

BIGGER APPLES WANTED IN EAST

Sgohej & Day issue under date of New York, October 16:

About twenty cars of box apples arriving here daily, a few Newtowns from Watsonville being exported. Others are from Oregon, Washington, Idaho and Colorado, of which perhaps a quarter are auctioned, balance put out at private sale or exported. Ninety per cent of all the arrivals are Jonathans, the other 10 per cent Spitzbergers and a few other varieties.

Jonathans: A few of the largest sizes command \$2.00 and from that all the way down to \$1.00 per box, largely according to the color and quality. Two cars of Yakima Jonathans on the wharf this morning, assorted sizes, poorish color and quality, \$1.15 bid for both cars, best offer obtainable.

Spitzbergers: Nothing fancy here yet and the few cars that have come have been lacking in color and are undersized; the big ones are selling at \$2.00; 128 to 150 sizes, \$1.25 to \$1.50, and the small ones \$1.00. In fact, \$1.00 is the price on all varieties of these small sizes of box apples, which come into direct competition with the barrels.

Ample arrivals daily of barrel apples, market unchanged from our last quotation. Weather has been warm and muggy, but today clear and somewhat colder, still not cold enough. The difficulty of finding cold storage room, they being mostly filled up, hurts the sale of any apples to the parties desiring to hold them for a while.

The reports of sales of a. b. of Winesaps at \$1.50, you must remember were for extra fancy and sizes not small than 138. No such was bid for carload lots including the small sizes.

It is absolutely impossible for us to predict the future as the arrivals are going to be immense and the sizes are going to run small, thus, as mentioned above, having to fight the barrel apples. We must advise our friends to make a careful selection of what they see fit to send here because we surely cannot do well with ordinary grade and small sized apples.

PARDEE PREDICTING LANDSLIDE FOR TEDDY

SAN FRANCISCO, Cal., Oct. 23.—That Colonel Roosevelt will score a landslide in California similar to that of 1904 when he had a majority of 115,000, is the belief of former Governor George C. Pardee, who is here today after a campaigning tour of Humboldt county.

"The Redwood region is more than safe," said Pardee. "The men of the lumber camps look to Roosevelt as the father of the cause of the toiler. I venture the opinion that the progressive ticket will run 3 to 1 over Wilson and Marshall in that region."

SHERIFF'S WORK ON CASE IS PRAISED

To the editor: The Medford Sun of the 18th instant gave an account of the Mike Spanos confession which was correct in the main but I think too much emphasis was laid upon the fact that Mike made the confession to me rather than to the sheriff's office.

Mike had informed Sheriff Jones that he wished to make a full confession and the sheriff at once came to Medford to see me, and when Mike had made his full statement it was read to him in the presence of the sheriff and his deputy whereupon he signed it.

Perhaps Spanos thought some immunity might follow a confession made directly to the officer who had charge of the prosecution.

Nevertheless the good generalship of the sheriff together with the effective work being done by himself and his deputies in the field conveyed to bring Spanos to the psychological point where and when he would divulge.

As the prosecuting attorney's office must depend wholly for evidence upon the efforts of the sheriff's office in order to convict, I wish to give credit where credit is due.

I am sure the outcome of the efforts to find and convict the murderer of George Dedaskalous will demonstrate that intelligent and effective work has been done in the gathering of evidence which began with a mere clue and which added to fragment at a time has forged a strong chain of evidence that will leave a jury and the public without doubt as to who the guilty parties are.

I am not thinking just now of the county campaign—only of the facts and incidents of the homicide in question, and that all parties may work together for the conviction of such guilty parties I do not wish to have the credit for an important confession to which I was a mere incident.

The above statement is prompted by a feeling that such is due to all parties concerned including myself.

BIG CROPS STOP RAILROAD BUILDING

PORTLAND, Ore., Oct. 23.—That the bumper crops throughout the country have tied up the construction of more freight cars because the equipment is in demand to take care of the present enormous amount of rolling stock is the claim of Julius Kruttschnitt director of operation and maintenance of the Harriman lines, who is here today. Track laying on the Oregon Eastern and the Camas Prairie lines has been suspended on Kruttschnitt's order because of the necessity of using the construction cars to haul crops.

"In our opinion," declared Kruttschnitt, "the need of moving the crops was greater than the need of putting down rail."

Mme. Gadski Will Sing in Medford Next Monday Night

As a program maker, Mme. Gadski, who sings at the Natatorium on Monday evening, October 28, has few equals. The prima donna takes special pride in the selection of her numbers and lavishes great care on their arrangement.

For her Medford appearance a most representative selection has been made. Three Wagnerian arias, which show to best advantage the full scope of Gadski's operatic powers; a group of German songs, some simple and pathetic, others highly dramatic, and a group of English songs—this constitutes the program for Medford.

Among the encores which Mme. Gadski generally sings is the "Erl King," which she has made famous. Than this there is no more intensely gripping song written, and the realistic touch which Gadski gives to it always provokes the wildest enthusiasm.

An added feature will be two numbers by Edwin Schneider, who as a pianist has a reputation equaled by few. His playing has met with the approval of critics who rate his ability very highly. Tickets for the concert are now on sale at Haskins, Mall orders now.

GREAT HONOR PAID TO MRS. DUNIWAY

PORTLAND, Ore., Oct. 23.—Mrs. Abigail Scott Duniway, the "mother of woman's suffrage" in the northwest today has the assurance that the cause will be successful here as a result of the monster public reception tendered her on the occasion of her 75th birthday. The largest auditorium in the city was secured, and in the presence of Governor West and many other notables, the aged worker was given a testimonial the city will long remember. Mayor Cotterill of Seattle, ex-United States Senator Fulton and others, among them a number of prominent women, made addresses, all lauding the work done by Mrs. Duniway for the cause of suffrage. At the close of the speechmaking several in the audience were given an opportunity to meet and congratulate her.
