John Arnell returned Friday from a business trip to Seattle and Spokane. While in Spokane he visited the inter-state fair which is now in session there and was surprised and greatly pleased when his attention was called to the splendid large exhibit of Rogue river valley pears which Walter McCallum of Medford had exhibited there. He has secured space fully fifteen feet square and in this has displayed boxes of neatly packed pears and these prettily set off with an abundance of chrysanthemums and other flowers. The display of fruit attracted the attention of every visitor to the fair and it was declared by all to be the best pear display at the fair.

Fred H. Hopkins of Central Point, owns the largest block of Winter Nellis pears in the United States. There are 20 acres in the block and every season there is harvested from this orchard a splendid crop of fruit. This season, however, it is quite a little short of the usual yield, owing to the wet weather during the pollinating period last spring. Notwithstanding this fact there will be gathered twelve carload of fruit this season. Seven carloads have already been shipped and the remainder is now being picked. The fruit is being shipped to Ray and Hatfield, New York, and the price is always good. This firm has handled this fruit for several years and the price has never been less than \$2 a box f. o. b. Some seasons it has brought a considerable higher price than this.

Born—To the wife of Dr. E. H. Porter, on October 3, 1912, a son.

Major and Mrs. W. J. Canton, of Central Washington are among the many new people who have recently established their homes in Medford. Mr. Canton is a lawyer and has opened offices for the practice of his profession in the Riato building. Mr. Canton has had a splendid law practice in Central Washington for twenty-two years but the extreme cold winters of that section were not altogether to his liking and he decided upon a change to a milder country. Mr. Canton served two years in the Philippines as major of the First Washington Volunteer Infantry.

CHANCE SELLS INTEREST IN CHICAGO CLUB TEAM

PITTSBURG, Pa., Oct. 4.—Verification of the report that he had purchased the stock owned in the Chicago National League club by Frank Chance, was made here this afternoon by Harry Ackerman, president of the Fleischmann Distilling company of Philadelphia. Chance owned ten per cent of the club's stock. The purchase price, it is reported, was \$40,000.

GOLD DUST makes dish-washing easy

The use of a little Gold Dust in your dish-water will make your dishes brighter, sweeter and cleaner than they ever can be without it. Unlike soap, Gold Dust does more than clean the surface. It goes deep after germs and hidden food particles and sterilizes everything it touches. Gold Dust does all the hard part of the work without your assistance, because it begins to dissolve and clean the moment it touches the water. When you have to wash dishes 1005 times a year, the Gold Dust method of saving half your time and half your labor means something.

Do not use Soap, Rubbing, Brast, Soda, Ammonia or any other harsh cleanser with Gold Dust. Gold Dust has all desirable cleaning qualities in a perfectly harmless and lasting form.

See the GOLD DUST TWINS in your next...

"Less Butter—More Cottolene in Your Kitchen"

THE cost of living has increased so that today one's income goes only about half as far as it did 15 years ago. Under such circumstances it is surely up to every housewife to count the cost of food pretty carefully.

Butter is one of the big items on every monthly expense account. We use too much butter, and butter is sky high most of the time.

Let us tell you the solution to the problem. Butter is a necessary on the table; it is an extravagance in the kitchen.

Cottolene will give you just as good or better results than butter in cooking, at half the cost. It makes deliciously dry, crisp food, without the suggestion of grease.

Food cooked with Cottolene digests more easily than either butter- or lard-cooked food.

Add to these the fact that Cottolene will go one-third farther than butter or lard, and you are without a possible excuse for at least giving Cottolene a trial.

We assure you it will make good and save you money.

Try this recipe

STEAMED CHOCOLATE PUDDING
Place 3 tablespoons of Cottolene in a bowl with 1/2 of a cup of sugar and 1 egg and beat all together thoroughly. Add 1 cup of milk and pour the mixture gradually into 2 cups of flour which have been sifted twice with a teaspoon each of salt and cinnamon and 3/4 teaspoon of baking powder. Blend well and then stir in 2 small squares of chocolate which has been melted over hot water. Pour into greased mold and steam for one hour and a half. Serve with sauce or sweetened whipped cream.
