

### NEWTOWNS NET GROWERS \$1.30 BOX

Sgobel & Day issue the following dated New York, December 11: The foreign markets stand as follows: London—Market unchanged from former report, small sales, poor demand. M. Isaacs & Sons advise. Hamburg—Long cable in from L. Connolly & Co. reporting today's market: California Newtowns, 4-tier, 6s to 6s 6d; 4 1/2 tier, 4s 9d to 5s. Oregon Newtowns, 4-tier, 10s to 11s; 4 1/2-tier, 7s 9d to 8s 9d. They add the market will probably improve for California Newtowns. They sold for us today a car Oregon Newtowns sending back \$1.30 net per box, to Medford.

Shipments—There left this city last week, the following box apples: Liverpool, 12,500; London, 19,000; Glasgow, 4900; Hull, 200; Hamburg, 13,600.

This shows about the same as went last week.

This market here is unchanged and we do not think any better than it was two weeks ago. Some handsome Hood River Spitzenbergs bring \$1.75 to \$2.00, others \$1.60 to \$1.80, but it is too early to sell them. Generally this market stands \$1.25 to \$1.75 per box on pretty good apples, with a rather poor demand. There are in the Erie yards, Jersey City, this morning, 52 cars of apples waiting sale, with 10 more due tomorrow or next day.

The consumption of barrel apples in this city during the month of November equaled the enormous amount of 10,000 barrels per day, this on the very best authority, and this is outside of the consumption of box apples; however, the bulk of these barrel apples were sold from \$2.10 to \$2.25, mostly Baldwins; some extra fancy, other varieties bring \$3.00 to \$3.25, but the common stock sells \$1.50 to \$1.75, all per barrel.

The weather is colder which should help the market.

SEATTLE, Dec. 18.—It was reported here today that Oris Hamilton, former adjutant general of the state guards, who has been serving a term for embezzlement, and who was paroled yesterday, is in Pullman, Wn., today. His wife and mother live there, and it is expected that he will spend the holidays with them. He stated yesterday that he expected to remain in this state.

### BOYS IN A MISSION SCHOOL RUNNING A SANTA CLAUS FACTORY

The above is a scene in one of the mission schools of New York, where the boys are taught manual training. So expert have many of them become that they are able to make all kinds of interesting toys.

Among the articles they most delight in making are play houses, dump cars, battle ships, derricks, sleds and wooden animals. The boys are very enthusiastic over the work, and great competition exists as to who can turn out the finest present. Many similar schools are in existence in other large cities, and they are proving most beneficial.

### WILSON DODGES OFFICE SEEKERS

NEW YORK, Dec. 18.—With William F. McCombs, chairman of the democratic national committee, swamped with applications for jobs, either personally presented or mailed President-elect Woodrow Wilson has steered clear of party headquarters here since his return from Bermuda. So far Wilson has studiously avoided all office-seekers, but he is expected to consider the applications after January 1.

Wilson spent today at his desk in Trenton, N. J., but is to come to New York late today to attend the banquet of the Southern society tonight.

### IMMIGRANT ALIENS MUST BE ABLE TO READ OR WRITE

WASHINGTON, Dec. 18.—The house this afternoon passed the Burnett-Dillingham bill requiring all immigrant aliens over sixteen years of age to be able to read and write their native language.

### CANNIBALS SLAY AND EAT VICTIMS

SYDNEY, N. S. W., Dec. 18.—Frightful massacres instigated by a notorious native chief in Papua, the British section of New Guinea, have been made public by James Arnold, a prospector who has just returned from that country.

At the head of his murderous gang the chief recently swept down on several native villages, butchered the inhabitants, devastated their homes and dined off the tenderest portions of the slain. The chief did not confine himself to the native villages but attacked European sections from which he was repulsed. Mr. Arnold himself had a thrilling experience. His camp was near one of the native villages and he was alone. He witnessed the awful butchery and after the blacks were satiated with the blood of their brothers they turned their attention to the lone white man. Grabbing his Winchester rifle Arnold defied the murderers, who after he had killed one and wounded another, turned and fled.

### MATLOCK IS NOT SANTA ANA BANDIT

EUGENE, Ore., Dec. 18.—According to evidence offered by the office of the chief of police here, Joe Matlock, son of former Mayor Matlock of this city is not the Santa Ana bandit, shot to death after assaulting a girl. The chief has no detailed description of the man, but Officer H. G. Macey who is well acquainted with Matlock, indicates that the descriptions of the California bandit and Matlock are similar in but very few essentials.

"Matlock is about five feet, four inches, weighs probably 165 pounds, has brown hair and fair complexion," said Macey. "All of the members of his family are light. The only distinguishing feature I can remember about him is that he had either a stiff right hand or right arm. He had no scars that I know of. Although it has been some time since I have seen Matlock, I am positive of this description."

### LITTLE BUSINESS BY CITY COUNCIL

The city council Tuesday evening in regular session voted to rescind their recent order that the question of a police matron be submitted to the people at the general city election in January, and voted to drop the question entirely.

This step was taken in accord with a recent decision of the ladies of the Greater Medford Club who requested the council to drop the matter at this time.

Councilman Mitchell refused to vote upon the question at last evening's session. Previously he was the only member of the council to vote against submitting the question to the people.

The council transacted little business Tuesday evening, the application for a street railroad franchise not coming up, being delayed.

Chelgren Bros. were granted a contract for the building of sewers, a title to land owned by the city was cleared on request of T. W. Miles, and the bond and request of O. M. Selsby for a liquor license was granted.

### DON'T OVERLOOK THIS

A Careful Perusal Will Prove Its Value to Every Mail Tribune Reader

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptical. Now-a-days the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Mail Tribune reader.

H. J. Durfee, 22 N. Bartlett St., Medford Ore., says: "I was troubled by my kidneys off and on for years. If I caught a slight cold, it always settled in them, causing my back to become very lame, weak and painful. Last summer I was suffering in that way and on a friend's advice, I procured Doan's Kidney Pills. I found this remedy to be exactly as represented and in a few days the trouble left me. I know of many other persons who have obtained benefit from Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
