MINOR LEAGUE FOR CALIFORNIA

SACRAMENTO, Cal., Dec. 10.—Pacific Coast Baseball League directors will wind up their annual meeting tonight after a two days session. The biggest business tonight will be the consideration of an inter-California league of class D rating to serve as a "farm" for several teams of the league.

It was entirely problematical today whether the league would be a reality next season. Sacramento and Portland will refuse to contribute toward the support of the young organization, declaring they will derive no benefit from it.

"Happy" Hogan proposed today to trade Pitcher Stewart for Pitcher Barkness of the Beavers, but McCredie could not see it.

Miss Kittrick who pursues teacher.

SAN FRANCISCO, Cal., Dec. 10.—Suspicions concerning two men and two women said to be protecting Miss Lucille McKittrick, a school teacher of Hood River, Or., fleeing from the threats of a persistent suitor, are under investigation here today by the federal immigration officials.

Inspector Frank Alsworth declared that the matter would be investigated thoroughly before the Bear continues her trip to Los Angeles on Thursday. A decision is expected tomorrow.

MINERS ASK MONEY TO PROBE WILDCATS

SAN FRANCISCO, Dec. 10.—Plans to ask the California legislature to appropriate \$25,000 to be used by the state mineralogist to investigate fake mining schemes and to provide an exhibit at the 1915 exposition are the chief matters under consideration today by the California Miners' association in convention here.

The convention also intends to start a campaign for the modification of conservation laws and the restoration of control of the public domain to the state. Five hundred delegates are in attendance.

CUDAHY ACKNOWLEDGES THAT HE DID WRONG

KANSAS CITY, Mo., Dec. 10.—The courts here today ordered the children of Mrs. and Mr. Jack Cudahy restored to their parents, who recently remarried after their separation, when Cudahy, finding Jere Lillis with his wife here, attacked and mutilated the man.

"Throughout the whole matter I have been wrong," said Cudahy in a statement issued today. "I have grievously wronged my wife and children. The balance of my life will be devoted to doing what I can—and it will never be enough—to right the wrongs I did them."

WIFE'S AID DOES NOT SAVE SICKLE'S HOME

NEW YORK, Dec. 10.—Despite the fact that his wife satisfied a judgment of \$5500 against him only a few days ago, General Daniel Sickle today faces eviction from his elegant Fifth Avenue home unless a mortgage of \$118,000 held by the Bovey Savings Bank is liquidated.

GAYNOR PLEADING TRUTH OF GRAFTING CHARGES

NEW YORK, Dec. 10.—Declaring that he told only the truth in asserting that certain aldermen extorted graft from news stand licenses, Mayor Gaynor has filed answer here today to the \$100,000 damage suit instituted against him for libel by Alderman Henry Curran.

Through want advertising you may sell a business—or find a partner—or develop a good business plan.

\$750,000 WAGERED ON GOLDEN STATE

SACRAMENTO, Cal., Dec. 10.—Rough statistics as far as they can be gathered by the "sports" at the capitol who bet everything, including their hats and mortgages on their salary on the election outcome in the state, today show that close to \$750,000 was staked on the California returns.

This beats the money up during the Budd campaign, the heaviest betting heretofore indulged in, by \$250,000 and sets a record for the Pacific coast. The keen interest of women, due to their first ballot, is said to have been a prominent factor in the heavy increase.

Wagers aggregating thousands of dollars are, however, being called off here because of the dispute as to whether Roosevelt had to get all the state's electors to "carry" the state. Because of this dispute the matter of paying off bets is largely a matter of noblesse oblige, or good sportsmanship.

MAIL CARRIER STOLE TO RELIEVE FAMILY

PORTLAND, Dec. 10.—T. H. Moore, one of the oldest mail carriers in point of service in the employ of the local post office, was arrested today for the alleged theft of money from letters given him to deliver. He has confessed. It is stated that a few days ago Moore opened several letters and extracted \$30 or so in bills and small change.

M'ALLISTER PLEADS NOT GUILTY TO CHARGE

PORTLAND, Dec. 10.—Attorney E. S. J. McAllister, indicted in connection with the Portland vice scandal, this morning pleaded not guilty to the two counts against him. The trial of Dr. Harry Stuart, indicted on a similar charge, will begin tomorrow, having been put over from today. A large crowd was present to hear McAllister plead.

NO DECISION YET IN MEDFORD BRIDGE CASE

SALEM, Or., Dec. 10.—No decision was handed down today by the supreme court in the case of the Humphrey brothers, convicted of the murder of an old lady near Philomath. As no decisions will be handed down now until next Tuesday, they will not be hanged with the five men to be executed next Friday at the state prison.

LYNCH RE-ELECTED AS NATIONAL LEAGUE CHIEF

TABLE UTENSILS UP TO MINUTE

CHICAGO, Dec. 10.—Bidding for fame against that St. Louis man who recently invented the useless soup spoon, Milton E. Peck, a Chicago inventor, is in the lists today with a coffee spoon which won't stick in the cup, a ragged edged fingerbowl from which one cannot drink and a chair around which no one can twist his legs.

Peck also is working on a knife with a guard so that pie cannot be speared. The handle end of his great discovery, the spoon, is heavily weighted with a round ball of lead, so that it cannot enter the eye of a lowly feeder. It is reported that with each spoon will go a life preserver for use when the spoon tips, but this Peck will not confirm.

SMALL COMFORT FOR BRITAIN IN SENATE

WASHINGTON, Dec. 10.—The senate should no more consider the British demand relative to the Panama canal than it should consider a proposal that British vessels be allowed to engage in Mississippi river trade.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis funds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend.
