ANDERSON WINS IN BOUT WITH KELLY AT KLAMATH FALLS

KLAMATH FALLS, Or., Nov. 23.—Rud Anderson of Vancouver, Washington, knocked out Arthur Kelly of Australia last night in the first minute of the third round with a right uppercut to the point of the jaw. Kelly showed well in the first, but from then to the finish he weakened under a fusillade of kidney punches and body blows. Freddie Anderson knocked out Bobby Lyman in the fifth round. Kelly's seconds threw up the sponge in the third round after three men had been knocked down three times by Anderson in one of the hardest fought bouts ever seen here. Kelly was outclassed at all points of the game.

HARVARD WINS FROM YALE

Yale line-up at this point. Flynn then punted to Harvard's thirty-four yard line. A series of formations plays followed and Wendell and Hardwick succeeded in carrying the ball to midfield. R. Baker was sent in to replace Flynn. Again a punting duel began. Yale secured the ball in midfield. On the first play Brickley of Harvard intercepted a forward pass, grabbed the ball and gained twenty-five yards. Tries Forward Pass. Harvard tried a forward pass and Gardner advanced the ball to Yale's ten-yard line. From here Brickley dropped a field goal. The quarter ended immediately after. With the opening of the last quarter a fierce punting battle was waged. Yale finally secured the ball on her own thirty-yard line. Yale now began to use the shift play, by which Pumpelly gained ten yards and Baker ten. Markle at this point replaced Baker. By another series of line smashes Pumpelly, Markle and Wheeler tore holes through the Harvard defense and advanced the ball to the crimson eight yard line, where it stopped. The punting of Pumpelly was magnificent and to his work Yale owed most of her gains. Felton punted to midfield. A forward pass, Pumpelly to Wheeler, took the ball to Harvard's twenty-eight yard line. Pumpelly stepped back for a drop kick just as the game ended. Final score: Harvard, 20; Yale, 0.

AUSTRIA SENDS BATTLESHIPS

Pasha, commander of the Turkish forces and General Savoff, for Bulgaria, will agree on peace terms. Immediately thereafter is when the real difficulty is feared. If the allies ignore Austria's wishes in regard to European Turkey, war is almost certain to follow. Berlin diplomats expect the sultan to accept the modified terms presented by the allies. The Turkish force at Toluja is being constantly reinforced by fresh troops from Asia, but these reinforcements are barely sufficient to offset the deaths from cholera. The Bulgarian force is camped several miles from the Tchatalja fortifications today, the surgeons and physicians desperately striving to prevent the spread of the cholera. LONDON, Nov. 23.—Despatches from Belgrade today say that the body of the Turkish commander of Monastir had been found on the battlefield before that city.

IS POWER TRUST GREATER THAN CITY ASKS BOB SMITH

The enforcement of the ordinances enacted several months ago making reductions in the rates which it is legal for public service corporations to charge for water and light in this city was the subject of a message from Mayor Smith of Grants Pass to the council at its regular session. The question before the city is which is the greater, the city government backed by the ordinances, or the California-Oregon Power company and the two members of the common council who voted against the ordinance. "A law will not execute itself. There must be back of it authority and some one to execute that authority. In this case we need an ordinance with 'teeth' in it. To that end I recommend the council to enact forthwith an ordinance making it a crime for any officer, agent or employee of any company, corporation or person furnishing electric current or light over any wires strung upon poles erected upon the streets or alleys of the city or carried in mains under the streets of the city whether such poles, wires and mains are erected or constructed with or without the consent of the city, to charge, exact, collect or receive any higher rates for electric light and current than are fixed by the ordinances of the city, and also to provide a penalty for any company, officer, agent or employee who will cut off the supply of current to any consumer who shall tender the charge fixed by the ordinances of this city." Summing up the argument of his lengthy message, the mayor advised the enactment of such an ordinance as he had proposed, and, second, the submission to the people of the proposition to issue bonds to provide funds to take over the electric transmission lines in the city for the installation of a municipal plant for generation of electric current, or the purchase of electric current from the company or person that would supply it at the lowest price. A committee was appointed to draft an ordinance.

GEORGE PORTER TO OPPOSE ANDREWS

One more candidate plunged into the political waters Saturday, George Porter announcing his candidacy from the first ward. He will oppose Ed M. Andrews who announced himself several days ago. In the second ward Col. H. H. Sargent, H. B. Patterson, Charles B. Guy, D. J. Stull and J. E. Stewart are out. In the third A. S. Bliton and John Demmer have declared their intention.

ARE WE NEARING REAL MILLENIUM?

The only place in the Bible, said the speaker at the evangelistic hall, where the millennium is mentioned is the 20th chapter of Revelation. The word means a thousand years. He said that there are three views held by Christians in regard to this question. One class believes that the world is rapidly growing better, and soon all will be converted, and then Christ will come. Another class believes that Christ will first come and raise all the dead, both good and bad; and during the millennium the wicked will have a second probation. From the Bible it was proven that the millennium begins with the resurrection of the righteous and ends with the resurrection of the wicked. The coming of Christ marks the beginning of the millennium, 1 Cor. 15:21-23, 51-55. The coming of Christ destroys the wicked and they do not live again till the end of that period. Jesus does not touch the earth when he comes, but his people are caught up to meet him in the air, 1 Thess. 4:16-18, and they are taken to the mansions prepared for them in the new Jerusalem. Subject Sunday evening: "Heaven, Where is It?"

TAKE SALARY OFF CITY OFFICIALS

To the editor: I have just finished reading Mr. C. E. Gates' platform, and will say that it promises all right, and by adding a few amendments to it would be almost perfect. First, the ordinance putting the mayor and councilmen on salaries should be repealed, thereby saving the city \$2700 per annum, for I am of the opinion that there are plenty of men in Medford who would be willing to serve the city as mayor and councilmen without pay. And in regard to saloons, have them closed at 8 o'clock in the evening and remain closed until 6 in the morning. As nearly all the crimes committed are after night. Allowing no saloon to have a rear entrance; do away with all tables and chairs and have an open front. Close all gambling places and then I think we could make a saving by doing away with some of the police force and have a more orderly city. Let the justice of the peace act as police judge. Respectfully submitted to Mr. C. E. Gates for his approval or rejection. Should he approve of the amendments I would not be afraid to guarantee his election. W. J. DRUMHILL.

Howard of Des Moines, Iowa, will sing, "Come Unto Me," by North, for the offertory. Dr. Howard possesses a splendid baritone voice and it will be an uplift to hear him. The quartette will also sing, "Still, Still With Thee," by Mendelssohn. At the evening service at 7:30 the choir with Mr. Charles Hoy will sing "No Shadows Yonder," by Gaul, and Mrs. Halliday Haight, contralto, who is spending the winter in Medford has kindly consented to sing extracts from Gaul's Holy City and at the close of the service will sing the Hymn, "Oh, Jesus Thou Art Standing."
