

TO FORCE COUNTY TO TAKE WARRANTS PAYMENT OF TAXES

The Oregon and California Land company, which is in reality the Southern Pacific railroad company, served notice on Jackson county Saturday, through Tax Collector Singler that they expected to pay the greater part of their taxes this year in county warrants. They claim that the law gives them the right to pay all taxes, except for state purposes in warrants. This would mean that 8 9-10 mills of the 10 mill levy would be paid in warrants. The company pays about \$52,000 in taxes. Heretofore since county warrants have been below par they have only been accepted in payment of the levy for the general fund, the special levies calling for cash. Now the land company announces that they intend to pay all of the tax, except for the state in warrants.

FREIGHT WRECK TIES UP TRAFFIC FOR MANY HOURS

A freight wreck about two miles north of Central Point shortly after two o'clock Sunday afternoon tied up traffic on the Southern Pacific for many hours. Number 15 from the north did not reach Medford until after 11 o'clock.
The wreck was one of the most spectacular which has occurred in years in this section. Several cars piled up while one or two of them were splintered. An oil car burst scattering crude oil over several hundred feet.
The freight was running about 40 miles an hour on down grade when the accident occurred. A wheel broke. The engine and caboose stayed on the track.
Two wrecking trains were sent to the scene but it was several hours before the track was cleared.

MEDFORD WINS FIRST BALL GAME

The first baseball game of the season was played between Medford and Central Point Sunday afternoon, the score being 5 to 4 in Medford's favor, a splendid score for early season work. The game was remarkably fast for a first game, only a few cases of Charley horse resulting. A return game to be played soon in Medford is being arranged.
Among the veterans in the local ranks was Gill, Rader, and Burgess. For Central Point McIntyre and Curly Wilson worked. Curly is considering an offer to manage the Central Point team this season which means that Central Point will break into the fastest ball played in the valley.

The Return of Blood Eruptions

No Reason Why Anyone Should Suffer With Such a Disheartening Experience.

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will, sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored epitchiae, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven in hundreds and hundreds of cases all over the country. You will find S. S. S. for sale in all drug stores at \$1.00 per bottle. Write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga., for private medical advice and a very instructive book on all blood diseases, sent free, sealed in plain wrapper.

YAQUIS BUTCHER SONORANS TAKEN IN NAGO BATTLE

DOUGLAS, Ariz., March 17.—Tales of terrible cruelties and wholesale execution of prisoners of war by Yaqui Indians under General Ojeda, who defeated the Sonora constitutionalists at Nago Saturday, were told here today by survivors of the battle and the retreat.
According to stories circulated at Agua Prieta, opposite Douglas, fifty rebels were wantonly butchered when they fell into the hands of the battle crazed Indians. Stragglers during the retreat were pursued and shot down and a dozen captives inhumanely tortured before being put to death, it was alleged.
Colonel Elias Calles, who commanded the vanquished Sonorans, declared that thirty-five of his men were executed at one time during the retreat, and that practically every prisoner taken by the Yaquis was killed.

GRAND JURY HAS MUCH WORK AHEAD

The grand jury reassembled at Jacksonville today and from present indications there will be a great deal of work for them during the week. Many matters are to be probed and a score or more of indictments will in all probability be returned.
The ordinary criminal cases will be disposed of first.
District Attorney Kelly announces that there are several matters he wishes to call to the attention of the grand jury but he refuses to divulge the nature of them.

TRAFFIC IN FLESH AND BLOOD

It has been said that hard work for a weak, sickly woman is traffic in flesh and blood. It makes little difference whether the field of work is at home or elsewhere; but if every woman in the world who goes about her work with backache, headache, nervousness, bearing down pains and the blues, would remember that Lydia E. Pinkham's Vegetable Compound remedies the cause of such troubles, work would become a pleasure and life worth living.
