Consideration \$12,000. It is proposed to immediately put a force of men to work developing this property. The Blue Ledge country has long been famous as one of the richest mining districts in the west. Many of the claims requiring only adequate transportation facilities to become very valuable properties.

Charles Johnson, an inmate of the county jail, received a painful injury while assisting the men on the wood saw at the court house last week. KIRBY S. MILLER, MANAGER FRUIT ASSOCIATION, DEAD

Kirby S. Miller, for the past two years manager of the Rogue River Fruit and Produce association died at his home on the west side of the valley Sunday night at 9 o'clock. While Mr. Miller had been unable to attend to his duties as manager of the fruit association for the past month it was generally believed that he was on the road to recovery so that his death came as a great blow to his many friends. Death came as the result of heart trouble, poor circulation bringing on acute indigestion.

Mr. Miller was well known in business and educational circles throughout the northwest. As manager of the Rogue River Fruit and Produce association he undertook to form a gigantic northwestern fruit association, which would handle the Oregon and Washington crop more advantageously. He made considerable progress along this line and was quoted throughout the northwest as an authority in such matters.

Being well educated himself, Mr. Miller interested himself in educational movements throughout the state and attended several conventions and meetings having for their purpose the matter of improving educational facilities within the state.

Mr. Miller was born at Carrolton, Missouri, in 1871, and was 41 years of age. He was educated at Washington and Lee university and the Auburn Theological seminary. He entered the Presbyterian ministry and held pastorates at Bellaire, Maryland, and Polo, Ill., for several years. In 1906 he left the Presbyterian ministry and accepted the pastorate of the First Unitarian church at Duluth where he remained two years, failing health leading him to resign.

At that time he came to Medford where he purchased a small orchard and has made his home here since.

Mr. Miller was married in 1898 and leaves a wife and three children, Kirby, Dorothy and Carl, to mourn his death. The funeral will be held Tuesday afternoon from the residence on the west side of the valley. Professor George Rebec will probably conduct the services. The remains will be shipped to Portland for cremation.

The news of Mr. Miller's death brought universal expressions of regret from his many friends and associates in this city. A man of sterling qualities he was highly respected by his business associates and loved by his friends.

BEAR STATE FOR WILSON BY 12,000

That California will cast its electoral vote for Woodrow Wilson is the belief of R. W. Rodgers of Oakland-Cal., representative of the Duplex Press company of Duluth, who spends a great deal of his time in touring Pacific coast states. Mr. Rodgers was formerly actively identified with politics and is a close observer. "California will go for Wilson by a majority of 8000 to 12000," declares Mr. Rodgers. "and I make that assertion after a tour through Southern California where the Bull Moose is said to be the strongest. There is a strong undercurrent for Wilson and this coupled with the fact that the Taft republicans plan to vote for Wilson, makes it almost certain that the state will line up in the democratic column this year."

Mr. Rodgers announces that while he is an old line republican that he will cast his ballot this year for the governor of New Jersey.
