

# BOURNE DEFINES PLATFORM HE WILL MAKE THE RACE UPON

### Senator States Reasons for Complying With Popular Petition—Says Selling Won by Violation of Law—Declares He Has Made Good.

PORTLAND, Oct. 9.—United States Senator Jonathan Bourne, Jr. today officially launched his candidacy for re-election, in an address to the people in which he explains his present status in relation to his antagonist before the primaries and in relation to his party constituents, defends his record and points with pride to his present position in the senate, and submits a platform of some length for the further consideration of the voters of Oregon. The senator severely arraigns his victorious antagonist, Mr. Selling, and asserts that the latter's victory at the primaries was achieved by violations of the corrupt practice act. Senator Bourne's address in full follows:

**Senator Bourne's Statement**  
"To the voters of Oregon: At the earnest solicitation of many citizens of Oregon who assert that my defeat in the republican primaries was accomplished by deception and violation of the corrupt practice act, I have accepted the nomination by petition, signed by over 16,000 voters of the state as a popular government candidate for the United States senatorship. After careful consideration of all the facts I am satisfied that both the spirit and the letter of the corrupt practice act were violated. The character of campaign conducted by leading opponent of my opinion, nullifies any obligation of the citizen to abide by the result of his primary election. To uphold a primary nomination secured by unfair and unlawful means would be a blow at the primary law itself. The candidate nominated and elected by such means would never be seated by the senate if the facts were presented. The violation of the corrupt practice act, however, has not been the determining factor in my again becoming a candidate, though more than sufficient for my opposing the election of Mr. Selling.

**Call From the People**  
"My candidacy is based upon a call direct from the people. The duty of citizenship is responsiveness to the popular will where clearly expressed. In time of war, when a citizen is called it is his duty to serve his country. In time of peace when the citizen is called for public service it is his duty to answer the call. No citizen can honestly, intelligently or patriotically deny this truth.  
"Furthermore, in the acceptance of any high office, and I feel the senatorship to be the highest office in the land, I deem there goes an implied obligation of continued service as long as the people desire the individual's retention. No individual has the right to put his own opinion or personal desire ahead of a call from the people.

**Large Petitions Presented**  
"The people in this state have declared by an amendment to the constitution that the petition of 8 per cent of the voters shall be sufficient to submit a constitutional amendment or law under the initiative; a petition of 5 per cent of the voters shall be sufficient to submit a measure under the referendum; and a petition of 2 per cent of the voters shall be sufficient to nominate a candidate for office. Petitions have been circulated without any action or assistance on my part and have in seven days been signed by over 12 per cent of all the voters of the state.

"The constitution and laws of any community are infinitely greater and of more moment to society and the general welfare of the community than any individual or any public servant. If the people by constitutional amendment have determined that 8 per cent of the electorate are a sufficient number to submit a measure under the initiative, 5 per cent a sufficient number to refer a measure under the referendum, and 2 per cent a sufficient number to nominate a candidate, certainly 12 per cent under voluntary action on the part of the electorate must constitute a call.

**Becomes People's Candidate**  
"For these reasons I decided to again submit my name in the senatorial contest. Under the spirit of our election laws I am not a candidate but in order to obey the call from the people I am obliged under the letter of the law to become a candidate. In the republican primaries I was a candidate on my own initiative and was defeated. Technically I am again a candidate, but not of my own initiative or volition but under direction of a large percentage of the electorate of this state.

"During my five years of service in the senate I have made good. I have kept every pledge I made in my platform upon which I was selected by the people six years ago—gone farther than I promised I would, and

accomplished more than I thought possible for me to accomplish.

"The American people are intelligent and appreciative and where they have the information they will always retain faithful public servants, for should they fail to do so they must realize that the necessary result of such action would be that the public servant would serve himself and his own selfish interest rather than the general welfare of the community that he temporarily represents.

"The result of the primary in no manner weakens my confidence in the people, but simply demonstrates to my mind that the people lacked the information and were misled by misstatements, suppression of accomplishments and continuous belittling, distorting and ignoring of facts by at least a portion of the press.

"Many criticisms have been made of my course of action in not returning to Oregon during the primaries. Had I done so and made a campaign, Oregon would have received nothing like the appropriations she has, nor would the people of the nation now have a parcel post law.

**Favorable Committee Appointments**  
"I am the best placed man in congress so far as appropriations committee appointments are concerned. I have passed on \$479,836,193.64 of appropriations, same being \$67,000,000 more than any other man passed upon at the last session of congress, in either branch, and am therefore in a better position than any new senator possibly could be, even if he possessed 20 times the ability that I have, to secure federal assistance and appropriations for the state of Oregon in the development of her resources where conditions justify, yet I do not deem this of greatest importance in this election.

"I feel that the great overshadowing importance of the result incident to this, my obedience as a citizen to the demonstrated call of the people to again submit my name in the general election, will be a demonstration not only to the people of Oregon, but to the whole United States, that good service will result in appreciation and retention, and that the incentive of all public servants must be service to the general welfare of the community rather than service to the individual's selfish interest.

**People's Rights Thwarted**  
"The sovereignty of the people is the fundamental principle of American government, but professional politicians have manipulated causes and conventions by corrupt use of money and official patronage, with the result that in many instances the people have been permitted merely to choose between two candidates each selected for them by the representatives of special privilege. Thus the theory of popular sovereignty has become a delusion and a snare, serving the purpose of men whose sole thought is for personal, selfish interests, rather than for the general welfare of the American people.

"Years of experience, together with recent political events, convince me that all other issues should be subordinated to the problem of establishing truly representative government. The fundamental issue is the substitution of popular for delegated government.

**Popular Government Platform**  
"Substitution of direct primaries for caucuses and conventions in the selection of candidates for all elective offices, including candidates for president and vice-president.  
"Adoption of the initiative, referendum and recall in all states in order that the people may control their legislation and dismiss from office unfaithful or incompetent public servants.

"State and national laws regulating and requiring publicity of campaign expenditures and prohibiting the barter and sale of official appointments.  
"The ratification of the pending constitutional amendment for the direct election of United States senators.

"Equal suffrage regardless of sex.  
"Divestment of the presidential power of nomination of federal appointees in the different states with substitution of a plan providing for their election in their respective jurisdictions. Thus only can the federal machine be destroyed and congress be made independent of and truly coordinate with the administrative branch of the government.  
"Recognition of the principle that all laws regulating personal or corporate activity shall be comprehensive and explicit, defining what can and what cannot lawfully be done, so that this shall be a government of law and not of bureaucratic rule and regulation so that every citizen may point to the plain language of the statute that prescribes the extent of his duty or the limitations upon his liberty.

**Curbing Personal Power**  
"Observance of the policy of de-

"Creation of a permanent, non-partisan tariff commission acting under direction of and reporting directly to congress.

## STOMACH MISERY JUST VANISHES

No Indigestion, as or Sourness After Taking "Pape's Diapepsin."

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

## BALKAN WAR SCARE REACTS ON MARKET

NEW YORK, Oct. 9.—Owing to the Balkan war scare which caused hoariness in the European markets, the stock market showed weakness at the opening today. A one point decline was noted in Northern Pacific, and Canadian Pacific, Smelting and Utah Copper dropped more than two points. While a slight rally followed the opening decline, renewed pressure against Canadian Pacific and Amalgamated increased the decline.

The close was irregular. Bonds were steady.

## TAFT'S BROTHERS GAVE \$150,000

WASHINGTON, Oct. 9.—The sum of \$265,000 collected through his Washington headquarters and spent in the campaign for President Taft's renomination was partially accounted for today by Representative McKinley of Illinois, the president's campaign manager, in his testimony before the senate investigating committee. McKinley said the Taft family, comprising Charles P. and Henry W. and Horace Taft, brothers of the president, gave \$150,000.

The campaign cost was five times what was expected and he said John Hays Hammond, Andrew Carnegie, Richard Knox, Senator Crane, Secretary Knox and Attorney General Wickersham were among other contributors.

The contributions to the state campaigns by the Taft headquarters were given as follows: West Virginia, \$8000, Maryland \$10,000, Ohio, \$20,000, Illinois \$15,000, Maine \$2000, Texas \$5000, Indiana \$10,000, Iowa \$5000, Kansas \$5000, Kentucky \$3000. Ormsby McIlharg, contest manager for Roosevelt, who also testified this afternoon, accounted for the expenditure of \$25,000 to \$30,000 in the southern states.

ASBURY PARK, N. J., Oct. 9.—William Finlay, known as "Nick" Finlay, 49 years of age died here today of heart failure. Finlay was catcher for the New York Giants when they won the National league pennant.

## S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.
