A NEW NATIONAL PARK.

SENATOR JONATHAN BOURNE, JR., has introduced a bill in the senate for the purpose of creating the Oregon Caves National park.

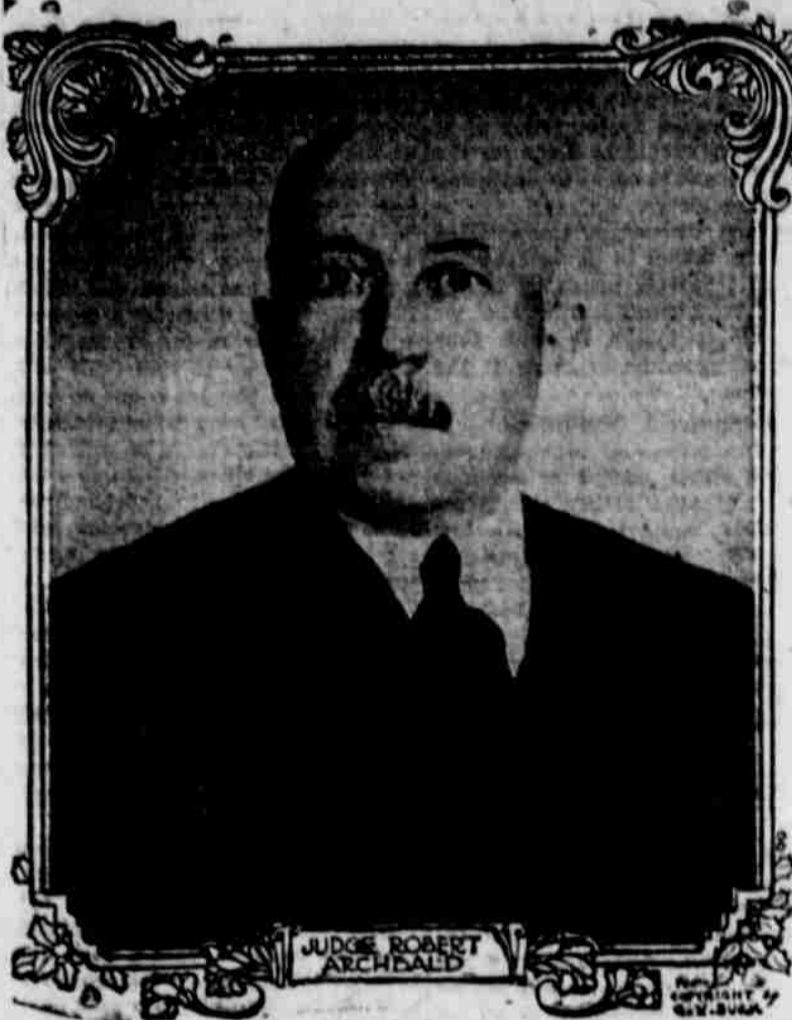

"At present these caves are included in what is known as a "national monument" comprising approximately 480 acres of unsurveyed government land.

The "Marble Halls of Oregon" as these caves have been named, are among the neglected scenic assets of the state.

Oregon has long neglected its scenic assets. It has been indifferent to the value of the tourist traffic and deficient in appreciation of natural beauties.

Senator Bourne has made a good move in seeking the creation of the national park, one that should meet with success.

Are You Afflicted With Piles?

This disease, whether acute or chronic, is easily and rapidly overcome by using Meritol Pile Remedy.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments.

SHERIFF'S SHORTAGE NOT MADE KNOWN TO HIM IN APRIL

Ex-Sheriff Wilbur A. Jones is going over the county's books, and has found several discrepancies in the statements made by Expert Wilson.

"I wish to deny a report published in the Ashland Tiding, Jacksonville correspondence which read as follows:

"The \$21,000 shortage in the sheriff's office is all the talk here these days. Mr. Wilson, the expert accountant who has been checking up the books, says he discovered the shortage last spring and at that time advised Mr. Jones to make it up, which in his opinion would have insured the latter's nomination and election."

"This is false. Mr. Wilson never informed me about any shortage last spring, nor did he advise me to make it up. On the contrary, his report in July stated that there was no shortage and paid the sheriff a flattering compliment—and the first I knew of shortage was when Dow, my chief deputy reported it Christmas time.

"Either the expert was wrong then or he is wrong now. I am trying to find out what kind of an expert it is that reports things all right in July, all wrong in January and then says it was wrong in April."

TAFT PLANS MADE FOR WHITE HOUSE FAREWELL

WASHINGTON, Jan. 14.—President Taft has completed plans for the first seven months of his citizenship after March 4. He will take up the duties of law professor of Yale and will not make a world tour in the interest of peace and arbitration.

President Taft will leave Washington with Mrs. Taft and Miss Helen on March 4 after inauguration of President-Elect Wilson for Augusta, Ga., and will be the guest of that city until March 27. He expects to leave Augusta in time to arrive at New Haven for the beginning of the spring term at Yale university. He will reside at a local hotel, remaining in New Haven through the commencement, late in June.

NAME COMMITTEE ON EVER FRESH PROJECT

The board of directors of the Commercial club held a meeting Monday afternoon and decided to send a committee to Portland to investigate the financial standing, process, plan for factory, etc., of the Ever Fresh Fruit company, that is asking for a site and bonus to locate a factory here.

New Year's Mail Tribune

ITS ANNUAL NUMBER (Portland Journal) The Medford Mail Tribune has issued a New Year's number of thirty-two pages, well written, well printed, and finely illustrated. It tells the tale of progress, both in the magnificent Rogue river valley and in its prosperous home city, during 1912. It notices the impending railroad development, both in steam and electric lines, which is to make the city the center of transportation for both trunk and interurban lines.

MEDFORD MAIL TRIBUNE (Newberg Enterprise) That a daily paper of such a degree of excellence as the Medford Mail Tribune can be published in a town of the size of Medford is surprising. Its New Year edition of 32 pages would be a credit to a city of many times the population of Medford. Its illustrations are of a character to arrest the attention of persons desiring to make homes on this coast and the various industries described with facts and figures as to what is being accomplished in that part of the state.

PARDON DENIED TO WAPPENSTEIN

OLYMPIA, Wash., Jan. 14.—Wappenstein must serve out his term. The special report of Elmer E. Todd, who instigated the charges of fraud and corruption in connection with the prosecution and conviction of the ex-chief of police of Seattle for bribe-taking, proves so overwhelmingly that "Wappety" was properly arrested and convicted, that Governor Hay, who retires from office tomorrow, is left without an excuse for freeing the prisoner.

PREMIER POINCARE SURE OF ELECTION AS PRESIDENT

PARIS, Jan. 14.—The session of the chamber of deputies resumed today. The friends of Premier Poincare insist he is leading in the race for the presidency of the republic, and will be elected.

H. W. ROGERS TALKED OF FOR ATTORNEY GENERAL

Henry Wade Rogers, dean of the Yale Law School, is believed by well informed politicians in Washington to be under consideration for the post of Attorney General in the Wilson Cabinet. It is suggested that Mr. Rogers appeals to Governor Wilson because he has attained his eminence in his profession without following the corporation route.

WOMAN'S BRAVERY SAVES THREE LIVES

LOS ANGELES, Jan. 14.—The bravery of Mrs. C. P. Foley in the face of a fire that momentarily threatened to cause the collapse of a neighbor's home today, saved the lives of Mrs. Martha Johns, an aged woman and Mrs. George Campbell and Mrs. Campbell's small baby.

Discovering the fire that had already enveloped the adjoining house of Mrs. Johns, Mrs. Foley rushed from her own home, ran into the burning house, and groped her way to the beds occupied by the other women, who had been overcome by smoke.

She dragged Mrs. Johns and Mrs. Campbell to the door and made a third trip for the baby, reaching the street less than two minutes before the roof of the burning house collapsed.

LEGISLATURES OF TWO STATES BEGIN SESSIONS

OLYMPIA, Wash., Jan. 14.—Howard Taylor, republican, was elected speaker of the house and Pilney Allen, republican, elected president pro tem of the senate at the thirteenth biennial session that opened here today. Both presiding officers are from King county. The progressives had a candidate in each house, but mustered only twenty-eight votes in the house and thirteen in the senate. The democrats had no candidates and for the most part voted with the republicans.

CLINTON WRIGHT MANAGER OF ASHLAND FRUIT EXCHANGE

The board of directors of the Ashland Fruit & Produce association met last week and selected Clinton Wright, who has been bookkeeper for the association for several years, to the position of manager. C. H. Gillette was re-elected president, M. C. Linniger was elected secretary and C. B. Lamkin treasurer.
