JIM JEFFRIES CLIMBS ON WATER WAGON

LOS ANGELES, Jan. 29.—Jim Jeffries is mounted high on the water wagon today, while Barney Oldfield is keeping pace with that vehicle, to be present at any fatal loss of equilibrium by this once-pugilistic passenger. Upon Jeffries' ability to cling to the seat for one year, during which time he also must forego cigarettes, depends the ownership of a \$2,800 pot which reached its size in small pieces, Jeffries and Oldfield raising each others bet, while a party of friends applauded. The former champion denied his abstinence decision was made with a view to another "comeback" attempt.

BILL TO CURB ABUSE OF INJUNCTION POWER

SALEM, Ore., Jan. 29.—A bill aimed at abuse of the injunction power by the courts was introduced in the senate today by Day of Multnomah. It provides that no temporary injunction shall be issued without notice to the defendant, and no temporary restraining order issued unless it shall appear from specific facts shown by affidavit or verified bill that immediate and irreparable loss will result.

Bellinger, Mrs. George N. Plisk and Miss Bertha McPherson of Medford, C. L. McPherson of Grants Pass and A. R. McPherson of Oakland, Cal.

Edward Locke has written a play on German-American life called, "The Silver Wedding." It will be produced next month by H. H. Frazer.

BUD'S NAME IS WELL KNOWN SAYS COURT

"Bud Anderson and Medford are well known in and about Los Angeles," state Court Hall, who returned Tuesday evening from the southern city where he saw the Anderson-Trott fight last Saturday, "and a Medford fight fan gets lots of attention. Even in the theaters Bud's name is used, one man stating that 'Bud had one more Rivera to cross'." "Bud made a big hit and now San Francisco is roasting him because he refuses to fight his next battle in the bay city but states he will go twice more for Tom McCarey the Los Angeles promoter. "Bud certainly made good at Vernon. He cleaned Trott up in a spectacular and splendid manner."

DECLARE WAR ON DIGGER SQUIRREL

Willow Springs Grange has inaugurated a campaign against the digger squirrels in the Willow Springs region. Plans are being developed which, if carried out, will result in the extermination of practically all the squirrels in the 5000 acres, more or less, lying between Bear creek and the western foothills and extending from Central Point to Tolo. To accomplish this a wagon load of poisoned grain will be necessary. The bureau of biological survey, Washington, D. C., has issued a formula for squirrel poison that has proved extremely effective in California, and this poison the grange

will prepare and sell it to members and others at a very low figure. The idea is meeting with general approval, and the co-operation of every ranchman in the territory indicated is expected. Messrs. R. W. Elden, E. T. Neal and D. W. Stone are the committee in charge of the campaign.

Fruit Growers Attention! We are better prepared than ever before to supply your wants for 1913 Smudge Pots We have arranged to get a supply of the standard 5-quart lard pail pots, as recommended by Prof. O'Gara, and which gave universal satisfaction last year. To supply our customers on time we must have their orders immediately. We will deliver from the car at 11c. Don't delay. Order today if you want to protect your crops this year. Lime and Sulphur The time is drawing near when all orchardists will want to start their lime and sulphur spray. If we are to get an adequate supply we should have the estimates of our customers' needs at once. We have arranged to use a 33 degree baume test solution, manufactured in the Rogue River valley. If we can get your orders early enough we can make proper arrangements with growers whereby we will be able to sell at 50c per barrel lower where taken from the car than when handled through warehouse. Send in your orders early if you want to be sure of your lime-sulphur. HAYES High Pressure Spray Machines We have been appointed agents for the Rogue River valley of this high pressure line of sprayers. After careful investigation and experiment for three years, we are fully convinced we have secured the highest grade spray machine on the market. They guarantee to maintain 300 pounds pressure with four lines of hose under ordinary orchard conditions. We have three sizes with respective capacities of 6, 7 1/2 and 10 gallons per minute. This machine is set on a steel frame with double acting trucks which enables it to make the shortest possible turn thereby eliminating any chance of skinning trees. We have a machine here now which we will be glad to demonstrate to any one. Have a carload ordered which will be here next month. Come in and figure with us before buying a spray outfit. Arsenate of Lead We are exclusive agents for the Grasselli arsenate of lead in the Rogue River valley. This lead has been used in the valley for a number of years with universal satisfaction. We are prepared to make the lowest prices and most favorable terms, quality considered, of any on the market. Grass Seeds We will have a full supply of seeds and as the time is drawing near to prepare for sowing, lets have your orders early. Rogue River Fruit and Produce Association
