SPEED CUP

CLEARING, Ill., Sept. 9 (Flying Field, Chicago).—With perfect weather Jules Vedrines of France today averaged 105 1/2 miles an hour here in the Gordon Bennett aviation cup races. The general opinion is that Vedrines will be the winner of the meet. No American machine was able to do better than an eight miles an hour, and in the competition against time each contestant must fly 124 miles. They can fly at any time during the day.

Vedrines' time was 1 hour, 10 minutes and 56 seconds. The fastest lap was the eighteenth, when he flew 4.14 miles in 2:18.

American aviators declare there is no use of them flying, as they admit they cannot beat Vedrines' time. Provost, Vedrines' teammate, and Thompson and Beck, Americans, will fly later in the day.

## WILSON WILL MAKE WESTERN SPEAKING TOUR

### Democratic Nominee Decides to Extend Trip Through Mississippi States—Will Probably Follow Roosevelt—Candidate Is Mobbbed

### Effect of Tariff on High Cost of Living Dwelt Upon—Price of Meat Here and in England.

NEW YORK, Sept. 9.—Governor Woodrow Wilson of New Jersey, the democratic nominee for president, intends to strengthen his fences in the middle west.

This much was made certain here today at a conference at national democratic headquarters, attended by Wilson and a number of his political advisers, including Rudolph Spreckels of San Francisco. Following the conference it was admitted that Wilson's western trip opening at Sioux City, Ia., would be extended, but just how far has not been determined.

### May Follow Teddy

Governor Wilson may follow in the wake of Colonel Theodore Roosevelt's western trip. This trip, it is understood, will not be made in the one to be started at Sioux City, September 17, but may be made in one that is to follow.

Governor Wilson was fairly mobbed here today at the opening of the tariff exhibition. The crowd was so big that an overflow meeting was held in Union square.

Discussing the tariff and its effect on high living, Governor Wilson said:

"The price of meat has increased here from 20 per cent to 30 per cent in ten years. It has remained stationary in England, though the same people control both markets. With its fingers on one's stomach the meat trust may say, by fixing the amount of meat one may eat how many red corpses one may have in the blood."

### Those Who Attended

Governor Wilson maintained that the present tariff meant fewer jobs for the workers and putting the control of the output of industries in the hands of a favored few.

The conference concerning Wilson's speaking tour, besides Vice-Chairman McAdoo, was attended by Charles R. Crane of Chicago, United States Senator O'Gorman of New York and Rudolph Spreckels of San Francisco.

The democratic platform declarations for a bureau of public health and strengthening the pure food laws were endorsed by a meeting of the Colony club by Dr. Woods Hutchinson. Dr. Harvey W. Wiley, former chief of the bureau of chemistry, also wired his approval.

## AMERICAN PROTESTS AWAKEN MEXICO

WASHINGTON, Sept. 9.—Stirred by the demands of Washington officials the Mexican government today assured the state department here that 500 troops would be sent at once to Cananea, state of Sonora, where American lives are threatened by rebel attacks. The present federal garrison there was deemed insufficient by the United States government to withstand the rebel attacks for any length of time.

It was also stated that the railroad between Naco, Arizona, and Cananea, would be repaired within two days. This will allow the transportation of rifles and ammunition to the 500 or more American residents of the town.

DETROIT, Mich., Sept. 9.—That he is entirely ignorant of any plan by which John J. and James B. McNamara, convicted of dynamiting the Los Angeles Times building, are to be given their liberty, was the declaration here today by Governor Hiram Johnson of California, the progressive nominee for vice president.
