

SEYMOUR AND SPANOS HOPE TO GET NEW TRIAL

According to F. H. Snodgrass, a warden at the state penitentiary, who is in Medford on official business, Frank Seymour and Mike Spanos, convicted of the murder of George Dedaskalous, a Greek, in this city September 22, and sentenced to be executed February 14, are confident that the supreme court will reverse their case and order a new trial. Appeals in the case have been taken which stays execution until the supreme court passes on the matter.

"Seymour and Spanos," states Mr. Snodgrass, "were worrying considerably but now seem to believe that a new trial will be ordered in their case. They are cheerful but have developed a deep religious strain. Each man has memorized the catechism and they spend hours in reading religious works.

"They continue to maintain that Tom Frekas assisted them but both have admitted that their confessions were obtained properly and that they were present at, and assisted in, the killing. They throw the blame for the most part on Frekas however."

MORE VIRGINIA SOLONS ARRESTED

CHARLESTON, W. Va., Feb. 12.—Arrest of from six to ten members of the legislature involving many "higher ups" is expected here today, following the alleged graft disclosures in the states governing body which caused five arrests yesterday.

It is reported that Wm. S. Edwards, progressive candidate for United States senator, employed Burns detectives who made the arrests to date, but many republicans assert the democrats in the legislature also participated in the exposure in the hope of involving ten or more republicans.

It is declared the democrats hoped to effect the re-election of Senator Watson, democrat, by preventing the legislators under suspicion from voting.

REVIVAL SERVICES MEDFORD METHODIST EPISCOPAL CHURCH

The evangelistic service now in progress in the Methodist Episcopal church of this city, E. Olin Eldridge the pastor conducting them, are widening in interest and power with every service. Last evening was one of genuine revival and spiritual uplift, reminding one of the days of '04. Three souls were happily blessed, and the entire altar was filled with others seeking a deeper work of grace and greater endowment of power. At the close of the services many were the happy and jubilant forces which testified to the fact that they had not sought in vain. The singing by the chorus choir and congregation was enthusiastic and inspiring. Especially effective was a solo rendered by the director, F. C. Edwards. The theme of the pastor's sermon this evening is "What Must I Do to Be Saved?" You are cordially invited to come and be one with us.

There is a strange, mysterious power in a remarkable blood medicine that finds its way through the circulation by what is known as Divine selection. The remedy is Swift's Sure Specific, or S. S. S. Science cannot explain just why certain elements in the blood feed the bones, others nourish the hair roots, and so on. And it is this same mysterious action of S. S. S. that attacks all diseased spots, drives away all germs, boils all sores and purifies the activity of disease germs with the powerful healing action of leucocytes. Remarkable testimonials have been written that prove beyond question there is no blood disease but what can be cured by S. S. S. And in all those cases that were treated with mercury, iodides, arsenic, copper and other minerals with no permanent effect, the most astonishing recoveries have been made by S. S. S.

There is not a blood taint of any nature that can remain in a system fortified by this most wonderful remedy, for it is absolutely pure and contains only those elements that the blood naturally assimilates, and which the tissues gratefully accept. It agrees with the most delicate stomach, even in those cases where the use of strong drugs has weakened the digestive system that medicine cannot be given. Get a \$1.00 bottle of S. S. MORNING SHOPPING GROWS IN FAVOR

The Christmas invitation of the merchant to "shop early" is still bearing fruit. Women know well that by shopping early in the morning their purchases can be made with far greater leisure and comfort and with the feeling that what they buy will be thoroughly satisfactory.

At that time the stores are not so crowded; the stocks are all in good order, so that time is saved in finding the best shade or size, and the clerks are not fagged out.

All the merchants who advertise in The Mail Tribune want you to do your shopping at the most favorable time of the day. Everything is in your favor for morning shopping.

Read The Mail Tribune carefully and constantly every night, so that you may be ready to go shopping early next morning. Plan your shopping tour in advance. Know what to buy and where to buy to best advantage. When special sales are advertised the opening hour is not too early to visit the store.
