Tuberculosis Remedy Based on Medicine

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but to E. K. Korman's Alternative we have a medicine that has been the means of saving many a life to years of suffering, and in permanently benefiting a large number of Consumptives. Certainly a person afflicted with a wasting disease should be well fed with whole some, nourishing food, but frequently new eggs in quantities cause a digestive breakdown, and then no food nourishes. As for milk, a very good food for many, but a product of fermentation for some. Any diet that keeps a Consumptive well nourished is the right one, but what is going to improve the patient? E. K. Korman's Alternative has brought about full recovery in many cases of Consumption. Let those speak who know. Here is one:

30 Savannah St., Rochester, N. Y.

September 10, 1907. I was operated upon for Tubercular peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation my physician gave me up as hopeless. I was then urged by a friend to take E. K. Korman's Alternative, which I did. My weight at the time was 115 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 pounds and am absolutely well. Believing I owe it to myself and others, I make this statement.

(Signed) EDNA PINZEE.

Korman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Phthisis and Lung Troubles, and in upholding the system. Does not contain poisons, opiates or habit forming drugs. Ask for booklet telling of recoveries, and write to E. K. Korman, Laboratory, Philadelphia, Pa. for more evidence. For sale by all leading druggists.
