NEW GOLD STRIKE BY SKOOKUM JIM

VANCOUVER, B. C., March 12.—A special to the World from J. C. Boyd, of the Hudson's Bay company at Telegraph creek, B. C., the nearest point to the reported gold strike in the northern wilds of this province, says:

"The reported new strike is about midway between Nahlin and the south end of Teslin Lake, a few miles from the old Teslin trail, about equidistance from Atlin and Telegraph creek. The principal creeks were discovered by Atlin Indians known as "Silver," Moosehorn and Johnston. I believe they got some coarse gold but the stories are conflicting, contradictory and I think unreliable. Conroy and McLaren, Atlin miners, are said to have got a fair prospect and now are taking two tons of supplies. Skookum Jim has been in the same place. No men from here have reached bedrock so far on account of the water but they have found a few heavy colors. Nothing yet to justify rushes but it is worth prospecting."

SHAPLEIGH HARDWARE WILL MOVE MAY 1

The Shapleigh Hardware company has leased the building at 323 East Main street, now occupied by the Star Meat Market and will move their hardware stock thereto from South Central avenue, about May 1.

The building will be enlarged by building it back to the alley and putting a gallery in the rear of the building about fifty feet long. A new front will be put in and when completed it will be one of the most modern business rooms in the city.

F. W. Shapleigh and W. B. Watson, owners of the store, came here from St. Louis, Mo., about a year ago, put in an up-to-date stock of hardware and by strict attention to business, giving everybody a square deal and delivering the goods they have built up a nice business and are making the move to secure more room. They will increase the stock of the lines they now carry and will add new lines when they move into their enlarged quarters.

MINIMUM WAGE LAW BIG ISSUE IN CALIFORNIA

SACRAMENTO, Cal., March 12.—What is to become of our working girls? is the question now of first importance before the California legislature.

All of one afternoon the question centered there in the senate. Today in the governor's office, in committee rooms, in the corridors of the capitol, on the street corners and hotel lobbies, legislation accomplished and legislation proposed to solve the problem is being thrashed out. The senate is now ready to consider a minimum wage bill.

The governor strongly and openly favors a minimum wage law. Organized labor, as represented here, is determinedly opposed to minimum wages, and such a bill, if passed at all, cannot be passed without a sharp struggle in the senate.

Senator Bryant of San Francisco will lead the fight against a minimum wage measure. He probably will have the entire San Francisco delegation back of him.

"Labor sees a menace in minimum wage," said Bryant today. "Minimum wage can be made maximum wage."

Referring to the question of protecting working girls, Governor Johnson said:

"I am heartily in favor of any legislation in this direction. My belief is that the most effective method of reaching the evil is through a minimum wage law. I know that I am opposed by organized labor in this view. It is unfortunate that is so."

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from weak kidneys.

'Twould save much needless woe. Doan's Kidney Pills are for weak kidneys.

Read what a Medford citizen says: Mrs. Mary Winterhalter, near W. Jackson St., Medford, Ore., says: "I used Doan's Kidney Pills with beneficial results when suffering from kidney trouble and I know of other persons who have taken them with success. Since I used Doan's Kidney Pills about a year ago, I have not had the least trouble from my kidneys. This remedy deserves my hearty endorsement."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Winterhalter had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Bid Farewell to All Blood and Skin Diseases.

The research laboratory of The Swift Specific Co. has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at almost any drug store in the civilized world.

This preparation stands alone among specific remedies as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis and similar diseases resultant from the use of minerals than from disease germs direct. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease.

Get a \$1.00 bottle of S. S. S. to-day of your druggist. It will surprise you with its wonderful action in the blood.
