

CLOSE DENVER GATEWAY DEC. 1

PORTLAND, Ore., Oct. 30.—December 31 is the date fixed for the closing of the Denver gateway by the Harriman roads against the Missouri Pacific, Rock Island, Santa Fe and Burlington routes. It is improbable the new tariff will be placed on file before December 1. According to R. B. Miller, traffic manager of the O. W. R. and N., there isn't enough business moving via Denver to justify the four routes affected in registering a complaint.

The Harriman attorneys declare that the proposed step is legal and are discounting any idea of a contest before the interstate commerce commission.

The Rock Island has announced a retaliatory policy of routing its Oregon and Washington traffic from Portland, via St. Paul and the Hill systems.

It is probable the Burlington will route via Denver and Billings to Portland.

ORCHARDISTS ARE AFTERS. P. RAILROAD

A shortage of cars for the shipment of fruit to the east is being experienced in Medford, considerable complaint being heard from orchardists who state that they are unable to get cars enough to handle their output. Agent Rosenbaum has been after them hot and heavy but to date has succeeded in relieving the situation but little.

Mr. Rosenbaum stated today that the shortage extended throughout the northwest in all of the fruit districts. He has succeeded in just getting 15 cars which will be here Thursday.

NORE TRIALS FOR IRONWORKER'S UNION

INDIANAPOLIS, Oct. 30.—Indication that the forty-seven union men on trial in the federal court here for illegal transportation of dynamite, will have to stand trial on other charges in the event of acquittal on the present charge was given here today by United States District Attorney Charles W. Miller. This hint came when a friend asked the prosecutor for one of the electric clocks as a souvenir. Miller said all evidence against the defendants was to be preserved, intimating that the union men probably would be tried in the state courts for malicious destruction of property and similar offenses.

Harry Worcester, a handwriting expert, today identified exhibits which bore no signatures.

EXONERATE MCCOMAS FOR SHOOTING WIFE

SAN FRANCISCO, Oct. 30.—Practical exoneration from all suspicion in connection with the shooting of his beautiful young wife came to W. P. McComas, a wealthy mining engineer here today with reports of physicians who operated on the woman, who is now conceded to have shot herself in the McComas apartments here yesterday after a quarrel with her husband, which was the finale of an all night tour of the beach resorts.

Dr. Wallace Terry and Dr. Herbert Merrill operated on Mrs. McComas

today at Adler Sanatorium, where she was taken after the shooting. The physicians removed a portion of her skull, found that the bullet had taken a circular course, and declared it was impossible for it to have been fired by anyone but herself. The operation was pronounced a complete success and Mrs. McComas now is declared to have excellent chances of recovery, although she probably will not regain consciousness for at least forty-eight hours.

FRUIT SHIPPERS MAY BUILD IN VALLEY

The big fruit crop of the Rogue river valley this season has attracted the attention not alone of those who desire to purchase tracts of land upon which to grow fruit, but several of the large commission firms of the coast have been casting envious eyes this way and it is now announced that the big commission firm of Pinkham & McKeitt, with headquarters at Sacramento and Los Angeles, have declared their intentions to build from three to five receiving and packing houses in the valley next spring and another fall be in position to enter into competition with the commission houses already established here for the purchase of fruits of all kinds.

If Business Is Dull ADVERTISE And Make It Better

Advertising is the foundation stone of the modern successful store. It has created the Wannamakers, the Marshall Fields and all the other retail merchant princes of our era.

You will notice that the big city merchant keeps at it every day in the year—that is the reason of his success.

He has something to sell—some store news worth imparting to the public, some bargain to offer or some one thing to interest and attract purchasers.

He makes his name a topic of household conversation. His store news is read as eagerly as any other news. His store is thronged with buyers all seasons.

He does it by advertising—not once a week or twice a week but every day.

The Mail Tribune reaches practically every home in Medford and surrounding territory. If you are in business and want customers, use its columns and increase your business. If you are a consumer, read its advertising columns and find out where to trade.

IT PAYS TO ADVERTISE IN The Mail Tribune ALL THE TIME

NOTICE TO THE PUBLIC

Three months ago I purchased the **B. & C. CASH STORE** located at 225 W. Main street. I am sole proprietor and manager of the store and have no connection with any other business enterprise in the city and no other business institution or person has any interest in or is connected in any other way with this store.

I have enjoyed a nice trade for which I thank the public. I sell the best of everything in groceries, vegetables, fruits, china-ware and glassware; will be pleased to see you if you are not already a customer and will guarantee you a "square deal" at all times.
