

CLARK IS NAMED FOR U. S. SENATOR

SALEM, Sept. 18.—After several hours of inharmonious, the progressive party of Oregon yesterday nominated presidential electors, United States senator and congressmen, and adopted a resolution to place a complete ticket in the field and adopted a platform.

A. E. Clark, a young Portland lawyer, was given the nomination for United States senator, defeating former Senator Mulkey, who was an avowed candidate, and Senator Bourne, who was not a candidate. The feature of the senatorial nomination was a bitter attack on Bourne by old political enemies who questioned his progressiveness. At the time he was nominated Clark was presiding over the convention.

The convention passed a resolution that no one be nominated who did not declare his allegiance to the progressive party. This was forced over the objections of those who wished no other ticket than one for the presidential electors and who believed that the regular republican nominees should not generally be embarrassed. A majority of the delegates supported the contention of several speakers, who declared that to permit republican nominees to be unopposed by progressive candidates was equivalent to fusion with the republicans and voted for the allegiance resolution.

The regular republican candidates for congressmen in the second and third districts were considered progressive, and no nominations were therefore made against them.

Presidential electors—D. J. Kellaher of Portland, W. K. Newell of Gaston, A. K. Ware of Medford, Levi W. Myers of Portland and L. H. McMahon of Salem.

United States senator—A. E. Clark of Portland. The vote on senator stood Clark 51, Bourne 39, Mulkey 30.

Congressmen—First district, John W. Campbell of Douglas county; second district, none; third district, none.

Secretary of state—B. E. Kennedy. Supreme judge—George W. Joseph of Portland.

Railroad commissioner—Robert Service of Baker county.

John Nickle, republican candidate for state dairy and food commissioner, received the progressive nomination.

The platform adopted was the "confession of faith" in its entirety and was not read before adoption.

ROOSEVELT WON'T SPEAK UNLESS EXPENSES ARE PAID

PUEBLO, Col., Sept. 18.—Colonel Roosevelt today sent an ultimatum to the state fair managers here that he will not speak at the fair tomorrow unless his expenses between Pueblo and Denver are paid. Managers of the fair say they have no funds so Roosevelt probably will speak at the railway depot.

ASHLAND BOOSTS MARION PLAYERS

The following article from the Ashland Tidings shows how successful were the efforts of the Marion-Claimon players who will be here next week:

Judged by the attendance at the Chautauqua building the people of the National Stock Company as entertainers. The audience has increased in numbers each evening until the capacity of the large building is fully taxed.

Comment on the work of the various players has been highly favorable, and that the plays so far presented have pleased the audience is evident by the liberal applause given.

The work of the company was particularly good in Monday's presentation of "The Money King" and the tone of the play met with cordial approval.—Ashland Tidings.

Money Back Catarrh Remedy

Doing the stomach won't kill Catarrh germs. Neither will sprays, douches, snuffs or ointments.

The quickest way to kill germs is to breathe deep into the lungs the vaporized air of Booth's HYOMEI.

As this antiseptic air passes over the sore spots infested with Catarrh germs, it not only destroys them, but heals the inflamed membrane and stops the discharge of mucus.

Then hawking, spitting, snuffing, crusts in nose and foul breath will disappear, and vile, disgusting Catarrh will be conquered.

A complete HYOMEI outfit, which includes a hard rubber inhaler, only costs \$1.00. Extra bottles, if afterwards needed, \$50; and Chas. A. Strang is authorized to refund your money if dissatisfied.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.
