What Do You Know About This?

KNOWLEDGE COMPETITION

Following will found a number of brief paragraphs, each one bringing out a few of the distinctive features or characteristics of this city's business institutions or professional men. There is a query or two in each paragraph. To the party who first answers them correctly in detail will be given choice of the prizes noted above. The next nearest correct will be given choice of the remaining prizes and so on till they are exhausted.

Names must not be abbreviated but given in the usual style of the firm's advertising; street numbers must be given correctly and all answers must be neat and legible. There is no guessing about these. There is a clue in every one by which the identity may be confirmed.

Answers may be sent by mail or brought to this office any time before next Wednesday evening. On Saturday of next week the sequel to this feature will be published. At that time the prize winners will announced and they are then entitled to call and get them.

The competition is open to every one who reads this except employes of the paper and their relatives.

NUMBER 1—What is the name of the store in Medford which has in use 56,000 square feet of floor surface? There is no store that approaches it in size this side of Portland or Sacramento. There is no store on the Pacific coast that sells goods for less price. Your house can be furnished here from cellar to garret, from kitchen to parlor, as economically as if you were a resident of any of the large cities of the coast. There are three floors and a basement, all full of modern merchandise—hardware and furniture. There are scores of exclusive lines. Here are just a few to enable you to make sure: Bridge & Beach and Quick Meal ranges, Globe-Wernicke Elastic book cases and filing cabinets, Lowe Bros.' paints. What is the name of the company?

NUMBER 2—There are just two classes of grocers. One wants to get rich quick—he sells the cheap brands of goods. The other is not in such a hurry—he sells the best brands and leaves the question of profit to the volume of sales. This store belongs strictly to the latter class. It began carving out its career here 6 years ago. It is where you find that excellent Waitsburg Pure White flour and many other superior lines of provisions. It is the store with the sanitary floor—cement. It is the grocery that makes a special point on its fine bakery goods—bread, cakes, cookies, and a trip of all kinds—always fresh, always very tempting to the appetite. What is the name and address of this store?

NUMBER 3—This number represents an automobile garage which became a part of the business life of this city more than a year ago. Notwithstanding, the machine that is sold at the garage is one of the most numerous, and decidedly one of the most popular in the whole automobile game. At this garage they do no general garage business but take care of all repairs for the machines they sell for one year. There are so many points in the favor of this automobile that but few people who investigate hesitate to decide in its favor. There has been more machines of this make sold in Medford this year than all other combined. The new 1913 model, all complete with every necessity and convenience, is the greatest bargain in the auto world for this season. Give the name of this machine, also the name of the Medford agent, and the street address.

NUMBER 4—Here is noted a firm of implement dealers that began selling implements in this city while Grover Cleveland was still president. Indeed the family name in this business goes back three years further. Every machine of a tool that the farmer or the orchardist may need will be found at this implement store. If there is anything new comes out it will always be seen on exhibition at this store. It is the store that sells the John Deere line of implements, the International Harvester Co.'s harvesting machinery, the John Deere and Velie Wrought-Iron buggies. It will not be hard for you to solve this number. Give the name and address.

NUMBER 5—Here are a few exclusive features that will lead you to this large dry goods and general store: La Porte Woolen Mills Dress goods, Thompson's Glove-Fitting corsets, Acorn waists, Butterick patterns, American Lady and American Gentleman shoes, and so on down the line. It is the oldest dry goods store in town. Has been selling merchandise to the people of this city and valley for 20 years or more. They also carry a full line of groceries and table supplies. They have a large country trade as well as a large city trade. They allow no cut to undersell them, and it has long been known that they sell the best merchandise. What is the name and address of this firm?

NUMBER 6—Did you ever notice the parallel that runs along between good, sanitary plumbing and combined bliss and happy family traditions. If you want to avoid the divorce court get good plumbing. Here is a plumber who specializes on "quality plumbing." That is his watchword. He leaves the question of heating, of sheet metal work and tinning, etc., all to the other fellow. He puts in his whole time at plumbing—"quality plumbing." He has been emphasizing this line in Medford for two years past. He did the work in the Holland Hotel, and in scores of other good buildings and nice residences. He does prompt work. When in trouble a ring at his phone will bring instant relief. What is his name and address?

NUMBER 7—What is the name and location of the restaurant that goes the entire coast for a name? It is one of the most inviting lunch places in the city. There are 8 tables with the whitest of linen, and there is a lunch counter about a half mile long, faced by mighty good things to eat and a mirror to add you in completing your hurried toilet. There are 15 mighty comfortable chair stools at the lunch counter and they are generally all in use—especially at meal time. The dinners they serve here are something to talk about. And they are being talked about. The talk is all praise of the highest sort. This restaurant has not been running longer than a hundred years. If you try it once you'll "come again."

NUMBER 8—It is a fact that you can tell a good liveryman the first time you drive out in one of his rigs. There is always something to give the "slipshod" man away before you have gone a city block. The liverymen in Medford who make good are—who? They have been associated with this city since it was a village, and they are practical men who understand every phase of the livery business. They know the business from cleaning stalls to burnishing buggies. Everything about the "ranch" is constantly under inspection. They have the best rigs—any kind you want. Within their service is to obtain. They have made changes that will baffle you to identify them, but it will be the same old story in better form. Give name and address

NUMBER 9—This number is to represent the largest grocery store in the city. It was established two years ago. There are two entrances to the store and both lead to good things to eat at fair prices. It is the place where they have the Vacuum Seal coffee, the Snow Drift and Blue Stem flour, the Pure Gold butter, and the Crescent line of pure food products—an imported brand of goods that is in the first rank of excellence all over the world. It is here also that you find the imported Lucca oil. It is the only strictly sanitary store in Oregon, open at all times for inspection—every article sold under a guarantee. This store has a very large stock of fancy and staple groceries and table delicacies. The city patrons are served by the city delivery company, and they run a delivery wagon of their own through the country. What is the name and location?

trade that reaches the remote limits of the city—and then some. You will look for them in vain on Main street. The name is one of 5 letters and the street

name and location. His office is on the ground floor, and he is ably assisted by his wife. The science is based on a correct knowledge of the nerves. It adjusts all displacements and allows the innate builder to reconstruct the broken-down tissue. No drugs or knives are used. Consultations and examinations are free.

NUMBER 10—When you are ready to get that "buzz wagon" here is an establishment that will interest you very greatly. They have been selling cars here for over two years and they can point to a satisfied customer wherever they have sold. They have a garage—the oldest one in the city, and they carry a full line of automobile supplies, and do first-class repair work—notice we said "first-class." They are exclusive agents for two well known machines, the initial letters of which follow consecutively in alphabetical rotation. They are possibly the best machines in their class. Give the names of these automobiles, also name of this company, and the location.

NUMBER 11—This is a sheet metal works. It has not been running quite a hundred years but the people behind the "shears" are just as competent as if they had had a century's experience. There make everything in tin, copper, brass, zinc and sheet iron. "Everything" includes cornices, skylights, roofing, guttering, tanks, sheet metal windows, etc. They are also experts in hot air heating. They are agents for a number of good hot air furnaces.
