

**FANSHER PASSES AWAY  
AFTER LINGERING ILLNESS**

Lloyd W. Fansher, the Medford nurseryman who disappeared from Medford several years ago, died at Sacred Heart hospital early Friday morning. Mr. Fansher's illness had extended from the time of his mysterious disappearance but had only been serious for a few months. It was in a hospital in California that he remembered his identity and sent for his wife in Medford. Members of the family brought him to this city when it has been known that there was no chance of his surviving.

When Mr. Fansher left Medford he left no trace behind. It was known that he had walked south on the S. P. tracks and some of his private papers were found strewn along the right of way.

An unusually diligent search was conducted for months by relatives but until a short time ago no one could be found who had recognized him and yet he must have spent most of the time in California. Owing to the fact that his accounts were all straight and that there had never been any trouble in the family it was always conceded that Fansher's mind had given away, a supposition which proved correct. While in Medford he conducted an agency for a nursery company. He was a man of good education and had once been a county superintendent of schools.

During the past few weeks he has recognized members of the family and seemed happy that he had regained his mind although his health was gone forever. The funeral will be held Sunday afternoon from the Presbyterian church at Phoenix.

**Wash your dishes with  
GOLD DUST**

Ordinary dish-water only cleans the surface. Put a dash of Gold Dust into the water and it will go to the bottom of things, drive out every bit of dirt, every germ, every hidden particle. Gold Dust cleanses as well as cleans.

We promise you this if you use Gold Dust: Your dishes will be sweeter and cleaner than ever before and you will save at least half the time ordinarily consumed in washing them.

Gold Dust does better work than soap or any other dish-washing product—and saves half the time.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleaning qualities in a perfectly harmless and lasting form.
