

LOCAL AND PERSONAL

Miss Kirkpatrick of Ashland, instructor in music at the Talent school, appeared Monday morning with a black eye and a bruised face. As Miss Kirkpatrick is unmarried, and of a peaceful disposition, we could not account for her battered condition until informed that the pony she is in the habit of riding had slipped and fell with her on the pavement in Ashland. She is certainly fortunate to escape with only the injuries she has, as her companion's horse passed over her after she had been thrown.—Record.

Fruit labels in any color printed by the Mail Tribune.

Peter N. Grisez a prominent rancher near Montague, well known in Medford met with a very painful accident in Butte Valley on the eighteenth, while preparing to bring his threshing home from an extended tour through eastern Siskiyou. He got under the engine to oil a bearing and in doing so he came in contact with the tines of a pitchfork that had carelessly been thrown under the machine and covered up with straw so that he did not see it. One tine of the fork penetrated the eye cavity and came out in the mouth. Luckily it missed the eyeball. He is a brother of the late Frank Grisez, county surveyor.

Don't use Butter in Your Kitchen

Do you know why butter is so high? Housewives from years of habit have come to use more and more of it for particular cooking—where they want something better than lard. It's a wasteful habit—highly expensive—and wholly unnecessary.

Use butter on your table, where it belongs; discard it from your kitchen. The use of *Cottolene* in cooking, will give just as good results as butter. Besides, two-thirds of a pound of *Cottolene* will go as far as a pound of butter, and *Cottolene* costs no more than lard. Use more *Cottolene* and cut down your butter bill.

Cottolene
Makes Delicious Pastry

Cottolene makes light, flaky, crisp pie-crust. It makes deliciously light, tender doughnuts. For cake making *Cottolene* creams up beautifully and gives the best obtainable results. Muffins, fritters, short cake, and all other pastry, are best made when made with *Cottolene*. It makes food rich but never greasy.

Cottolene is a vegetable product, and makes food that is healthful and digestible.

Try This Recipe:

ONE EGG CAKE	1 egg	1 teaspoon vanilla
1/2 cup of <i>Cottolene</i>	1 cup milk	1/2 teaspoon soda
1 cup sugar	1 teaspoon cream of tartar	2 cups flour

Rub the *Cottolene* and sugar to a light cream, add well beaten yolk of egg and vanilla, mix together the soda, cream of tartar and flour, stir it into the creamed mixture, alternating with the milk. Add well beaten white of egg last. Bake in shallow pan in moderate oven about one-half hour.

NOTHING EQUALS S.S.S. FOR OLD SORES

Nothing equals S. S. S. as a cure for Old Sores because nothing equals it as a blood purifier. The source and supply of every chronic sore is impure blood; the circulation is infected with germs and morbid accumulations which are being constantly deposited into the open place. This causes ulceration and inflammation of the flesh tissues and produces a condition upon which salves, washes, lotions, etc., can have no curative effects. The blood must be purified of all infectious matter before the circulation can nourish the flesh tissues and stimulate them to the healthy condition necessary to heal the sore. S. S. S. heals old sores by going down to the fountain-head of the trouble and driving out the germs and morbid matters which are keeping the ulcer open. Then as new, rich blood is carried to the place, the healing begins, all discharge ceases, the inflammation leaves, new tissue and healthy flesh are formed, and soon the ulcer is well. You are not wasting time when you use S. S. S., but you are giving yourself the benefit of the very best treatment for old sores. Book on Sores and Ulcers and any medical advice free. S. S. S. is sold at drug stores.
