GAYNOR FIRST WITNESS HEARD GRAFT INQUIRY

NEW YORK, Sept. 9.—When the aldermanic probe into the alleged alliance between the underworld and the police began here this afternoon Mayor William J. Gaynor, it was expected, would be the first witness to testify. He will be permitted to use his own judgment in testifying and will not, it is reported, be cross-examined. Police Commissioner Rhinelandt Waldo will follow the mayor on the stand.

The probers expect to show that Waldo has been duped by his closest advisers, and witnesses will be introduced to show that such a condition has existed.

There is said to be an understanding between Justice Goff, who will preside at the trial of Police Lieutenant Charles Becker for the murder of Herman Rosenthal and District Attorney Charles S. Whitman, by which none who might gain immunity will be permitted to testify.

Because of certain threats that have been made, District Attorney Whitman has agreed to segregate the witnesses and have them guarded on the way to and from court when the Becker trial opens Thursday.

Wilson Plans to Campaign in West

NEW YORK, Sept. 9.—Governor Woodrow Wilson, the democratic nominee for president, conferred again today with William G. McAdoo, vice chairman of the national committee, as to whether he should actively enter into the fight in the middle west. It was believed Governor Wilson would decide to make such a trip.

The chief question that is being threshed out today is whether Wilson's tour next week shall be extended or a later one arranged. All the speakers campaigning in the middle west have urged the desirability of Wilson personally stumping these states. His presence, they say, is badly needed in some sections.

THINKS HE SAW BANDIT'S WIFE MAN'S CLOTHES

William Hammitt of Central Point Saw Woman With Familiar Face at Grants Pass in Man's Clothing—Now Thinks It Mrs. Lounsberry

Federal Officials Still Endeavoring to Connect Lounsberry With Yonaculla and Other Robberies.

That he saw a woman dressed in boy's clothing at Grants Pass last summer, whose face seemed strangely familiar, and that he now believes it to have been Mrs. Wells Lounsberry, wife of the Rogue River orchardist-bandit, are the statements made by William Hammitt, a Central Point plumber, to a postoffice official this morning.

While Mr. Hammitt states that he is not prepared to swear that the person he saw was Mrs. Lounsberry, he is strongly of that opinion. He is not certain of the exact dates, but believes that it was shortly before the Fourth of July.

According to Mr. Hammitt, he visited Grants Pass with a friend and spent but a short time there. While walking down the street with a friend they noticed a slight person walking ahead of them. Mr. Hammitt's companion stated that he believed that it was a woman in man's clothing. Mr. Hammitt then looked at the supposed man and says that he is certain it was a woman.

"The face seemed strangely familiar to me at the time," states Mr. Hammitt, "and I remarked on it at the time. Just before we reached the party she turned and walked into a store. I never thought of connecting the party with Mrs. Lounsberry until recently. Of course, I could not swear that it was her, but I am strongly of that opinion."

Mr. Hammitt states that he has had considerable business with the Lounsberrys and knew them well in a business way.

The federal officials are still endeavoring to connect Lounsberry with several other robberies in the west and are closely checking up the times he was absent from home.

Mrs. Lounsberry is due home from Topeka, but according to neighbors has not arrived as yet, although expected since last Saturday.

SHRINERS HAVE DIFFICULT TRIP

Marooned at Marshfield for nearly a week, members of Hilarik Temple, Mystic Shrine, of this city and Ashland, are arriving home in vehicles of two to six daily from their recent pilgrimage to the coast.

Owing to the heavy rains on the eye of their homeward journey, the hot sands between Roseburg and Marshfield were transformed into unfathomable bogs, which defied locomotion of the gasoline engines.

A few nobles have reached home safe and sound, but the majority are stranded all the way between Crescent City, Bandon and Marshfield. The first to arrive shipped as supercargo on a coaster plying between Coos county ports and the Columbia river, coming home by way of Portland.

When people read about the cures made by a medicine endorsed from far away, is it surprising that they wonder if the statements are true? But when they read of cases right here at home, positive proof is within their reach, for close investigation is an easy matter. Read Medford endorsement of Doan's Kidney Pills.

F. W. Gray, 507 Palm St., Medford, Ore., says: "A few years ago my kidneys began to bother me and the trouble was aggravated by my occupation, which required me to be on my feet the greater part of the day. When I began work in the morning I felt alright, but after I had been on my feet for a couple of hours, my back began to pain me and at night I would scarcely be able to straighten. In some way I heard of Doan's Kidney Pills and began using them. They cured me in a short time and in return, I am pleased to recommend them."

MEDFORD WINS SCORE 8 TO 5

By a score of eight to five the Medford baseball team defeated Grants Pass Sunday on the local grounds. The game was fast throughout and enjoyed by a fair sized crowd.

The weather during the afternoon was all that could be desired and the diamond was in fair shape.

The local boys got away well and were never in danger. Wheeler Osborne did not pitch as expected as he was called to the Northwest League for a try out.

ROADS WILL BE GOOD FOR EXCURSION

With indications for fair and warmer weather for the next two weeks, and with the roads rapidly drying out, indications are that the trip of the scientists from all sections of the world to Crater Lake a week from today will be a splendid success. For a time it was feared that the weather would seriously interfere with the trip. The county is doing considerable work on the road.

The Commercial club committee, in charge of the excursion to the lake, are making all arrangements to convey the party to the lake and return.

CANADA TO CALL GERMANY'S BLUFF

OTTAWA, Ont., Sept. 9.—J. A. M. Aikens, M. P., for Brandon, arrived here today from a trip to Britain and the continent. Asked regarding the interview purported to have been given by him, in which he was quoted as saying that England and Germany were now in an actual state of war, Mr. Aikens says that he was both misunderstood and misquoted.

What he wished to convey was that the two nations are playing a war game. Both have drawn cards and it is now a matter of the one out-guessing the other as to their respective hands. Should Germany once believe that she held the winning hand, war would be on.

Mr. Aikens says that it is for Canada to take cards and show Germany that the empire holds an overwhelming hand. Then, he believes, the Germans would leave the table and quit the game.
