

OLD UNRELIABLE GAS PLANT AGAIN OUT OF BUSINESS

Medford has one of the few unreliable gas plants on the coast. Every little while the gas fails. Sometimes the oil is blamed, sometimes the weather—but neither oil nor weather affect service given in other cities.

A "freeze-up" at the Gas company's plant at Phoenix resulted in no gas for the company's patrons this morning. At least this is the excuse offered by the officials. The company stated at noon that it hoped to have gas in the pipes within a short time. Water freezing in gas pipes throughout the city Sunday caused much inconvenience to people whose cooking depended upon a gas supply but the trouble was not general until Monday. The thermometer at the gas plant registered 8 above this morning.

The Mail Tribune was late again today, having lost several hours waiting for gas to come on before re-installing its gasoline plant.

HIGHER PRICES FOR LIVESTOCK

PORTLAND, Jan. 6.—Receipts for the week have been: Cattle, 1200; calves, 25; hogs, 2500; sheep, 2337; horses, 10.

Very light receipts of cattle for the week, with brisk demand and prices from 15c to 25c higher for steers, cows, heifers and bulls. There is an especially strong demand for prime steers, cows and heifers, but all grades are meeting with ready sale.

No very heavy arrivals of hogs reported and the demand so strong that prices jumped up to 8c and in some few classes \$8.10 for top quality on Thursday's market.

Sheep and lambs show light receipts. Well finished stuff in good demand and prices a shade stronger.

WALTER GORE WEDS MRS. MARTHA MILLER

Walter Gore and Mrs. Martha J. Miller were married at the Presbyterian parsonage at Phoenix Saturday evening. Rev. Mr. Bailey performed the ceremony in the presence of a number of relatives of the contracting parties. Mr. Gore is a brother of John, Will and Ed Gore of this city and Mrs. Miller is the mother of A. H. Miller and Mrs. H. E. Morrison of Medford. The news of the wedding of these two well known residents was informally announced by friends at some of the churches Sunday.

REFORM ORDER OF DAY

(Continued from Page 1) ty clerk being present through the sessions—something that has not happened in years. Minutes have been written up later, by the county clerk from notes furnished by Judge Neil, and the minutes seldom signed by the commissioners.

The new court states that while they do not intend to be niggardly or make the county suffer in any way, neither do they intend to open wide the purse and no deputies will be sanctioned unless actually needed.

Sheriff Singler filed a bond of \$10,000 as sheriff, but the court served notice that it must be increased to \$15,000. A surety bond of \$40,000 will also be required from the sheriff as tax collector.

Bonds for \$20,000 filed by the treasurer were approved and notice served that a surety bond for a large amount will be required, the county paying the premium.

Clerk Gardner appointed Miss Thompson as chief deputy and Frank Coleman as deputy. Recorder Colvig appointed his wife as deputy at \$600 and served notice that he wished to appoint Miss Humphreys as deputy.

57 VARIETIES OF ROAD BUILDERS SEEK COUNTY JOBS

Fifty-seven varieties of road supervisors willing to build fifty-seven varieties of county roads are at Jacksonville today, armed with petitions and credentials seeking appointment as road supervisors, under the new county court. Commissioner Leever says that half the men in the county are seeking the job and that he has hundreds of applications. In view of the almost solid vote of the districts represented against good roads legislation, it is surprising to find how many favor roads when they build them themselves.

Many of the larger road districts are being subdivided and rearranged, so that it may be a day or two before the supervisors get their appointments. However, the job will not be the sinecure it used to be—nor will it be a family graft as it has been in certain districts. The supervisors will no longer have right of way to do as they please, but must work only under direction of the court. Nor can they run up bills for the county to pay—as of old—this must be done only through the court. In short the supervisor simply acts as foreman for the court on road work in his district.

BARNUM SEEKS TROLLEY FRANCHISE

Attorney O. C. Boggs, representing the Barnum interests, filed with the city recorder Saturday an ordinance asking for a franchise to operate an electric line in this city. The principal features of the ordinance is that W. H. Barnum asks for the franchise instead of J. C. Barnum, the deposit of \$25,000 to be used for no other purpose except in the construction of the railroad, the specification of the kind of cars they will run, streets they will operate upon, and promise to give an hour and a half service from 6 a. m. to 9 p. m.

BRONCHITIS SUFFERER

Takes Druggists' Advice With Splendid Result

If any one should know the worth of a medicine, it is the retail druggist who sells it over his counter every day in the week, and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Uline of West Sand Lake, N. Y., says: "For a number of years I was a great sufferer from bronchitis. Last July I had an attack which was more severe than any and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did with wonderful results. My cough has left me; I have gained in weight and appetite and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run-down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient in such cases.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not. Medford Pharmacy, Medford, Ore.

Mail Tribune's New Year's Edition

(Portland Spectator) A capital New Year's number, in the shape of an annual review of the record and progress and achievements made by the Rogue River valley in 1912, has been issued by the Medford Mail Tribune. George Putnam, the editor, finds much to which the citizens of Jackson county can point with pride. The year, he says, has been one of bountiful harvests and substantial progress; the future is bright with promise; the resources are in the wonderful valley of the Rogue, and with optimism, courage and hope, the Mail Tribune speeds the old year out and the new one in. The Spectator wishes the Mail Tribune, its editor and readers all the happiness and prosperity that their hearts can wish.

It is worth mentioning that in the New Year's issue of the Mail Tribune is an editorial headed "Money in Pears," in which are given some figures showing returns that orchardists have had from their fruit in 1912. The Mail Tribune speaks of many orchards, but as an average of production and profit the sales made by Fred H. Hopkins, of Snowy Butte Orchards, may be quoted: From 14 acres, Mr. Hopkins sold Winter Nells, Bartlett's, Fall Butter, Gemma and Rose pears that netted \$14,385—over \$1,000 an acre—and the Mail Tribune adds that "this is nothing unusual for this orchard—almost an annual occurrence."

The Mail Tribune takes almost as much satisfaction out of the productivity of the Rogue river orchards as from the facts that Medford is the best paved city in America, and that it has more automobiles per capita than any other city of its size in the country.

(Portland Oregonian.) The Medford Mail Tribune of January 1 consists of thirty-two pages in

A SINGLE DOSE relieves these troubles INSTANTLY.
