The strike was called by J. F. Morgan, financial secretary of the I. W. W. The men want \$2.50 for a nine hour day.

WILSON'S DESIRE TO BAR CEREMONY DOESN'T PLEASE ALL

WASHINGTON, Dec. 2.—That President-Elect Wilson's determination to postpone the pomp and ceremony which has been a picturesque part of the induction into office of a president since early in American history, will result in the passage either at the coming session of congress or early in the extra session of a measure changing the inaugural date to the last Thursday in April, was confidently predicted by members today.

Representative Henry of Texas, chairman of the house rules committee is now fathering a bill to this end. With President Wilson behind the plan it was believed the measure, which has been sidetracked in the press of aggressive work, would be rescued from a committee pigeonhole and enacted into law. He said:

"Eliminate Bad Weather "I am much gratified over Governor Wilson's suggestion. I will help in the adoption of my resolution, which would eliminate inclement weather inaugurations. Regardless of the present status of the resolution, I see no reason why we should not carry out a plan to induct Mr. Wilson into office March 4, reserving until a later date the more elaborate features of the ceremonial."

While most of the representatives favor the change, all the democrats who have been reached insist that whether Governor Wilson wanted it or not, they will give him a tremendous ovation when he becomes president.

"The governor has certainly decided upon a good plan," said Representative Clayton, chairman of the judiciary committee which reported the Henry resolution, "but I do not know whether it will go through at this time. At any rate his endorsement will give impetus to the passage of the Henry resolution."

"Two Bites at a Cherry" Governor-Elect Sulzer of New York was dubious about the plan. "It look like two bites at a cherry," he commented. "Personally I would like to see the pomp and ceremony part of our inaugurations eliminated. My plan is for a single inauguration on the first of January without any parade or inaugural ball. The president could take the oath and go directly to the white house to get on the job."

Representative Goodwin of Arkansas declared that Governor Wilson might find it hard to cancel plans which the democrats already have made for a big demonstration on March 4.

"I think it improbable that we democrats will be denied the opportunity of celebrating," he said. "I believe Governor Wilson's announcement will contribute to the adoption of the Henry resolution."

CURE FOR TUBERCULOSIS (Continued from page 1.)

supply the world for all time, for the germs multiply very rapidly. I have treated more than 1,000 cases and have not lost one except in instances where the vitality was so low that nothing could save the patient. Of course, the cure does not restore lost lungs or tissues. It only kills tuberculosis germs wherever it encounters them.

Answering queries as to when he would send his serum to the United States and as to its cost, Dr. Friedman said that representatives of several American interests are en route to Berlin and that the question of American rights will not be settled until they arrive. He said the treatment would be inexpensive and that doses would cost less than \$1 a dozen to manufacture. The speed of the cure, according to Dr. Friedman, is remarkable.

Talked With Patients

"I saw and conversed with many patients," said Shepherd. "I saw a boy, entirely cured, whose leg had rotted away almost to the hip. I saw men who had hemorrhages, night sweats, fever and had been in hospitals who had been cured in a few weeks and returned to work after only one injection. I saw a girl who was born tuberculous and whose hand had rotted during eighteen years, who was cured by one treatment in four weeks. I saw clean-healed sores on hands, on arms and necks and bodies of children, where once had been terrible and supposedly incurable tuberculous sores. These patients and many more told me of their marvelous stories. Anyone who has seen what I have seen here must be convinced that Dr. Friedman has given the world the happiest Christmas—except one—that the world has ever known."

Legal blanks at Mail Tribune.

DECISION CAUSES FLURRY IN STOCKS

NEW YORK, Dec. 2.—Decision of the United States supreme court today that the Harriman merger of the Union Pacific and the Southern Pacific should be immediately nullified caused a slight flurry in the market today but stocks immediately rallied. Southern Pacific, when the decision was announced at once fell from 111 1/4 to 108 1/4 and then recovered to 110 1/2. The sales were 8,100 shares in the first half hour. Union Pacific dropped from 171 7/8 to 169 and then recovered to 171 5/8. The sales were 6,700 shares for the first half hour.

GIRLS BEAT UP ROBBERS WHO ATTEMPT TO ROB THEM

SPOKANE, Wash., Dec. 2.—Five pretty young girls, Catherine Langelohs, Eleanor Swanson, Nadine Frank Della Burnish and Ina Jones are being congratulated today on the way they "beat up" two highwaymen who tried to hold them up while they were driving on the Moran prairie road. Miss Langelohs answered a sharp command to throw up her hands by hitting one of the road agents across the face with a buggy whip. He ran whimpering into the brush nearby. Then Miss Swanson threw her metal purse at the other one, hitting him in the face and forcing him to flee also. The other girls showed fight.

ACTIVITY AT LA PINE (Continued from Page One)

contractors had in the neighborhood of 200 men strung out clearing the right of way from Lava Butte south. People by the hundreds from nearly every state in the union were rushing into the La Pine country.

Land locators, townsite agents and real estate dealers all were on the jump, when suddenly, about the middle of May, all work ceased without warning. The development of the entire Walker basin has been practically at a standstill since that time.

Coach Moors Resigns

EUGENE, Ore., Dec. 2.—The decision of Gordon C. Moors, assistant football coach at Oregon University to retire from this position at noon, is causing regret today. Moors declares his business interests will absolutely prevent his serving another season.

BE SUSPICIOUS OF ANY CHRONIC ULCER Any sore that is obstinate or slow in healing should cause suspicion and put the sufferer on guard. Many an ulcer which could have been cured if it had been properly treated, in time, has been allowed to remain open until it became infected with some degenerate poison from the outside which made it a malignant, eating sore. Most old sores come from an impure and polluted condition of the blood and can be healed if the circulation is cleansed and purified of the predisposing cause. To attempt to cure a chronic ulcer with salves, washes, lotions, etc. is trifling with what may become a serious condition. S. S. S. heals chronic ulcers in a perfectly natural way. It goes down into the blood and removes the impurities and morbid matters which are the means of keeping the place open; then the sore is bound to heal. Not only does S. S. S. cleanse the circulation but it restores its healing powers, and aids in promoting the necessary qualities for good health. S. S. S. builds new flesh tissue from the bottom of the ulcer to the outer skin and makes a permanent cure. Book on Sores and Ulcers and medical advice free to all who write and request same. THE SWIFT SPECIFIC CO., ATLANTA, GA.
