

COMMERCIAL CLUB HOLDS A ROUSING 'GET BUSY' SESSION

One of the most important sessions held by the Commercial club in many months was that of Wednesday evening when many matters of importance to the city and valley were discussed.

The meeting was opened by a statement by President Colvig in which he said that at the end of his year in office he would submit a detailed account showing all moneys received and all moneys paid out, and for what purpose paid. The president also stated that his salary of \$250.00 per month was more than the club could afford to pay, and that if he continued longer than the end of his present year that he would not expect a salary of more than \$150.00 per month, provided the assistant secretary, Miss Sears, was allowed \$75.00 per month for her services. It was shown that at the present time there are not more than 325 members who are paying into the club, but that collections during the month of October had been easier than at any time during the past summer.

Following this address it was voted that the chair appoint a committee of seven members whose duty it will be to arrange a public meeting of the club in some large and commodious hall, and in the near future. This meeting will be held for the purpose of unifying the people, and having them get together in pushing all forward movements for the benefit of Medford and Rogue river valley. President Colvig then appointed as such committee the following named persons: George Putnam, chairman; Dr. W. H. Everhard, P. J. O'Gara, R. W. Ruhl, C. R. Ray, A. C. Hubbard, E. W. Huntley. This committee is to have entire charge of the matter, and is authorized to incur such reasonable expense as may be necessary to make it a success.

Another important matter, that of membership, was discussed by the club. It appears that there are a great many men living in the city, deriving patronage, in their several callings, who are not members of the club. It was deemed advisable that these persons be called upon and shown the necessity of all the live people of the community standing together in promoting the general interests of the city and valley. It was therefore, moved that a committee be appointed whose duty it is to carry on a general canvass of the city and surrounding vicinity and secure subscriptions for the maintenance of the club, the persons contributing to become members thereof. The chair appointed the following committee: F. V. Medynski, chairman; Wm. M. Colvig, J. A. Perry, Ben Sheldon, Geo. E. Treichler, Wm. N. Campbell, A. S. Rosenbaum.

The matter of a cannery in the valley was discussed at some length the topic being raised by Judge Colvig who mentioned the success of the Corvallis cannery, explaining that about one year ago a corporation was formed in that city, the shares of stock in which were valued at \$1.00 each, and this stock was largely subscribed by the farmers of Benton county. During the past year the business has been running at a profit to the stockholders, and they are now contemplating an enlargement of their plant. Mr. Colvig, stated that he would form such a corporation by preparing the articles, constitution and by-laws, and attempt to ascertain how many of the farmers of Rogue river valley would take stock therein. It is believed that such an institution can be made a paying investment. Its greatest benefit would be in bringing the settlers to the valley and encouraging them to engage in a more diversified farming than is at present profitable.

The following were elected to membership in the club: J. T. Burns, Rogue River Commission Co., Gus H. Samuels, Elmer T. Foss, B. G. Worthington, Dr. D. J. J. Emmens, P. H. Dally, L. H. Houston, Alfred Carpenter, Morse-Harrgrave Co., John A. Torney, Gen. H. H. Sargent.

The following men addressed the club on the general outlook of business and conditions in Medford and in Rogue river valley, all agreeing that conditions are rapidly and steadily improving:

George Putnam, W. H. Gore, Col. Sargent, J. A. Perry, J. A. Westerland, Blaine Klum, F. N. Cummings, E. W. Huntley, F. W. Merrick, A. S. Rosenbaum, C. E. Whistler, R. W. Ruhl, J. C. Brown.

San Francisco, Cal., Barbers' union adopted a resolution that every member of that organization shall, in an effort to help the movement for union goods, wear five garments that bear the union label.

TAFT PROCLAIMS NEW CANAL RATES

WASHINGTON, Nov. 14.—President Taft tonight issued a proclamation fixing the rates that foreign shipping shall pay for the passage through the Panama canal. The proclamation was made under authority of the canal bill passed by congress in August, and establishes the merchant vessel rate of \$1.20 per net ton in actual earning capacity, with a reduction of 40 per cent for a ship in ballast.

The provisions of the proclamation are as follows:

1. Merchant vessels carrying passengers or cargo, \$1.20 per net ton (100 cubic feet) of actual earning capacity.
 2. Vessels in ballast without passengers, 40 per cent less than the rate for vessels with passengers or cargo.
 3. Upon naval vessels, other than transports, colliers, hospital ships and supply ships, 50 cents per displacement ton.
 4. Army and navy transports, colliers, hospital and supply ships, \$1.20 per ton, the same rules applying as for merchant craft with passengers and cargo.
- The American coastwise shipping was exempted by congress. It was to this provision that Great Britain protested, but no reference to the protest is made in the president's proclamation. American naval vessels are excepted without specific mention either in the act of congress or the proclamation, because the authorities believed it unnecessary to explain the use of less payment from its navy pocket into the treasury department pocket. The rates proclaimed are practically the same as are to be in force at the Suez canal next year.

BANANA TRUST TO BE PROSECUTED

WASHINGTON, Nov. 14.—For violation of the Sherman anti-trust law, the department of justice here intends to file suit against the United Fruit company in the near future. It is charged that the company has built up a country-wide distribution and resorted to unfair practices. The company has an authorized capital of \$35,000,000 and owns the entire capital stock of the Tropical Fruit Steamship company, operating 18 steamers between the West Indies, South America and the United States. The government, it is said, intends to push the impending suits as fast as possible before President Taft goes out of office.

PRINCETON, Nov. 14.—President elect Wilson announced tonight he proposed to carry out the pledges he made in his campaign speeches to cut special privilege out of the tariff schedules to prevent unfair competition in business and to destroy private monopoly. In his campaign speeches Wilson frequently reiterated a revision of the tariff should be undertaken immediately. It is believed this idea will find expression in a call for an extra session of congress.

LEE JACOBS WILL NOT MAKE RACE

Stating positively that he will not be a candidate for mayor, Lee Jacobs, for several terms city treasurer, and now cashier of the Farmers & Fruit-growers bank, this morning put an end to the efforts of his friends to put him forward for the place. Mr. Jacobs' well known qualifications and his popularity made him a strong contender for the place had he desired it.

"The work of the chief executive in Medford has grown to such proportions," stated Mr. Jacobs, "that it requires all of one's time to properly handle it. I cannot afford the place though I deeply appreciate the honor paid me by my friends."

Politicians and near politicians are still beating the bushes for mayoralty timber. The latest names to be mentioned are J. S. Howard, W. S. Crowell and M. Purdin. Those who have been suggested in addition to these are W. M. Colvig, P. S. Steenstrup, W. W. Eifert, J. W. Mitchell, J. E. Watt and J. A. Perry.

The Best Cough Syrup is Easily Made at Home

Costs Little and Acts Quickly.
Money Refunded if It Fails.

This recipe makes a pint of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in gualiac and the other natural healing pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

HARRASSED TURKS ASK FOR EIGHT DAYS ARMISTICE

LONDON, Nov. 14.—The porte has instructed Nazim Pasha, the Turkish commander, to apply to the Bulgarians for an eight-day armistice with a view to opening negotiations for peace. The decision seems to show that Turkey has little hope of being able to hold the Tebalaja lines against the Bulgarians. There is no news, however, as to how the Bulgarian commander met the Turkish request.

The situation at the front is confusing, owing to the paucity of news allowed to filter through from either side. Clearly there has been heavy fighting, as on November 12 Constantinople reported numerous wounded arriving from the front, and almost invariably correct, the Vienna Reichpost correspondent has reported the capture of positions by the Bulgarians in the neighborhood of the Tebalaja lines. The same correspondent says now the main attack on Tebalaja was delayed two days by rain.
