

HAYES DISMISSED FOR FAILURE TO RAID TENDERLOIN

NEW YORK, Sept. 14.—Police Commissioner Rhinelander Waldo's action in reducing Cornelius G. Hayes from an inspector of police to a captaincy, for failure to raid disorderly resorts in his district, was upheld here today when Hayes was dismissed from the force for making false statements.

When censured for the freedom he allowed the resorts, Hayes shifted the blame to Waldo's shoulders, asserting he had written instructions from the commissioner not to molest these places unless he had direct orders from Waldo himself. The commissioner denied this, demanded that Hayes produce and, when it was not forthcoming, reduced him to a captaincy and then temporarily suspended him from the force.

Deputy Police Commissioner McKay, who presided at the hearing, ruled that Hayes had not proven his charge against Waldo, and his suspension by the commissioner was made permanent.

BABY MINE TO BE HERE FRIDAY

William A. Brady's laughing success "Baby Mine" is the attraction announced for an engagement at the Medford Theater on Friday, Sept. 20, for its local presentation in this city. "Baby Mine" takes on all the aspects of a screamingly funny comedy that has no let-up in its laughing department. There is no fear of tender sensibilities being offended, for it is an entire wholesome comedy. When a Chicago physician made the statement that there were thousands of husbands who were fondling babies secured by wives at orphan asylums, it gave Margaret Mayo the idea for her play "Baby Mine. The play carries a moral that the habit of telling white lies may lead to unhappy consequences. "Baby Mine" comes here with the reputation of having played a year in New York, eight months in Chicago, and nearly two years in London, which is but a brief record of the comedy's run in the larger cities.

JIM LING'S FATE IN HANDS OF JURY

At a late hour this afternoon the jury in the case of the state vs. Jim Ling for assault with a deadly weapon on the person of Wo Lee, a local Chinaman, had not returned a verdict although they went out at ten o'clock Saturday morning.

A mass of contradictory statements characterized the Ling case throughout. Wo Lee, the complaining witness, not only told a different story from the ones he told when the case was first probed by the police, but contradicted himself while on the stand at Jacksonville. On the other hand, Jim Ling, the defendant, with a better command of English, kept his story straight. It was, however, a simple one, to the effect that while he was at the laundry he was asleep in the upstairs room throughout, and that he knew nothing of the cutting affray until the next day.

Laura Miller, the white slave, who occupied a room at the laundry, stated that she saw the assault occur.

Witnesses for the defense testified that Wo Lee for two days following the assault denied that Jim Ling was the man who had assaulted him.

The case was completed as far as the taking of evidence was concerned Friday afternoon. After a short argument, Saturday morning the case went to the jury at 10 o'clock.

Your Child's Health Your First Thought

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunner to a weak constitution for life.

Such children need Jayne's Tonic Vermifuge which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles enabling the enriched blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed.

For more than eighty years millions of children have been restored to health through the use of this tonic. Insist upon Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.
