E. W. Carder returned Saturday night from a several weeks' business trip to Mexico, the middle western states and British Columbia.

The Sunset club of Sunset Drive will meet next Thursday afternoon, February 27th at the home of Mrs. R. Manning.

COLLOSSAL "KAY-BEE" FILM AT STAR THEATRE

Another big "Kay-Bee" feature entitled "The Law of the West," is being exhibited at the Star Theater today and tomorrow. It takes three reels, three thousand feet of film to tell the tremendous story of early pioneer days, when the only law in the west was administered by the hardy immigrants. The same company is used in this film as in "Custer's Last Fight" and "The Invaders." The scenes are picturesque with its long wagon trains drawn by oxen, the cost is overwhelming, and the situations are tense and thrilling. The "Kay-Bee" productions previously featured at the Star have made a tremendous "hit" with the Medford playgoers, and the management predict capacity business for today and tomorrow.

Police were called to a downtown hotel early today to quell a disturbance. They found Hayden had lost a watch and accused Mrs. Rhenstrom of the theft.

Miss Loftus married Rhenstrom in Los Angeles several years ago, despite objections of Rhenstrom's relatives. They lived for a while in a bungalow in the southern city but Edna soon tried of the quiet life. Rhenstrom's mother had the young man confined in the Stockton insane asylum, where he still remains. No divorce was ever granted.

SUPREME COURT AFFIRMS MATHEWSON CONVICTION

WASHINGTON, Feb. 24.—Affirmation of the conviction of George Mathewson for the murder of Gas Lawrens in Alaska five years ago was announced today by the supreme court. Mathewson pleaded insanity but was sentenced to life imprisonment at McNeil's Island.

MADERO SHOT TWICE

(Continued from page 1.)

abdomen, Madero's body was taken to the residence of his dead brother, Gustavo, and that of Pino Suarez to his home.

MEXICO CITY, via Galveston, Feb. 24.—United States Ambassador Henry Wilson early issued the following this morning concerning the killing of President Madero and Pineda Suarez. "As nearly as I can ascertain as the present moment, Madero and Suarez' deaths occurred as a result of an attempt to rescue them while they were being transferred from the national palace to the penitentiary. "I had recommended their transfer to more comfortable quarters and Saturday morning Mr. De La Barra informed me that they would be transferred to the penitentiary in order that they might have greater comfort and that they might remain in security until the passions of the hours had passed.

"Whatever may or not have been the circumstances of Madero's death it has not affected the situation here."

MOBILIZATION OF 2ND DIVISION

(Continued from page 1.)

the brigade commanders later in the days. The orders provide for the mobilization of 10,000 troops besides those affected by Saturday's orders. General Wood declined to announce the troops included in today's orders.

Secretary Stimson said this afternoon that the orders simply were the final steps in completing the president's precautionary plans.

The Fourth and Sixth Brigades will move tonight. The quartermaster's department is arranging railroad transportation for the troops but not sufficient to take the forces into Mexico in the event of intervention.

Not Going to Trenton

Secretary Stimson denied a report that he was scheduled to go to Trenton and confer with President-Elect Wilson over the situation in Mexico. "I believe, however," Stimson added, "that President Taft and his cabinet should be ready to give whatever information is possible to Mr. Wilson if the occasion demands."

DEMAND INTERVENTION

(Continued from page 1.)

States had commanded that Madero should not be executed, and the great neighboring states of Mexico are not to be lightly mocked. The pretense that Madero and Suarez met death by accident rather strains credulity.

Innate Ferocity of Natives

The London Times says: "The civilized nations will put their own construction on the lame and halting story which the successful conspirators now ruling Mexico have chosen to issue. Unless it can be proved, foreign observers will retain the belief that the open removal of the two Maderoes and of Suarez is fresh proof of the innate ferocity of Mexican politicians."

The Daily News: "Any middle course, such as financial or military propping up by the United States of one or the other Mexican leaders or the establishment of any sort of a Mexican Cuba could only be achieved by a combination of luck and adroit diplomacy.

DEPICTS DOWNFALL OF EDNA LOFTUS

SAN FRANCISCO, Cal., Feb. 24.—The downfall of Edna Loftus, once a favorite in London music halls, was shown here today in her detention for several hours at police headquarters on the charge of stealing a gold watch from Curtice Hayden, son of a wealthy local merchant.

The tears of the woman, who is now the wife of Harry Rhenstrom, son of a Cincinnati millionaire, saved her from prosecution. Hayden refusing to enter a complaint.

Police were called to a downtown hotel early today to quell a disturbance. They found Hayden had lost a watch and accused Mrs. Rhenstrom of the theft.

Miss Loftus married Rhenstrom in Los Angeles several years ago, despite objections of Rhenstrom's relatives. They lived for a while in a bungalow in the southern city but Edna soon tried of the quiet life. Rhenstrom's mother had the young man confined in the Stockton insane asylum, where he still remains. No divorce was ever granted.

STATE ROAD LEVY VETOED BY LISTER

OLYMPIA, Wash., Feb. 24.—Governor Lister this morning sent his veto to the house and the bill providing for a tax levy of 1 1/2 mills for the state highway fund now joins the bill for \$300,000 for the Cheney road. Both will now require a two-third vote to become law.

Lister in his veto message strongly hinted that if the senate passed the two and a half mill levy for the permanent road fund, which has already passed the house that that bill will also be vetoed. The governor declared that while he is in favor of good roads he does not believe the condition at present will justify a total levy of \$5,000,000 for the next two years. He estimates that \$5,000,000 will be plenty.

STEFFENS TELLS OF BROKEN PROMISES

LOS ANGELES, Cal., Feb. 24.—The story of the alleged agreement between District Attorney John D. Fredericks and Clarence Darrow that the McNamara brothers should plead guilty to dynamiting the Los Angeles Times building was recited on the witness stand today in the trial of Darrow on a bribery charge by Lincoln Steffens, magazine writer. It was finally agreed, he testified, under questioning by Darrow, that James B. McNamara should receive a life sentence and John McNamara one on which he could be held to actual service of ten years. The National Erectors' association, he said, blocked Darrow's efforts to secure the dismissal of the case against the latter.

RYAN PRESIDES O'ER BRIDGE WORKERS

INDIANAPOLIS, Ind., Feb. 24.—The annual convention of the International Association of Bridge and Structural Ironworkers opened here today. It will remain in session three days, all meetings being held behind closed doors.

Frank M. Ryan, president of the organization, one of the thirty three union men convicted here of unlawfully transporting dynamite, presided over today's session. Ryan is out on bail pending his appeal. Samuel Gompers, president of the American Federation of Labor, is scheduled to address the convention Thursday.

TAFT REFUSES PERMIT FOR HETCH HETCHY

WASHINGTON, Feb. 24.—President Taft was urged by Congressmen Hayes and Kahn of California today to direct the war department to issue a permit to San Francisco to use the waters of the Hetch Hetchy valley. This followed the decision of the board of army engineers that San Francisco should be granted such permission.

President Taft, however, explained that press of business made it improbable that he would be able to pass on the project before he retires from office.

TO RAISE DUTY UPON OUR APPLES

OTTAWA, Ont., Feb. 24.—The fruitgrowers of British Columbia, through their representatives, Messrs. Anger and R. M. Winslow, president and secretary respectively of British Columbia Fruit Growers' association, will today ask the government to consider raising the duty on American apples from 13 cents to at least 25 cents, the latter being the United States tariff against Canadian apples.

There are other requests to be made to the government. The British Columbia growers want more protection than the tariff affords and so will ask that the inspection and sales act be amended so that American shippers will be obliged to mark their fruit before it enters Canada, as American shippers are not under Canadian jurisdiction and as the average producer has nothing to do with the final destination of his fruit, this being handled by the Co-operative association.

VON DER HELLEN BACK FROM THE LEGISLATURE

Senator H. Von der Hellen returned Sunday from Salem, Ill with the grippe. For the past ten days he has been suffering and became so much worse Saturday that he secured leave of absence from the senate. He reports that badly muddled at Salem, says he never knew the legislature to be so far behind, and anticipates that both houses will be in session most of the week. He left the fish bill in Reames' hands and expects that the house will refuse the senate amendments and the senate finally accept the house bill.

COAL TRUST CHIEFS PLEAD NOT GUILTY

SAN FRANCISCO, Cal., Feb. 24.—The indicted officials and directors of the Western Fuel company, the Pacific Coast arm of the coal trust, charged with defrauding the federal government of customs of money by short weight, were arraigned here today before United States Judge Van Fleet. All pleaded not guilty. No trial date was set but it was expected that the trial would come up within the next sixty days.

The men arraigned included John L. Howard of Oakland, president of the company, Vice President James B. Smith and six others.

After the pleas were entered Attorney Warren Olney, representing the defendants, asked for an early trial. Judge Van Fleet refused to set a trial date, explaining that even if his court calendar would permit, he could not preside at the trial, because several of the indicted men were fellow members of his in the Union Pacific club.

PRODUCE MERCHANTS PAY \$8,450 FINES

PORTLAND, Or., Feb. 24.—Fifteen members of the Produce Merchants' association who pleaded guilty Friday to violating the Sherman anti-trust law today paid the fines, aggregating \$8,450. The filed a stipulation signed by each member of the association, stating that they would not hereafter engage in practices contrary to the Sherman anti-trust act. This was done to do away with the necessity of filing a civil suit asking for the dissolution of the association.

ARMED INTERVENTION ENDORSED BY KANSAS

TOPEKA, Kansas, Feb. 24.—Demanding that every Mexican be exterminated, if necessary, to protect American interests, the lower house of the Kansas legislature today endorsed armed intervention in Mexico by the United States.

DIAZ RECEIVES CONGRATULATIONS

MEXICO CITY, Feb. 24.—The most cordial relations exist in Mexico City today between Mexicans and foreign residents, especially Americans, and all foreigners are astonished at the attitude of the London press. No one here viewed the assassination of Madero as a possible cause for intervention. The official version of the killing of Madero and Suarez is accepted by all here.

General Diaz is being deluged with letters and telegrams of congratulations on the success of his coup in securing control of the government. So many are being received, it is said, at the palace today, that four secretaries, one an American newspaperman, have been pressed into service to handle the telegrams. The fears expressed in certain quarters that the new government will be unable to get funds sufficient to restore the depleted national finances do not seem to be borne out by the facts. It was officially stated today that offers of large loans have been received, not alone from a New York firm of internationally known bankers, but also from British and French capitalists.

PIERPONT MORGAN'S HEALTH IS IMPROVING RAPIDLY

ROME, Feb. 24.—Pierpont Morgan's health is improving steadily, according to his grand-daughter, Miss Hamilton, who today arrived from Cairo, Egypt, to stay with Rome relatives.

The Return of Blood Eruptions

No Reason Why Anyone Should Suffer With Such a Disheartening Experience.

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will, sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven in hundreds and hundreds of cases all over the country.

You will find S. S. S. for sale in all drug stores at \$1.00 per bottle. Write to The Swift Specific Co., 117 Swift Bldg., Atlanta, Ga., for private medical advice and a very instructive book on all blood diseases, sent free, sealed in plain wrapper.
