The Glee club will make its appearance in Medford Feb. 12, at the high school auditorium.

SUFFRAGETTES MARCH ON TO WASHINGTON

NEW YORK, Feb. 12.—Wearing skirts that permitted the display of trim ankles and lightweight "dusters" sixteen suffragettes, comprising "General" Rosalie Jones' "on to Washington" army, entrained at the Hudson terminal for Newark early today. They started their "hike" to the capitol from the New Jersey side.

POPE DEMANDS QUIET FUNERAL FOR SISTER

ROME, Feb. 12.—Pope Pius declined today to permit the funeral of his sister, Rosa Sarto, to take place in St. Peter's church. He ordered a simple funeral.

110,000 ACRES OF LAND LOST
(Continued from page 1.)

the land of the water, through the Thompson bill, acquire title to land valued at \$900,000 and perhaps double that amount.

Goose lake lies partly in Oregon, partly in California, comprising 139,000 acres. It averages less than 6 feet deep. Creeds McKendree, who has been associated with Senator Thompson in many land deals, recently advocated the digging of a channel 6 feet deep, seven miles long at a cost under \$50,000, at the lower end of the lake, which would drain it into the Pitt river, and use the water to irrigate 100,000 acres of land near Alturas, Modoc county. This would expose 100,000 acres of lake bottom to cultivation and tillage, 35,000 acres of which are in Oregon. This character of land has sold for good prices and is easily worth \$25 an acre. To realize upon the California part, the legislature of that state would have to be as easy a mark as that of Oregon, but excluding the California portion, there would still be a profit of \$825,000 above cost of drainage from the Oregon land, besides the income realized from sale of water.

A year ago McKendree had measurements taken of Buck, Bridge and Silver creeks, which flow into Silver lake. According to McKendree's statements in the Lakeview papers, he located people on lands that he claimed would be watered through the building of a large storage reservoir in the hills that could be built for \$25,000. The storage of these waters would dry up Silver lake, which contains 25,000 acres, and which was dry in the 70's. Land in the Silver Lake country is worth from \$15 to \$25 an acre, and the promoters would by the Thompson bill, secure title by draining, and net a sum equal to \$350,000, let alone the profits of selling water at the proposed rate of \$25 per acre for a water right.

The Thompson bill robs the state school funds of lands that could be reclaimed and sold to actual settlers that would be glad to pay more than a reasonable cost of reclamation; it places large holdings in the hands of great corporations for a fraction of their value, with a loss to the state in revenues and settlers; it acts as a deterrent to development and retarder to colonization.

Should the legislature fail to pass a bill repealing the Thompson bill, it will in all probability be re-referred, made one of the leading issues in the campaign of 1914 and the legislators who voted so blindly for it, be forced to do a lot of explaining to the people.

WEST DEMANDS APPROPRIATION BILL

SALEM, Feb. 12.—The house passed ten bills today. The most important were two relating to state banks.

One of these was for the purpose of enabling state banks to accept postal savings deposits, the same as national banks, and the other limits deposits in state banks to ten times the capital and surplus.

Governor West today sent a message to the legislature declaring that he will not approve any appropriation bills unless absolutely necessary to the affairs of the state until the legislature makes some disposition of the general appropriation bills for state institutions.

The governor bluntly charged the chairman of the house and senate ways and means committees with playing politics and delaying consideration of these bills.

There are now appropriation bills amounting \$9,000,000 in the committee and only ten working days left.

SALEM, Feb. 12.—An appropriation of \$200,000 for the Pan-American exposition at San Francisco will be recommended by the house committee on expositions and fairs, its members having practically agreed on this sum.

The committee has not made out a formal report, but this detail will be attended to tomorrow, when the bill will be returned to the house for action.

LUCKY THIRTEEN STILL STICKS BY WOODROW

WASHINGTON, Feb. 12.—Woodrow Wilson's lucky number 13 continues to stick by him. It was announced today that 13 governors will participate in the inaugural parade, and the militia of 13 states will be represented.

The inaugural committee announced that effective means have been found to prevent scalping of tickets for grandstand seats for the parade.

A TWICE-TOLD TALE

One of interest to our readers. Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Medford man is confirmed after many years.

A. Z. Sears, 231 Fifth St., Medford, Oregon, says: "Since publicly recommending Doan's Kidney Pills in 1907, I have used them occasionally and they have always brought good results. I was afflicted with severe pains in my back and I often found it impossible to stoop. The kidney secretions passed too frequently and this weakness was a source of much annoyance. Hearing Doan's Kidney Pills highly recommended, I procured a box at Haskins' drug store and by the time I had finished the contents, I could see that they were the right remedy for my trouble. Gradually the pains and other difficulties disappeared and my health improved. I cheerfully recommend Doan's Kidney Pills to everyone afflicted with kidney complaint."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Sears had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

Peevish Children Suffer With Worms

Don't be angry with your child because he or she is continually irritable. In ninety-nine out of one hundred cases you will find that the trouble is worms.

Among the common symptoms of the presence of round worms are nervousness—which often leads to epileptiform attacks;—dizziness, vertigo, capricious appetite, restlessness, itching of the eyes and nose, nausea and often hysteria. Round worms are several inches in length and infest the stomach. Occasionally several hundred are found in a single person. Thread worms are smaller, often not longer than a quarter of an inch. The symptoms denoting their presence are about the same, but in this case the child has no appetite.

Jayne's Tonic Vermifuge is unsurpassed for removing worms. Not only will it destroy them, but its tonic effects will restore the stomach to healthy activity. As Jayne's Tonic Vermifuge seldom purges, the indications of its beneficial effects will be the improved condition of the person using it.

Millions of parents have praised this medicine for more than eighty years. Insist upon Jayne's Tonic Vermifuge, and accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

THE business man who will spare a few minutes of his time to the photographer of today will please his entire family. His portrait produced by present day methods of photography will be an agreeable surprise—it's done so quickly and cleverly.
