YOUNG TURKS TO CONTINUE WAR

Council Votes Never to Surrender Adrianople and Aegean Islands—Resumption of Hostilities Within Two Weeks Seems a Certainty.

CONSTANTINOPLE, Jan. 28.—The Young Turk council of the committee of Union and Progress today unanimously voted never to surrender Adrianople and Aegean islands. It is probable this will be the tenor of Turkey's official reply to the powers.

It was announced today that Kaim Pasha, former grand vizier, has been stricken with paralysis in the right side.

LONDON, Jan. 28.—Resumption of hostilities between Turkey and the Balkan states within two weeks practically assured here today when Envoys Novakovich approved a joint note to the Turkish plenipotentiaries that the armistice is to be ended at once.

ARIZONA'S LOST VOTE IS LOCATED

WASHINGTON, Jan. 28.—After being reported as missing, W. T. Webb, official messenger of the state of Arizona, who is carrying the record of that state's official vote in the presidential election to the United States senate, was located today in New York. The record will be delivered this afternoon.

A law requires that it must be delivered by January 27, but Arizona's vote probably will be counted any day.

EXTEND TIN PLATE LAW THROUGH STATE

SALEM, Ore., Jan. 28.—To extend the Portland "tin plate" law to every town in Oregon is the purpose of a bill introduced in the house today by Representative Hagood.

The bill would require the owner of every hotel, apartment, rooming, lodging and boarding house, tenement or saloon, to place a plate with their names and addresses in a conspicuous place by the principal entrance and if owners do not obey the law signs are to be posted for them, the cost to be a lien against the property at six per cent interest.

WILL EIFERT REDEEM CAMPAIGN PLEDGES?

Mayor Eifert, before election, published the following pledge to the people of Medford. Did he mean what he said or was it hot air to win votes?

"If elected, my time and services will always be available to the public and suggestions and criticisms will at all times receive most careful consideration. Whenever it is apparent that the majority of our citizens are united in opinion opposite to my individual views, I will yield to the majority, regardless of my personal opinions."

There is no question but that the "majority of our citizens are united in opinion opposite" to the mayor's "individual views," upon the public market, therefore the time has come for him to "yield to the majority."

We call upon Mayor Eifert to redeem his campaign pledges, cease efforts to make the public market the spoils of politics, and reappoint the present market master.

FOURTH VENIRE TO COMPLETE JURY TO TRY DARROW

LOS ANGELES, Jan. 28.—Borrowed from other departments of the superior court, a fourth venire, from which it was hoped to complete the jury that will try Clarence Darrow on a charge of bribing Robert F. Bain, a McNamara juror, reported to Judge Conley today.

There were 19 permanent jurors in the bar when court opened, and one talesman who had been accepted temporarily by both sides. The taking of evidence cannot begin until three more talesmen are accepted permanently. It has been decided to place 13 men in the box, providing an alternate in case one of the regulars becomes ill.

MAD SUFFRAGISTS ATTEMPT ATTACK ON LLOYD-GEORGE

LONDON, Jan. 28.—Renewed rioting among the suffragettes resulted tonight in the arrest of Mrs. Drummond, president of the Women's Social and Political League, and Mrs. Sylvia Pankhurst and a dozen other militant women about the parliament buildings here. The women tried to "rush" David Lloyd-George, chancellor of the exchequer.

A cordon of police was hastily summoned and women, throwing themselves against the guards around the parliament buildings, had to be carried to the station house. It is feared there will be further demonstrations during the night, and the authorities have renewed their precautions.

LONDON, Jan. 28.—Mrs. Drummond, president of the Women's Social and Political Union, declared today that she will lead a deputation of working women to call on David Lloyd-George, chancellor of the exchequer, tonight. He has refused to see them but they declare they will call anyway. Trouble is expected.

QUOTES SCRIPTURE TO EXPLAIN JAG

Quoting St. Paul to the effect that a little wine is good for the stomach's sake, "Reverend" Bushrod Smith, a colored parson, attempted to explain his spree of Monday afternoon when he was hailed into the police court Tuesday morning. The parson was long on quotations from the scriptures and this drew him a two-hour chance to leave town.

"And Lawd bress you—Ah! go—good-bye—this colored gem'men will suah hit da ties," were his parting words.

The case against the colored parson attracted considerable attention, two of his white brethren of the cloth appearing in his behalf. It was due greatly to them that he drew a tie pass.

HIGHER PRICES RULE ON STOCK MARKET

NEW YORK, Jan. 28.—The stock market closed strong. American Can jumped 3 points, Lorillard 2, and Harvester 1 1-4. Gov. Sulzer's message concerning the stock exchange lifted quotations. Excellent December reports of western lines helped the railroad list. Dullness marked the close of the bidding up of Can stocks.

GRANTS PASS, Ore., Jan. 28.—After exhausting three panels and taking the entire forenoon in obtaining a jury to hear the trial of Detective Gardner, charged with contributing to the delinquency of a minor, the actual trial of the case commenced at two o'clock. Each side is contesting every point.

MUST REFORM AMERICAN JUSTICE

TROY, N. Y., Jan. 28.—That American idea of justice must be radically reformed if revolution would be avoided is the opinion today of Supreme Justice Wesley Howard, as expressed in an address before the alumni of La Salle institute here. He said:

"J. Foule Brandt, an obscure valet and who is not guilty of the crime of which he is accused, is sentenced to jail for 30 years, while Joseph G. Robert, millionaire wrecker of banks and homes, goes to jail for a year. Charles W. Morse, who pyramided banks and juggled millions, escapes from prison because he is ill, while a convict in the next cell, who perhaps stole a coat, languishes with sickness until he dies."

ISLANDS RULED BY OLIGARCHY

Present Government of Philippines a Disgrace Declares Jones—Extravagance of Bureaucracy Detailed—Famine Funds Misappropriated.

WASHINGTON, Jan. 28.—Sharp answer to President Taft's criticism of the democratic plan for Philippine independence was made in the house today by Congressman Jones of Virginia. He characterized the present government of the islands as a law-defying, despotism and self interested oligarchy.

"The present government," Jones said, "has plunged the Filipinos into debt, defeated the ends of justice, and violated the act of congress under which it was formed."

Jones denounced Governor General Forbes as "an extravagant official," asserting that the Benguet railroad was built through the mountains to the summer homes of the American colony at a cost of \$1,000,000 to the government and an annual upkeep of \$300,000.

"Forbes has furnished automobiles for his bureau chiefs," Jones continued, "and has appointed a private secretary for himself at a salary of \$4,500 a year. In addition 127 new bureaus have been created."

"Part of the \$3,000,000 appropriated by congress to alleviate the suffering of starving natives was used to build the Benguet road. It also has cost this government nearly \$600,000,000 to maintain an army in the Philippines since American occupation."

SAMOA ASHORE BUT CREW SAVED

SAN FRANCISCO, Jan. 28.—Running ashore off Point Reyes in a dense fog early today, the steam lumber schooner Samoa, owned by the Caspar Lumber company, is slowly breaking to pieces. Its crew of 21 men escaped.

OREGON MAY GO INTO SCHOOL BOOK BUSINESS

SALEM, Ore., Jan. 28.—Having for its purpose the cheapening of the cost of school books, a bill is today introduced in the house by Representative Hurd which may result in the state of Oregon going into the printing business on a wholesale scale.

The bill provides that all school books to be used in Oregon shall be edited, bound and furnished by the state at the cost of labor, material and transportation. The school boards of the various districts are to pay the state for the books.

TEXAS ARRESTS OIL MAGNATES

Warrants Out for Archbold and Other Standard Oil Kings—Wickersham Must Explain if Case is Not Vigorously Prosecuted by Government.

DALLAS, Tex., Jan. 28.—Warrants for the arrest of John D. Archbold, H. C. Fogler, Jr., and W. T. Tengler, all prominent in Standard Oil, were issued today by United States District Judge Meek. The trio are charged with violating the Sherman anti-trust law in Texas.

"If there is any difficulty encountered in getting these men," said Judge Meek, "I will send Texas officers who will bring them here."

WASHINGTON, Jan. 28.—Congressman Garner of Texas stated this afternoon that if the department of justice decided to drop the anti-trust oil suit started in United States Judge Meek's court in Texas after holding up warrants for John D. Archbold, president of the Standard Oil company, and other oil trust officials, Attorney General Wickersham must explain why.

"If the prosecution is dropped," said Garner, "I will demand an investigation. When the Texas grand jury adjourns, I will decide what course to pursue. Meantime I do not believe it proper to interfere."

SCHOOL LAW TO REMAIN AS IT IS

SALEM, Ore., Jan. 28.—That the law for the appointment of county school supervisors will remain as it stands for at least two years was made certain today when the senate indefinitely postponed action on the house substitute.

This was the second time the senate has voted on this question. The first time it killed a bill by Representative Dimick abolishing the supervisor law. The house tried another tack adopting the local option principle, providing that the law should be suspended in any county where a majority of the school boards petition against the appointment of supervisors.

GENERAL DODGE TO HELP DAN SICKLES

OMAHA, Neb., Jan. 28.—General Granville M. Dodge, Civil War hero and millionaire, who fought for the North with General Daniel E. Sickles, arrested in New York following the alleged shortage of more than \$34,000 in his accounts as an officer of the State Monument association, announced today that he would come to Sickles' aid if asked.

It is believed that a systematic movement in the south to aid General Sickles will be started as the result of offers from Mrs. Helen D. Longstreet, wife of the famous confederate general who opposed Sickles at Gettysburg, and many others.
