ATTENTION MOTHERS!

If You Have or Know of a Delicate Child Read This Letter "My little daughter Louise, age 9 years, has always been delicate, anaemic, had no appetite and seemed listless, and we could not seem to find anything that would help her, until we were advised to give her Vinol. She started taking it six weeks ago and inside of two weeks she showed a marked improvement both in appetite, vim and looks. Being so well pleased with the results, I continued giving it to her, and words fail to express my gratitude, and faith in Vinol both as a blood maker and body builder. As my child was an anaemic for so long makes the reason all the stronger for me to recommend it to others in similar condition." Geo. E. Munro, Brooklyn, N. Y.

Vinol restores health and strength in conditions like this because in a natural manner, it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ of the body. Every bottle of Vinol is guaranteed to give satisfaction or money refunded. Medford Pharmacy, Medford, Ore.
