Dr. F. C. Page, is out after a short illness.

BARNUM PLANS TO BUILD TROLLEY ALSO

That the Barnum people hope to build a railroad in spite of the granting of the franchise to the Minney people is indicated by the fact that their franchise has been left in the hands of the council committee to which it was referred. Mr. Barnum has stated that he is satisfied with the Minney franchise and, as it now stands, hopes the company will build and operate a road. His franchise was referred to the committee of the whole with no date for consideration being named. He is waiting for action on the matter and holds that there is nothing to prevent the council granting his franchise as well as the Minney one.

Notice of Stockholders Meeting.

Notice is hereby given that the annual meeting of the stockholders of the Rogue River Fruit & Produce association will be held in the public library building in the city of Medford on the 11th day of February, 1913, at 10 o'clock a. m.

Dated January 11, 1913.

R. C. WASHBURN,
President.
CONRO FIERO,
Secretary.

FOR RENT—A four room furnished house, close in. 528 W. Tenth. Phone 5011. 254*

MINNEY COMPANY OPEN OFFICES, PALM BLOCK

As an evidence that they intend to start work on the electric railway within a short time, the M. T. Minney company has rented office rooms in the Palm block on East Main street. The company has secured several office rooms and the engineer who is to draw up the plats and make preliminary arrangements and estimates will occupy them in a short time. The offices formerly occupied by Judge Withington are among those taken over by the railroad men, Judge Withington to move to the First National Bank building.

W. W. EIFERT
Candidate for Mayor

Fellow Citizen:

You are a resident and a voter of Medford, and are interested in Medford's welfare, and so am I. For nine years I have watched Medford's growth from a village of 2000 to its present size and have done what I could to promote that growth.

In former campaigns it has been possible for candidates to meet the voters personally and explain their views, but this is no longer feasible, and I therefore take this method of asking for your vote at the coming city election.

I have previously served the people of Medford as a councilman for nearly five years, during which time I was chairman of the Water Committee, and a member of the special committee of three which had charge of the construction of our present water system and pipe line, and feel justified in "pointing with pride" to the result of our efforts. I was also president of the Council, and in that capacity frequently acted as mayor, so that the duties of the office are not unfamiliar

I have already declared myself on the principal questions before the people of Medford, as you have seen in the public press, and stand squarely on that platform. In addition to that, I am strongly in favor of **patronizing home industry.** Should I be elected, I will use every effort to have all purchases of city supplies made through home concerns, and in the employment of labor on public work will favor the local citizen, especially the married man and the home builder.

In conclusion, I assure you that I have no entanglements nor alliances with any clique, clan or faction, and have made no promises nor pledges except the ones referred to in this communication, and if elected Mayor will conduct the office on the principle of the Golden Rule—"will do unto others as would have others do unto me."

W. W. EIFERT.

If these Principles meet with your approval, vote for me Tuesday

(Paid Adv.)
