WILSON WINS SAY MARINE BAND BOYS

That the sentiment of the country along their route on this trip is strongly for Woodrow Wilson is a statement made Thursday afternoon by members of the United States Marine Band. A straw vote of the band itself, the same musicians stated, would show Wilson ahead with Roosevelt second. The band members have but little regard for President Taft due possibly to the fact that the weekly concerts at the white house during his administration have been lengthened to several hours longer than those during Teddy's terms. "All along the route," one of the musicians stated, "we have been interested in the country, people and political situation. We find it strong for Wilson and most of us pick the New Jersey man as the winner."

ENGLISH SUFFRAGETTES SPLIT INTO FACTIONS

LONDON, Oct. 18.—Chaos exists in the ranks of the militant suffragettes here today following a split over the leadership of the Women's Social and Political Union. A serious disagreement over the policy of the union between Mrs. Pankhurst and Pethrick Lawrence and his wife is responsible for the trouble. The control of the newspaper "Votes For Women" is still held by the Lawrences, but Mrs. Pankhurst declares her faction will start a newspaper to be known as the "Suffragette," of which Mrs. Christobel Pankhurst is to be editor. This, they say, will be the official organ of the union.

McMahon, who enjoined the Crater Lake road bill is one of the Bull Moose electors, many local Roosevelt advocates are planning to scratch McMahon and substitute Metschan on the ballot.

FOGAL MUST PROVE BIAS BY UMPIRES

NEW YORK, Oct. 18.—Formal charges against Horace Fogel, president of the Philadelphia Nationals, based on his recent assertions that the umpires favored New York and that this year's race had been fixed for that club to win, were ordered drawn at a special meeting here today of the National league.

Fogel, it was stated, would be given ample opportunity to present evidence in support of his charges, and if proved, the umpires during the past season should be forever blacklisted from taking any part in organized baseball, according to President Lynch.

If the charges are not proven, continued Lynch, then it is up to the league to prevent Fogel hereafter from representing the National league club in any capacity.

SENATOR HEYBURN DEAD AT CAPITOL

WASHINGTON, Oct. 18.—Senator Heyburn of Idaho, died here last night after a lingering illness. He was 60 years old and had been in the senate nine years.

Senator Heyburn was one of the best-known men in the west and had a high reputation for eloquence and legal skill. In contrast to Borah, he represented the old school in politics and opposed many of the so-called progressive reforms. Although his views in recent years often were unpopular, he was true to them throughout and won many friends by his courage and strength of conviction. He was always a staunch partisan of the north and a warm advocate of the traditions dating back to the outbreak of the civil war.

Fry Chicken in Cottolene

The best fried chicken you ever ate can be made with Cottolene.

Cottolene can be heated to a much higher temperature than either butter or lard, without burning. It fries so quickly that little of the fat is absorbed, preventing the food being greasy. For this reason, Cottolene-fried food is more healthful than food fried in butter or lard.

Cottolene is more economical than lard — goes one-third farther; costs very much less than butter.
