Your Appearance Speaks For Itself.
 It is the duty of every one to look their very best. Putting the best foot forward is not only pleasing, but it is good business.
 Your income and its amount has a great deal to do with the way you can dress, but not everything. Almost as much depends on how you spend your money. If you buy as the impulse strikes you it is a certainty that you will not always get full value. Your buying should be done with forethought. You can gain full knowledge of when, where, and what to buy in a few moments' time each day.
 It takes no longer than that to go through the advertisements of the merchants of this city, the best of whom advertise in The Mail Tribune. Read those advertisements closely and constantly each day, then you can be sure of getting the best that money can buy at the lowest price for which it can be sold.

AT THE PHOTOPLAYS

The new management of the Ugo Theater is already "in right" with the public through its policy of running only the best licensed films and keeping the prices always the same. The films tonight offer a wide variety, from the Kitty in Dreamland film which is particularly pleasing to children to the "Water Rights War," a stirring western drama which might have had its setting in the Rogue river valley, so familiar does the landscape look. There is also a comedy film, which is a scream and "Satin and Gingham," a pretty love story. A series of animated scenes in a London amusement park round out the very complete program.

The two reel film, "The Harem Captives" is the feature at the Isis tonight. This is a real story shown well and full of thrills and situations. The vaudeville act is one of the best of the year and is warmly welcomed by Isis patrons. O'Hara, squatter and Philosopher, another licensed film is well worth seeing. Two double reel features are billed at the Isis for next week.

The Star Theater has secured rights to the Gaumont Weekly, films showing current events in a concrete form never dreamed of until the motion picture business reached its present high development. "Her Own Country," a pretty California story is portrayed by the well known Flying A company to good advantage and the big feature is the "Fires of Conscience" a double reel. The Star has a surprise in store for its patrons, announcement of which will be made within a few days.
