"ARSON TRUST" WAS NOT A TRUST

NEW YORK, Jan. 22.—Competition has hurt the arson business in New York City. The grand jury which has indicted several property owners and insurance adjusters, alleged to be members of the so-called "arson trust" learned today that a large group of independent operators were responsible for nearly as many fires as the "trust" itself.

DR. REDDY BUYS CRESCENT CITY LAND

Dr. J. F. Reddy left Tuesday for San Francisco on business connected with the Crescent City railroad. He is also negotiating the purchase of the Robert Walton ranch just outside of Crescent, on the Grants Pass road, consisting of approximately 100 acres.

Mr. Walton reserves five acres of ground for a home. The price paid was \$20,000.

The Walton property has been under bond to Dr. Reddy for several months, and the sale at this time is significant in connection with the building of the Pacific-Interior railroad. It is presumed that the land is being purchased for railroad terminal grounds.

The Draper-Gunn survey, made several years ago, passed through the Walton holdings, in getting to the ocean shore, it having been intended to build a wharf out to Whale Island where a good depth of water could be obtained.

LANE FAVORS MANY CHANGES (Continued from page 1.)

candidate should have 50 per cent of the votes of the people.

"The fact, however, that our present system causes an election by a minority does not change the fact that under the old system this was still more true. In the past we have often had a United States senator elected in this state by one-half of one per cent of the people.

"Yet the present system is cumbersome, I repeat. It is slow. When I arrive in Washington, I shall have been working for this office for nearly a year. We should make our election more clearly a direct election."

Old Regime Is Gone

Turning then to the United States senate, in which he will take his seat succeeding Senator Jonathan Bourne on the fourth of March next, Dr. Lane said:

"The United States senate, in my opinion, will never be as it was. The old days have passed never to return. The senate is more nearly representative now, of the wishes of the people. Either it must be so, or in my opinion, it will cease to exist."

Dr. Lane then briefly expressed appreciation for his democratic opponents in the primary who, he said, had taken off their coats and rolled up their sleeves to go out and work for him.

Therein, he said whimsically, he had been more fortunate than the candidates of the majority party.

Then, in concluding he said with feeling:

"I take it that you, as republicans, and I as a democrat, are only citizens together of the United States. Our interests are the same, and I'll do my duty for you as I would do it for my party, for the reason that it is my duty to you as citizens."

TO VOTE FOR TEN NATIONAL DELEGATES

SALEM, Ore., Jan. 22.—Instead of being limited to vote for only one candidate out of ten for delegates to national conventions from Oregon, each elector will have the privilege of voting for the entire set of ten if an amendment to the presidential primary law fathered by Senator J. S. Smith of Coos county is enacted into law. Much dissatisfaction was caused in the last campaign by the peculiar provision of the primary law allowing only one choice for delegate.

Senator Smith's bill applies the same rule to candidates for nomination for presidential electors, so the voter may vote for five at the primary instead of being confined to one.

LOST SWEETHEART BY LOVE TEST

LOS ANGELES, Jan. 22.—To test the love of the girl of his choice Wilson Bowman persuaded his sister and brother-in-law to identify him as a train robber and offer the young lady Miss Alice Young, half of a \$250 reward if she would aid in his capture. The test worked, but the girl failed, and Bowman today is recovering from a second shock that came when Miss Young, at the police station, where he had been taken, introduced him to her fiancé.

After Miss Young had heard the story Bowman had arranged, she invited him to call and then notified the University police station that the train robber was waiting to be caught. At the station Bowman was compelled to produce his brother-in-law, W. F. Hines, who explained the robber tale.

BID FOR LUMBER FOR FAIR BUILDINGS

SEATTLE, Jan. 22.—The Chamber of Commerce here is preparing today to send notifications to all Puget Sound sawmill men to be ready to bid on supplying lumber for the 1915 exposition in San Francisco. Information to the effect that the embargo planned on northwestern mills in the San Francisco market had been raised and that orders for approximately \$2,000,000 worth of lumber would be placed in this section, has been received from Charles Moore president of the exposition. This is taken by local mill men to practically end the boycott which has been maintained on Washington and Oregon lumber for the past eight years as the result of labor disputes. It is admitted that pressure was brought bear on the exposition officials as it was pointed out that Oregon and Washington legislators could not be expected to vote very heavy appropriations for fair exhibits while such an embargo existed.

OPPOSE WHIPPING POST FOR WIFE BEATERS

SACRAMENTO, Cal., Jan. 22.—Letters of protest and of commendation are pouring in on Senator Cassidy of San Francisco because of his bill to whip wife beaters. Some are serious, some are jokes and some contain suggestions for improvement in the measure. For instance, one blood-thirsty man thinks it would be fine to clip the ears of wifebeaters; a woman, evidently seeking revenge, declares it would be only just that the wives do the whipping.
