Presbyterian Church

At the prayer meeting tonight the subject is "How Can the Church Aid in Removing the Abnormal Conditions of Life." Must the church be the great inspiring institution in all right living?

Must the church lift its voice against all wrong in religious, social, educational, economic, political, commercial, national and international life?

Must it stand for righteousness and seek the solution of all problems into righteousness for the salvation of the people in time and eternity?

If at times in the wrong, the wrong the church must leave the wrong and cleave to the right. The good of all justice to all in the world's wealth, and everybody a fair chance in life to be his best, this is the mission of the church.

ARRESTED HERE MURDER CHARGE

On what is very apt to turn out a murder charge Harry Wilson was sent from this city to Portland Thursday evening by the local police. Wilson was arrested in Medford a week ago on information received from Portland where he and a companion named Sherlock were wanted for assault on a young Swedish workman. The two are said to have lured the workman on a joy ride and to have slugged him with a beer bottle, after which they rifled his pockets of a small sum of money. As it was thought that the man was not badly hurt Wilson and Sherlock were allowed to go on their own recognisance. The workman is now said to be dying and Wilson's return is demanded. Sherlock's whereabouts are not known.

EAGLE POINT EAGLETS

Rev. Mark C. Davis of Wolf Creek, the Sunday school missionary for the Congregational church, called on your correspondent last Saturday and we went together over to Chaperal school house on Sunday afternoon where he preached to a fair-sized audience and then we drove to Table Rock and he preached again. While we were in the neighborhood we stopped with W. F. DePurd, one of the prosperous farmers, and while there I spoke a good word for the Mail Tribune, as usual, and he remarked that he wanted to take that paper and I told him that that was a part of my business, taking subscriptions for the Mail Tribune, and that I would be glad to take his subscription, which I did. I find that the Mail Tribune is gaining in popularity and that the people in the valley are dropping off the other papers and subscribing for it.

Speaking of Rev. Davis' trip here, he intended to have preached here tonight, Tuesday, but was called by phone to return home to attend the funeral of an elderly member by the name of Perkins, a neighbor of his, who used to live in this county, I think in Sams Valley, but the arrangements are made for Bro. Simmons to preach and he expects to continue the meeting all the week.

I. C. Moore, who lives in Ashland, but has a farm on Elk Creek, came out from his farm Saturday evening and reports that they had about three or four inches of snow up there.

W. E. Hammel, one of our prosperous farmers, orchardist and stockman, was out last Saturday evening to attend the 500 Club dance and I understand that they had a good time as usual. He tells me that he has had trouble with his goats and has lost several of the best ones, but that they seem to be all right now.

F. J. Ayres, who has a farm along the P. & E. railroad track about four miles from here, was in town Saturday and called on your correspondent and paid a year's subscription to the daily Mail Tribune.

The men who have been engaged putting up the electric wires in our town have finished their job and as soon as we have the wires attached to the wires in the houses will be ready for the "juice." I understand that they have not placed the main transmitter in position yet. When the work is completed it will be a great help to our town and be an attraction to our visitors.

HOW AN INDIANA GIRL Got Strong and Well Again at Small Cost

Miss Alta Abel, of West Baden, Ind., says: "I was a complete wreck, always tired, worn out and nervous. I had to spend about one-third of my time in bed and my life was not worth living. Vinol, your delicious cod liver and iron tonic was recommended, and it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person."

Vinol is the most efficient strength creator for such women. It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so far superior to all other tonics to build up health and strength for weak, tired, ailing women. It contains no oil and has a delicious taste.

We give back your money if Vinol does not do all that we claim. Medford Pharmacy, Medford, Ore.

BANK LOOTER ROBIN GIVEN YEAR IN JAIL

NEW YORK, Jan. 10.—Justice Seabury today sentenced Jos. Robin, New York financier, to one year in the penitentiary at Blackwell's Island for stealing \$27,000 from the Washington Savings Bank here, in which he was president.

Robin aided in the conviction of officials responsible for the wrecking of the Carnegie Trust company and for this reason, Judge Seabury imposed a light sentence.

The report that Robin has made \$1,000,000 since his arrest about a year ago, is generally credited here.

NEWBURY SAYS IT'S QUESTION OF VERACITY

Gus Newbury, who was quoted in the Mail Tribune, as saying in substance, "what do we care about the people in the country, they can get to town some way or other," at the last council session which considered the railway franchise, has requested this paper to state that he never made the statement that the reporter who said he was either innocently mistaken or else a liar.

In justice to the reporter, who also is jealous of his reputation for veracity, the first six men interviewed on the point, by him today, say that Newbury did make the assertion. Those who were asked to verify the reporter's statement were Mr. Vawter, who replied to the statement at the council meeting, and Messrs. Neff, Tengwald, Bell, and Campbell.

HEINZE SUING FOR BOURNE'S MINE

KELLOGG, Idaho, Jan. 10.—The biggest mining suit in recent years in the Coeur d'Alenes is under way in the district court before Judge W. W. Woods, in which the Stewart Mining company, is plaintiff and the Ontario Mining company is defendant.

The Stewart is controlled by P. Augustus Heinze, the Butte copper king, while the Ontario is owned wholly by Senator Jonathan Bourne of Portland, Ore. It is under lease to local mining men, and thousands of dollars worth of ore have been shipped from the property during the last six months.

The Heinze forces claim the entire ore body of the Ontario, which adjoins the Stewart, basing their contention on the claim that the apex of the vein is located in the Senator Stewart claim. The question of extralateral rights is also included in the suit which promises to be one of the most technical ever tried in this county. The ore body of the Ontario is conservatively estimated to be worth \$1,500,000.

BROKAW'S OWN COIN USED TO DEFEAT HIM

NEW YORK, Jan. 10.—His own money to be used against him, Wm. G. Brokaw is under direction today by the Brooklyn supreme court to pay his wife, Mrs. Mary Blair Brokaw, \$5,000 so she may prosecute her suit for absolute divorce. Mrs. Brokaw, who secured two years ago a decree of separation from the millionaire sportsman, asked for \$15,000 counsel fees.

In her suit Mrs. Brokaw names three women, and Brokaw in a cross suit alleges unfaithfulness, naming three men.

ALWAYS CONQUERS RHEUMATISM

Thousands of persons have been rescued from the tortures of Rheumatism and restored to perfect health by the use of S. S. S. So uniform are the good results from its use that we do not hesitate to say S. S. S. always conquers Rheumatism if given a fair trial. You can never cure this dreaded disease with external treatment, such as liniments, plasters, blisters, etc. These may furnish temporary relief but they do not reach the blood where the real cause is located. Rheumatism is rooted and grounded in the blood and must be driven from its stronghold there before permanent relief can be had. S. S. S. conquers Rheumatism by driving from the circulation the excess accumulation of uric acid which is responsible for the disease. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour fluid, causing pain and agony throughout the system, it becomes a nourishing stream furnishing health to every portion of the body and relieving every symptom of Rheumatism. If you do not conquer Rheumatism it will conquer you. S. S. S. is the one remedy you can depend upon for good effects. Book on Rheumatism and medical advice free. Anyone can make delicious, crisp wheat cakes by following this recipe—a new one received from a famous Vermont cook:

- WHEAT CAKES
1 1-2 cups flour
4 even teaspoons baking powder
1-2 teaspoon salt
2 tablespoons sugar
1 1-2 cups milk
1 egg
1 teaspoon melted butter or two of rich cream

But cakes aren't cakes without plenty of TOWLE'S LOG CABIN SYRUP

Your grocer has just received a fresh supply, right from Vermont, where it "grew." Towle's is good all the time, but if there's one time when it's better than another, it's right now when the cool weather gives folks good appetites. Towle's Log Cabin Syrup is made on the scientific plan for making youngsters grow and keep well—children need sweets and Towle's is fine for them. Their craving for Towle's is Nature's guide to the nourishment they need. And that flavor—always like the "first run of sap" because the Towle way of making syrup keeps the original mellowness of the maple.

To-morrow morning will be a good time to try this new Wheat Cake Recipe. Order a can of Towle's Log Cabin Syrup from your grocer to-day and give the family a treat. We are going to print more recipes, too. Cut this one out and paste it in your cook-book—then watch for the others and get the whole Towle series. The Log Cabin Can is your guarantee of purity and superior quality. "Jack Towle" will send you a valuable recipe book and a miniature can of Towle's Log Cabin Syrup for five 2-cent stamps, to cover postage—send to-day. Address Jack Towle, care of Towle Maple Products Co. Dept. 24, St. Paul, Minn.
