RHEUMATISM URIC ACID CAUSES IT-S.S.S. CURES IT

Every variety of Rheumatism is caused by an excess of uric acid in the blood; the different forms of the disease depending on whether this uric acid settles in the nerves, muscles or joints. In Sciatica it is the nerves which are attacked, the muscular form shows the muscles to be the seat of trouble, while manifestations of articular Rheumatism are evidence that the joints are being diseased. To cure Rheumatism uric acid must be removed from the blood; the circulation must be made pure. This cannot be accomplished with external applications; such treatment may furnish temporary relief from the pain, but it does not reach the producing cause. S. S. S. cures Rheumatism of every variety and form because it purifies the blood. It goes down into the circulation, neutralizes the acids and dissolves the irritating deposits which are pressing on the sensitive nerves and tissues, and producing pain. Whether your case of Rheumatism be acute or chronic S. S. S. is the medicine you need; it will cure you and at the same time build up the entire system by its fine vegetable tonic effects. Book on Rheumatism and any medical advice free to all who write.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25., a low figure,
