

PROPOSITION GOOD SAYS COMMITTEE

The committee appointed by the Medford Commercial club to investigate the proposition submitted by C. J. Korinek to establish a stock medicine factory at Medford have made the following report:

Medford, Nov. 25, 1912. To Whom It May Concern: The committee appointed by the Medford Commercial club to examine into the merits of the stock foods and medicines manufactured by Dr. Chas. J. Korinek of Salem, Oregon, wishes to state that they are in every way as represented by Dr. Korinek.

Aside from the merits of the articles manufactured by Dr. Korinek, we wish to state that it would be good business on the part of the Commercial club of Medford to make it possible for Dr. Korinek to build a manufacturing plant in this city. In the first place, the stock foods and medicines contain alfalfa products. Alfalfa grows in the Rogue River valley could be utilized in the process of manufacture. The possibilities of a plant making use of alfalfa are far reaching in that many human foods and condiments may be made from it. The building of a plant to consume our local product would be of advantage to the alfalfa grower.

As we understand it, Dr. Korinek is not asking for charity but seeks encouragement from the business and monied interests of the valley. We believe that the purchase of stock in this plant would be a paying investment, as the profits in the manufacture of stock foods and medicines are such as to warrant paying dividends. There is a constant and increasing demand for stock foods.

F. J. O'GARA, Chairman of Committee.

MADERO BREAKS UP HUGE LAND TRACTS

WASHINGTON, Nov. 27.—To carry out pledges made when he assumed office, President Francisco I. Madero of Mexico, plans the distribution of more than 2,000,000 acres of land among small farmers, according to consular reports received at the state department from Chihuahua and Coahuila. More than 1,700,000 acres are to be distributed in Coahuila alone, and at least 500,000 acres will be divided in Chihuahua. At the outset of his rebellion against Porfirio Diaz, Madero promised to break up the concentration of land among a few big owners.

MITCHELL WILL EXPLAIN HIS VIEWS AS TO MARKET

Because many of the people of the city have gained a wrong impression of the views of J. W. Mitchell, candidate for mayor, as to the public market, Mr. Mitchell today announced that he would prepare a statement setting forth his views in detail which will be published in the near future. He asks the public to withhold its opinion until they have read his statement. Mr. Mitchell states further that he believes that his remarks before the Greater Medford club Monday were misinterpreted.

MARRIED.

Friends of George Renstrom and Helen Miers will be interested to hear of their marriage. The bride will be remembered here as the charming nurse at the Southern Oregon hospital in 1910-11. While acting in that position she met the groom who was a patient there. It was the beginning of the romance which culminated in their marriage in Yreka, Nov. 20. The groom lived here for some time where he was prominent in baseball circles.

AWARDS ON PACK NOT ON QUALITY

H. B. Tronson of Eagle Point has returned from the Portland land products show where he entered some of his fancy Spitzenberg apples in the four box class. He says:

"There were 18 entries in the class I entered, 17 of them from Hood River. I lost the award on the pack—not the quality of the apple which was unsurpassed. I took no packer with me to repack the fruit after shipment and the judges used a steel square for alignment and found one of the apples in the top row, the only one looked at, an eighth of an inch out of line—which put me out of the running despite the fact that my apples were finer than those that won sweepstakes at Spokane.

"My Spitzenbergs were the only ones displayed having the true Spitzenberg shape—the others were round, and flat on the ends. But the judges did not consider this at all."

JUMP-OFF-JOE MINES IN FULL OPERATION

G. E. Howland of Grants Pass reports that all of the Jump-Off-Joe placer mines are either already at work or that they will begin operations before the end of another week. Sufficient water for placer mining was available this season much earlier than usual, and some of the mines were not ready to make use of the first flow. The giants of the Sexton and of the H. & C. are active now, however, and the three giants on the Swastika will commence washing out the gravel next week.

The Jack's creek mine is installing a gasoline engine and hoist, and will use the outfit to lift some of the heaviest boulders out of the way.

The miners are all enthusiastic over the outlook, and with the early coming of the water anticipate a most profitable season's run.

TAFT ATTENDS RAYNOR'S FUNERAL

WASHINGTON, Nov. 27.—With President Taft, justices of the supreme court, members of the senate and house, besides many foreign diplomats, in attendance, the funeral of United States Senator Isidor Rayner of Maryland was held here this afternoon at 2 o'clock.

Chaplain Pierce of the senate preached the funeral sermon, and the associates in congress of the dead statesman bore his body to the grave. Interment was in Rock Creek cemetery.

TURKEY THEIVES SUDDENLY ACTIVE

A number of people in the city will have turkey for Thanksgiving if theft of the popular birds reported Wednesday morning is any criterion. Several complaints were made today of the loss of birds due to loss their necks this morning. In one instance four fine birds were stolen.

For sometime chicken stealing which previously flourished in the city has apparently been stamped out but Tuesday night the lull in the business broke out afresh but this time the thieves sought turks.

Who Cut Meat Prices?

Who was it that gave the people of Medford cheap meat through the public market?

Who fought the meat trust and forced prices down throughout the city?

If I am forced out of business, prices will go up. People stay by your friends keep meat cheap.

Write Ideas for Moving Picture Plays!

You Can Write Photo Plays and Earn \$25 or More Weekly
WE WILL SHOW YOU HOW

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25., a low figure,
YOU WILL EARN \$100 MONTHLY FOR SPARE TIME WORK!
FREE—Send your name and address at once for free copy of our illustrated book, "MOVING PICTURE PLAYWRITING."

Don't hesitate. Don't argue. Write NOW and learn just what this new profession may mean for you and your future.
