

### ELEVENTH STREET WILL NOT BE PAVED UNTIL NEXT YEAR

With Robert W. Teifer acting in his old position as city recorder, the city council met in regular session Tuesday evening and transacted a small amount of city business. Recorder E. T. Foss was absent owing to the Hardwell-English wedding.

Mr. Teifer conveyed the news to the council that the Clark & Henery Construction company would be unable to lay the pavement on west Eleventh this fall owing to the condition of the car paving plant at Roseburg which cannot be moved at the present time, owing to its condition. By the time it is repaired it will be too late to work here. The curb and gutters will be laid however and the street graded.

Sidewalks are to be laid on Jackson street following an appeal made to the council by Charles Lebo. The walks are badly needed on that street.

Applications for liquor licenses for the Hotel Medford and Shaw & Reid were accepted by the council Tuesday evening. The council also accepted a bid from Chelgren Bros. for an eighteen-inch sewer on Portland avenue. The Clark-Henery company's bids for \$4000 twenty-year bonds and \$3200 ten-year bonds at 6 per cent were ordered accepted.

A petition from James Campbell for adjustment of water rates was ordered referred to the proper committee. Mr. Campbell was one of those who laid a pipe from the south end of Oakdale to King's highway. He now states that city users consume all the water except in certain hours of the day and that he is forced to store the liquid in barrels and bath tubs in order to have same. In consideration of this fact, of his initial expense and of the fact that his rates are higher than city users, he asks a careful investigation with a view of a reduction. In the meantime, he says he is perfectly satisfied to do whatever the council sees fit, so long as the barrels and bath tubs hold out.

### SIX THOUSAND MINERS IN UTAH ON STRIKE

SALT LAKE CITY, Utah, Sept. 18.—Apprehension of serious trouble arising out of the strike today of nearly 6,000 miners at the Bingham mines of the Utah Copper company caused Sheriff Sheup of Bingham this afternoon to consult with the secretary of state as to whether or not troops shall be sent to the struck camp.

No violence has yet been credibly reported from Bingham but the twenty-eight deputies on duty there are said to be hourly apprehensive of an attack by the strikers, many of whom are foreigners and most of them armed with rifles and shotguns. There are unconfirmed rumors here that some shots already have been exchanged but these are not believed.

### FORMER MEDFORD MAN IS WANTED WIFE DESERTION

B. B. O'Brien, formerly of Medford, is a hunted man. Mrs. O'Brien has lost him, and now asks the court to assist her in her search, and a warrant has been issued in Justice Holman's court at Grants Pass and officers up and down the line have been requested to take the delinquent spouse into custody.

Mrs. O'Brien was a widow with three boys ranging in age from eight to twelve years when she was married to her present husband in Medford last spring. Following the wedding they moved to Grants Pass, and O'Brien, who was a carpenter by trade, manufactured ironing boards which he sold about the city. When the hop picking season came on, the O'Brien family moved to the Robinson yard, a few miles down the river, where they made camp and engaged in the hop picking industry. Mrs. O'Brien says that last Thursday O'Brien was asked to call for his "time," which he did, collecting also the wages due his wife and her three sons, and that he likewise took charge of ten dollars that belonged to his wife, and started to Merlin for a team to haul the camp outfit back to Grants Pass.

The family, left without a dollar, waited patiently for the return of O'Brien, and when he failed to appear by Sunday, they other means of conveyance to Grants Pass. Mrs. O'Brien found that O'Brien had been at the home, had packed up all of his own clothes, as well as having ransacked her own trunks, and after taking her gold watch, had departed. The charge of non-support and desertion followed.

### DANIELS NAMED DEPUTY GRAND EXALTED RULER

T. E. Daniels of this city has been appointed District Deputy Grand Exalted Ruler of the Benevolent and Protective Order of Elks by Thomas B. Mills of Superior, Wis., Grand Exalted Ruler of the Elks. Mr. Daniels' appointment becomes effective at once and will terminate next year when his successor is named.

The appointment was hailed by local Elks with a great deal of pleasure, as Mr. Daniels is well qualified for the place and is a member of Medford Lodge 1168 which is one of the youngest lodges in the jurisdiction. Nearly every lodge in the district had a candidate. The honor is the highest that can be paid an Elk in the district, and generally leads to a national office. Mr. Daniels' duty will be to visit and inspect all of the lodges within the jurisdiction and rule on many matters arising in the several lodges.

Mr. Daniels joined the Elks eleven years ago at Portland being initiated by Portland Lodge 142. He was member number one of the Medford lodge and served as its first exalted ruler. He has attended four grand reunions.

### CHEERFUL WILLY STILL PREDICTING HIS OWN ELECTION

BEVERLY, Mass., Sept. 18.—Conceding Colonel Roosevelt, progressive nominee, a chance of carrying only two states—Kansas and California—President Taft predicted today his re-election in November with twenty electoral votes to spare.

The president admitted that the progressives would poll a large vote in certain other localities but insisted that it would not be of sufficient size to give the states to the bull moose leader. Taft's confidential representatives have informed him that the republicans are certain to carry New York and Pennsylvania, and figures on which they base their claims have been forwarded here.

President Taft is keeping in close touch with the political situation through Charles D. Hilles, chairman of the republican national committee. Taft and Hilles will confer in New York City next Tuesday, when the president will analyze in detail election figures sent him by his representatives.

It takes five different aged whiskies to make Cyrus Noble—each one good in itself. But it takes blending and re-aging to bring out the best in each—to "round out" the flavor.

Why punish yourself with rough, high-proof, strong whiskey when you can get Cyrus Noble everywhere?
