

INCREASE IN PAY AVERTS THREATENED TELEPHONE STRIKE

SAN FRANCISCO, March 18.—The controversy between the Pacific District Council of Electrical Workers and the Pacific States Telephone company over the questions of a wage increase has been settled and all danger of a strike is now averted. The vote of the forty-one locals representing about 2500 men of Oregon, Washington, California, Idaho, Nevada and Arizona, was canvassed at the San Francisco headquarters last night and the result announced today showed that a considerable majority of the electrical workers favored acceptance of the company's offer of a daily wage increase of twenty-five cents, in lieu of the fifty cent increase demanded.

This action was largely influenced by the fact that the company agreed to include five more crafts in the agreement which otherwise would not have received a salary increase. These five are the rackmen, powermen, battery men, testboard men, repeater men, and cable splicers' helpers. They all will receive a raise of twenty-five cents a day.

The eight crafts listed in the old agreement which are in line for the increase are the linemen, cablesplacers, switchboard men, installers, cabletesters, repairmen, troublemen and inspectors. All of these except the cablesplacers will receive \$4 per day over the old wage of \$3.75 per day. The cable splicers who formerly received \$4.50 per day will now get \$4.75. It is also understood that every other person working for the corporation, whether in the capacity of a clerk or otherwise, will receive the twenty-five cent increase.

The new agreement dates from January 19, 1913 and will be in force until January 1, 1914. All electrical workers who come under it, except repeater men, will receive back pay from January 1 up to the present time. The agreement becomes operative on and after April 1.

PRISON CHAPLAIN CONFESSES GRAFT

SAN QUENTIN, Cal., March 18.—Confession that he collected \$1500 graft money from prisoners in the state penitentiary here, upon representation that he would use his influence to secure the pardon or parole, is on file today by Rev. William J. Call, chaplain of the prison. Following the confession Call was haled before the state prison commission and discharged from his office.

Call's confession and discharge followed a charge by a convict that he had given him \$65, with instruction to pay a San Francisco attorney and return the change. The convict declared he never heard of the coin again. Confronted by many like charges, Call finally broke down.

In his confession the chaplain declared he could not support his family of seven children on his salary of \$100 a month, and was therefore forced to obtain more money through graft in the prison.

PATIENTS DIE WHILE RED TAPE UNWINDS

SEATTLE, March 18.—A wire from Dr. Chas. S. Noble of Seattle, who is in New York investigating the Friedmann tuberculosis cure for Seattle and Tacoma papers says that many sufferers who rushed to New York are dying, while Friedmann is prohibited from even giving them his alleged cure, owing to red tape regulations.

However, many of these victims are doomed, Dr. Noble thinks, even though the Friedmann cure is all he claims it to be. The Berlin physician does not claim he can cure patients in the third stages of the disease.

COSTS COUPLE \$63 A MONTH TO LIVE IN LOS ANGELES

LOS ANGELES, March 18.—No couple can live comfortably in Los Angeles for less than \$63 a month, according to a sample budget submitted to the Los Angeles industrial commission by B. P. Butterfield, a bookkeeper, who urges the commission to institute an inquiry into the high cost of living here.

Butterfield's sample budget for a month includes 25 cents for face powder and 20 cents for "having photo taken."

ELOPERS MUST TELL STORY OF SHAME IN COURT

SACRAMENTO, Cal., March 18.—With the transfer of the cases of Maury L. Diggs and Drew Caminetti from the county court of Sacramento to the federal court on charges of violation of the Mann white slave law, comes a new complication today.

Maewha Warrington and Lola Norris, the society girls with whom the two young married men eloped, and with whom they were caught in Reno, will now have to tell the whole story of their shame in open court. Had Diggs and Caminetti been tried under the state law for wife desertion and contributing to the dependency of their minor children, the girls would have been spared the humiliation of public confession. Their own cases, the charge of being delinquent minors, are before the local juvenile court, and the girls are at liberty under \$1,000 bonds.

Diggs and Caminetti today are still in the county jail, awaiting the arrival of federal deputies with warrants for their removal to Stockton, where they will be arraigned before a United States commissioner. The deputies were expected about noon. The two men have declined offers of bail, preferring to remain in jail rather than face public indignation. They are frankly afraid of violence at the hands of the fathers of the two girls whose lives they have ruined.

Neither Miss Warrington or her girl friend has left their homes since their return Saturday night.

SPRAY CALENDARS ARE USED AS TEXT BOOKS

The spray calendars issued by the local pathologist's office are now being used as text books. The following letter to Prof. O'Gara from S. B. Dotter, head of the department of entomology, University of Nevada, is one of many being received:

"I have been much interested in your spray calendar for 1913 and would like to know if you can spare me a few copies. I would like to use them in a class of entomology. They condense more useful information clearly stated in smaller compass than in any similar circular I have seen for a long time."

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
